HEALTHIER TOGETHER

SCPS EMPLOYEE BENEFITS & WELLNESS DEPARTMENT

MESSAGE FROM THE SUPERINTENDENT

Dear SCPS Employees,

Thank you for your continued dedication to our students and colleagues as we continue our journey to provide a high-quality education for all of our students. You are the staff members who make sure our students arrive and return home safely, who provide students with exciting, engaging instruction, who serve nutritious food and snacks, who work with our parents and community members, always with a smile, and who ensure our students and teachers are in safe learning environments.

In order for each of us to continue to do this amazing work, it is important that we take care of ourselves and our families. The School Board and I are committed to support our employees' health and wellness and in order to do so, it is important for you to understand the benefits that are provided to you. We are committed to making sure you are fully informed when choosing your 2024 benefit plan.

The first step in maintaining your health is to consider scheduling a physical with your Primary Care Physician. Many of our own employees have shared that by having their annual physical, potentially long-term health issues have been addressed and in some cases remediated. We are here for you and want to help you stay physically and mentally healthy.

Thank you again for all you do, for taking good care of yourself and others and best wishes for a happy and healthy 2024.

Respectfully,

Serita D. Beamon

General Claims and Benefit Information

When contacting any of the companies above, it is important to have the insurance card or ID number(s) of the subscriber for the coverage you are calling about as well as any appropriate paperwork, such as an explanation of benefits, a denial letter, receipts, etc. For benefit questions, claim issues, and general inquiries, you may contact **407-320-0095**. 3

This booklet is intended for illustration and informational purposes only. The plan documents, insurance certificates and policies will serve as the governing documents to determine plan eligibility, benefits and payments. In the case of conflict between the information in this booklet and the official plan documents, the plan documents will always govern.

KEY THINGS TO KNOW

The purpose of this guide is to give you a brief overview of our benefit programs. Refer to the summary plan documents located at www.scps.us/Retirees for additional details. In all instances, the plan documents will govern.

Annual enrollment election dates will be **October 30, 2023 through November 10, 2023** for the coverage period of **January 1, 2024 through December 31, 2024**.

MEDICAL BENEFIT OPTIONS

- We've teamed up with UnitedHealthcare to offer several Medicare Supplement Plans that offer not only great coverage but a cost effective premium compared to the active plans. In most cases, these plans are more advantageous to the Medicare-eligible retiree. Prescription coverage is also included in these plans with its own formulary and copay/coinsurance.
- If you are Medicare eligible (typically 65 years or older), you may continue the current plans or choose one of the UnitedHealthcare plans.
- If you are not Medicare eligible, you may continue the current plans outlined on **page 14-15**.

ALTERNATIVE MEDICAL COVERAGE

Not yet eligible for Medicare coverage but need help finding alternatives to the District plans? Primary Care Access Network, a 501 (c)(3) non-profit organization, provides Navigators to help guide you through the Health Insurance Marketplace application and inform you if you are eligible for:

- Qualified Health Plans which are private health insurance plans. Some plans include dental coverage. In other cases, separate dental plans are available.
- Financial assistance based on household size and income. Most people who apply will qualify for lower costs.
- Florida Kidcare, CHIP or Medicaid.
- For assistance call: **1-877-564-5031** or visit **www.CoveringCFL.net**.

TOBACCO SURCHARGE

You are required to attest whether or not you are a tobacco user. If you fail to attest, your monthly premium will increase. If you are staying on the SCPS medical plans and you want to avoid this \$500 surcharge, you must complete and return the tobacco affidavit included in your enrollment package. Eligible retirees who use tobacco products as defined in the Board Policy below will have an annual surcharge of \$500.

For the purpose of this policy, "tobacco" is defined to include any lighted or unlighted cigarette, cigar, pipe, bidi, clove cigarette, cigarillo, hookah or any other smoking product, and any smokeless tobacco also known as dip, chew, snuff, snus, orbs, strips, sticks or any other

products developed in the future that contains tobacco/ nicotine or a combination of the two, and any/all products commonly referred to as electronic cigarettes or e-cigs including but not limited to like products with name brands such as v2cigs, Vaporzone, Premium Vapes, Bull Smoke, halo cigs, Whitecloud, Green Smoke, South Beach Smoke, Firedbrand, Vapor 4 Life, Smoke Stik, Eversmoke, Blu Cigs, etc.

If you are a tobacco user, you can avoid the surcharge by completing an approved tobacco cessation program and submitting your course completion document to the SCPS Employee Benefits and Wellness Department. Cessation courses can be found on **www.scps.us/Retirees**.

ELIGIBILITY & ENROLLMENT

ELIGIBILITY

We are pleased to offer retirees health and supplemental benefits that are designed to protect you and your family.

For retirees who are not Medicare eligible and would like to make changes to your current coverage, you must complete the 2024 annual enrollment form that includes the Deduction Authorization Form included in your packet.

For retirees that are Medicare eligible, you may access retiree information online at scps.us/Retirees. Here you will find the presentation from UnitedHealthcare which further details their plans, how to enroll, and how to deduct your premiums from the Florida Retirement System (FRS).

DEPENDENT ELIGIBILITY

Your dependents may also be covered under the benefit plans as described below.

Benefits	Legal Spouse	Legally Dependent Children
Medical/Rx	<input checked="" type="checkbox"/>	Up to age 26/30*

*In the state of Florida dependent medical coverage is available up to age 30 if the dependent is unmarried without dependents of their own, a Florida resident (or a full-time student) and has no medical insurance as a named subscriber, insured enrollee, or covered person under any other group, blanket, or franchise health insurance policy or individual health benefits plan; or is entitled to benefits under Title XVII (Medicare) of the Social Security Act.

Benefits for a Dependent child or student will continue until the last day of the calendar year in which the limiting age is reached. Benefits for dependent children who are permanently disabled are eligible to remain on the plan (proof of child's condition may be required).

You will be required to provide proof of dependent eligibility for medical coverage in the form of:

- Child - Copy of Birth Certificate & Social Security Card
- Spouse - Copy of Marriage Certificate and Social Security Card

The following may be required, if applicable:

- Your most recent Federal Income Tax Return
- Court Order specifying your responsibility to provide "group health care coverage" to your dependent children, if applicable

Most of our plans are deducted on a pre-tax basis to save you money. Unless you experience a qualifying event, you cannot make changes to your benefits until the next annual enrollment period. Here are a few examples of a qualifying event:

- Marriage
- Divorce or legal separation
- Birth or adoption
- Death of a dependent
- Change in your spouse's employment
- Gain or Loss of coverage by a dependent
- Leave of absence (or return from leave)

It is the retiree's responsibility to notify the Employee Benefits and Wellness Department within 30 days of the qualifying event with your request to change your benefits, or you will be required to wait until the next annual open enrollment period.

COBRA CONTINUATION OF COVERAGE

When you or any of your dependents no longer meet the eligibility requirements for a health plan, you may be eligible for continued coverage as required by the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1986.

NEW RETIREE

IF YOU RETIRE AT THE END OF THE SCHOOL YEAR

If you retire at the end of the school year, and work until the end of your contract, the Board-paid medical insurance for you and/or your dependents will continue until June 30th. Please contact your Benefits Specialist at 407-320-0095 if you have any questions.

NEW RETIREE

IF YOU RETIRE DURING THE SCHOOL YEAR

Pension Plan Participants

Your Board-paid benefits will continue until the date you retire. Any medical or life insurance premiums continued through SCPS must be deducted from FRS, and are due prior to the month of coverage per contract language. In those instances where funds are not available through FRS, you will receive an invoice from the Employee Benefits and Wellness Department.

Investment Plan Participants

You will have the option to continue coverage through our Cobra Provider. In order to continue coverage for a medical or life plan through SCPS as a retiree, you must take a distribution within 4 months of your termination date to be considered "officially retired." Life insurance will be offered through "Direct Billing" with our provider at the monthly cost outlined in the Cost of Coverage section in this guidebook, with an additional monthly fee of \$4.00. You must coordinate your elections upon official retirement with the Employee Benefits and Wellness Department to continue benefits as a retiree. Failure to continue benefits through the provider waives your right to continue benefits as a retiree.

MEDICARE AND YOUR DISTRICT BENEFITS

Retirees who are Medicare eligible (typically 65 years of age and older) must enroll in both Medicare Part A and Part B. Medicare is considered your primary insurance even if you remain enrolled in a District medical plan. This means any medical expenses you incur must first be processed and paid by Medicare. Please be sure to let your doctor's office know you have Medicare and coverage under a District plan so there can be a coordination of benefits. This will also allow claims tracking towards your wellness incentives. If you have any questions regarding the district plans, please call the Employee Benefits and Wellness Department for assistance.

MEDICARE PART A AND B EXPLAINED

Most individuals automatically qualify for Medicare Part A when they turn 65 due to meeting the eligibility requirements of having worked 40 quarters throughout their lifetime.

Medicare Part B, on the other hand, is an optional benefit that you must sign up for. If you fail to elect Part B when first eligible, you will be subject to a penalty in the form of a higher monthly premium when you join later. The penalty can be significant, so it is important that you enroll in Part B as soon as you are eligible.

Part B has a monthly premium, which is required to maintain Medicare Part B status. The monthly premium for Medicare Part B in **2023 was \$164.90. The 2024 Part B premiums will be \$174.70.**

This monthly Part B premium is in addition to the plan's monthly premium and is typically taken out of your Social Security check automatically.

MEDICARE - ELIGIBLE RETIREE

MEDICARE ELIGIBLE RETIREES

The School Board of Seminole County will continue offering additional health and prescription retirement plans to you. These plans will consist of Medicare Supplement plans as well as a Medicare Part D Drug Plan.

With UnitedHealthcare, as long as your providers accept Medicare, you can continue to see them. Also, the Medicare Part D plan offered does not include the traditional "doughnut hole" that most Medicare Part D plans include. These plans offer a significant savings over the High Deductible Health Plan with HSA, HDHP with HRA, Local Buy-up plan, and the Open Access Buy up plan. UnitedHealthcare plans are outlined on pages 14-15.

Keep in mind, just like the other plans offered, in order to enroll into a Medicare Supplement Plan, you will need to have both Medicare Parts A and B.

MEDICARE - ELIGIBLE RETIREE

MEDICARE COORDINATION

Cigna will pay as the Secondary Plan to Medicare Part A and B regardless if the person is actually enrolled in Medicare Part A and/or Part B as permitted by the Social Security Act of 1965 as follows:

- (A) A former Employee such as a retiree, a former Disabled Employee, a former Employee's Dependent, who is also eligible for Medicare and whose insurance is continued for any reason as provided in this plan (including COBRA continuation);
- (B) An Employee, a former Employee, an Employee's Dependent, or former Employee's Dependent, who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months.

It is your responsibility to enroll in Part A & B.

AM I ENROLLED IN PART B?

If you are unsure if you have Medicare Part B, you can look at your Medicare Card and it will have a start date for Part B if you enrolled.

If you need to sign up for Medicare Part B, please contact **Social Security at 1-800-772-1213** or by visiting **www.ssa.gov** and request that your Medicare Part B start January 1, 2024.

SUPPLEMENTAL INSURANCE PLANS

WHAT IS A MEDICARE SUPPLEMENT PLAN?

As you may already know, Medicare is a government medical plan for those individuals that qualify, either by age or due to a disability; however, Medicare does not pay for everything. In fact, Medicare only covers about 80% of your Medicare Part B medical expenses. Medicare also has Part A and Part B deductibles that you may have to pay when you use services.

Medicare supplement plans exist to fill the "gaps" in Original Medicare. Depending on the Medicare supplement plan you choose, the plan may cover the costs not typically paid by Medicare, including deductibles and coinsurance amounts. You may choose to purchase an AARP® Medicare Supplement Insurance Plan, insured by UnitedHealthcare Insurance Company.

PARTS OF MEDICARE

PART A	PART B	PART D
(Hospital Coverage) Helps cover inpatient hospital care, including skilled nursing facility stays and hospice care. You are responsible for deductibles and coinsurance.	(Medical Coverage) Helps to cover doctor visits and outpatient care, such as lab tests. You are responsible for paying the Part B premium, coinsurance and yearly deductible.	(Prescription Drugs) This separate and optional insurance may help lower your prescription drug costs offered by private insurers that contract with the Centers for Medicare and Medicaid Services.

SUPPLEMENTAL INSURANCE PLANS

Plan Features

- A choice of plans to meet your needs and budget now and in the future.
- You're able to keep your own doctor without network restrictions, as long as they accept Medicare patients.
- Coverage goes with you when you travel within the U.S.
- You are guaranteed coverage for life. (Rates subject to change).
- You may visit any specialist who accepts Medicare patients. Referrals are not required.

WHAT IS A MEDICARE PART D PLAN?

In 2006, Medicare introduced Medicare Prescription Part D Plans which allowed private companies to offer prescription drug coverage to Medicare retirees.

A Part D plan works very similar to your existing coverage. You can provide your Medicare Part D card to your pharmacy starting January 1, 2024 to process your prescriptions.

In order to sign up for a Medicare Part D Plan you must be enrolled in Medicare Part A and/or Part B. Just remember, if you wish to enroll into a Medicare Supplement plan you must have Parts A and B.

New for 2024, SCPS will have a new Pharmacy Benefit Manager. MagellanRx will take the place of the Cigna pharmacy program. Please see information below.

MagellanRx	Up to 34 Day Supply	90-Day Supply (Home Delivery + Retail)
Tier 1 - Mostly Generic	\$7 copay + difference**	\$14 copay + difference**
Tier 2 - Preferred Brand (some generics)	\$40 copay + difference**	\$80 copay+ difference**
Tier 3 - Non-Preferred Brands	\$80 copay + difference**	\$160 copay + difference**
Specialty* - Requires Prior Authorization	\$100 copay**	N/A

* Limited to 30 day supply

****For the High Deductible Health Plans (HDHP), the deductible must typically be met before the plan shares costs and the only exceptions are noted. For both the HDHP with SureFit HSA, and the HDHP with HRA plans, a generic drug list which may offer free generic medications for maintenance of certain conditions is included to help you maintain your good health.**

Notes:

1. Medications in drug classes commonly available over the counter are not typically covered under the plan. Classes include, but are not limited to, Proton Pump Inhibitors and Allergy medications.
2. If choosing a Brand medication instead of the Generic equivalent, regardless if the script states "Dispense as Written", the member will be responsible for the difference in cost between the Generic equivalent medication and the Brand medication.
3. Certain medications require Prior Authorization and have Quantity Limits.
4. There may be some slight tier changes, your copayment may go up or down if your specific drug changes tiers.
5. NEW for 2024! PaydHealth-Specialty Medication program. This patient assistance program seeks drug manufacturers funding for specialty medications.

Member using certain specialty medications will be required to engage with PaydHealth as they will assist you with navigating the program.

LAB FACILITIES

We highly recommend that for lab work, you go to an In-Network independent lab to minimize your expenses and save you time. If your doctor's office sends your lab work out, you run the risk of it being sent to an Out-of-Network facility. If that happens, you will be responsible for the entire bill which can be significant! If you use a hospital lab facility on an outpatient basis, the cost to our plan is exorbitant.

Help us help you by using your In-Network Lab Facilities:

Medicare Supplement Insurance Plans

Because Medicare doesn't cover everything.

Medicare Parts A and B cover a significant amount of health care expenses, but they don't cover everything. There are certain costs, such as deductibles and coinsurance, which may need to be paid out-of-pocket.

How a Medicare supplement plan may help.

One way to help cover some of these expenses is with a Medicare supplement health insurance plan. These plans are sold by private companies and may help with some of the expenses that you would otherwise have to pay out-of-pocket.

Choose the plan to meet your needs.

You may choose to purchase an AARP® Medicare Supplement Insurance Plan, insured by UnitedHealthcare Insurance Company ("UnitedHealthcare"). There are typically [8] plans in most states (plans vary in MA, MN and WI).

How Medicare supplement insurance works with Medicare Parts A & B.

Help pay some of the out-of-pocket medical expenses not paid by Medicare Parts A and B.

To learn more about the plans available to you, an AARP Medicare Supplement Plan Decision Guide will be mailed to you.

MEDICAL BENEFITS

CIGNA

Effective January 1, 2024, you will have 4 medical plans to choose from. Of the available plans, 3 of the 4 will continue to offer the same networks as the current plan year, which includes Orlando Health, Advent Health, and HCA. The new High Deductible Health Plan (HDHP) with SureFit will be an Advent Health ONLY network plan.

New for 2024, we will be replacing the Dependent Value Plan with the new HDHP with SureFit HSA.

MEDICAL BENEFITS

CIGNA

In addition to the HDHP's, we offer 2 Buy-Up plans. Our current OAP Buy-Up will continue to offer a larger, national network, and LocalPlus Buy-Up plan will utilize the same network (Local Plus). The benefits on both Buy-Up plans are almost identical. The major differences in the Local Plus Buy-Up and OAP Buy-Up are the networks and the cost.

FREQUENTLY ASKED QUESTIONS

1. How do I know if my provider participates in the SureFit Network?

Log onto www.cigna.com and select "Find a doctor". Select employer or school, enter address, city or zip code of your provider. Select doctor by type, doctor by name or health facility. On the Login/Register screen, select Continue as guest. On the "Please select a plan screen", click Continue for a list of available plans. On the next page, select Cigna SureFit with Advent Health |Orlando.

2. Will I be able to use the Wellness Center (onsite clinic) at the Transportation Compound if I am enrolled in the HDHP SureFit HSA plan?

No, the onsite clinic is not in the SureFit network (SureFit network utilizes Advent Health providers only). You will not be able to seek preventive or acute care services at the onsite clinic.

3. Will I have to select a Primary Care Provider (PCP) at enrollment in the HDHP SureFit HSA plan?

Yes. You and your covered dependent(s) are required to select PCPs. The PCP's name will be printed on your ID card. Each individual can select their own PCP. For example, the retiree can choose a pediatrician for a child and an internist for themselves. If you do not select a PCP, one will automatically be assigned to you. However, you can change this selection at any time. This means you can use a network-participating PCP other than the one shown on your ID card and receive the same level of coverage.

4. Will my dependents (if enrolled) and I receive a new ID card once we enroll in the HDHP SureFit HSA plan?

Yes. Since each enrolled dependent will have their own ID number, each will receive their own ID card. For example, if two adults and three children in a family are enrolled in the plan, there will be a total of five ID cards for the family.

5. What is the difference between the HDHP SureFit HSA and HDHP with HRA plans?

Several, the biggest difference is the HDHP with HRA will have copayments for Tier 1 Primary Care, Tier 1 Specialists, MD Live Virtual Care visits, Mental Health/Substance Use and \$0 for Acute care at the Wellness Center (clinic). The SureFit plan does not have copayments for these services.

The HDHP SureFit allows you to contribute tax free funds into a Health Savings Account. The HDHP with HRA is funded by the district, employees cannot contribute to a Health Reimbursement Arrangement (HRA). Details on this can be found in the Comparison document on the Insider site.

6. What happens to my HSA if I am currently enrolled in the current HDHP HSA and I switch to the HDHP with HRA for 2024?

You can keep your funds in your HSA, however, you will not be able to contribute to this account if you enroll in the HDHP with HRA plan. You can use the funds remaining in your HSA for qualified medical, dental or vision expenses, as long as you are enrolled in one of the SCPS HDHP's.

7. Can I enroll in the Dependent Value HDHP for 2024?

No, if you are currently enrolled in the Dependent Value HDHP, you should consider the HDHP Surefit plan for the lowest dependent payroll deductions. If you are not interested in enrolling in this plan, you will need to elect another plan during annual enrollment.

8. What happens if I fail to make my annual enrollment selections by the deadline?

You will be automatically enrolled in the appropriate HDHP and charged the Tobacco surcharge since you would not have completed the tobacco attestation form. You will lose all other benefits, as they do not roll from year to year. It is important to note that this cannot be corrected until the next annual enrollment or if you have a qualified life event.

9. Are there any changes to the Prescription Drug Plans?

Yes, there are changes for prescriptions on all four (4) medical plans. We will no longer have Cigna as our Prescription Drug provider. As of 1/1/24 Magellan Rx will provide this coverage.

The drug formulary, benefits, and network will be similar to the Cigna program. It is important to note that your specific drug may change tiers with the new pharmacy program, so your copayment could go up or down IF the drug changed tiers. As always, there may be other drugs available at the lower tier. We will have a new Patient Assistance program (replaces Cigna Savon SP). The program is called PaydHealth, they seek drug manufactures funding for Specialty medications. Employees are required to provide family financial information. This program is automatically included with our pharmacy program, you do not need to enroll separately.

10. What is a formulary and where can I find the formulary lookup tool?

A formulary is a list of brand and generic drugs covered by your pharmacy benefits. If you take a generic drug or a preferred brand drug, your copay may be less than you would pay for a non-preferred drug. Ask your doctor to prescribe generic or preferred brand drugs to help you save money. You are using the Accord Formulary. With our formulary lookup tool, you can:

- Look up a drug
- Find out which tier the drug is on
- Learn about specific requirements (like prior authorization) and coverage limits.

Visit magellanrx.com/member/documents to view formulary documents. You can access the formulary without logging into the member portal. If you need additional assistance, please contact customer service at 833.544.4515.

11. How do I contact customer service for Magellan Rx?

If you have questions about your pharmacy benefits, call customer service at 833.544.4515. Support is available 24 hours a day, 7 days a week. They will only be able to provide minimal information prior to the 1/1/24 effective date.

BE A GOOD CONSUMER

MYCIGNA.COM DOWNLOAD THE APP!

1. Use the MyCigna Mobile App - and save.
The MyCigna Mobile App can direct you to low cost options to save your money.

2. Look for the Cigna Care Designation.
You may improve your care when you choose a Cigna Care Designation doctor or a Centers of Excellence hospital. Look for these designations in the online directory.

3. Get preventive care. Checkups, immunizations and screenings help detect or prevent serious diseases.

4. Virtual Care. Feeling sick? Consider using Virtual Care, which provides 24/7/365 access to a doctor through the convenience of phone or video consultations.

5. Convenience Care Clinic. You'll get quick access to quality, cost-effective medical care. You can find convenience care clinics in grocery stores, pharmacies and other retail stores. A convenience care clinician can treat you for: Rashes, Earaches, Minor burns and other routine medical conditions.

Average convenience care clinic cost:* \$70
Average ER cost:* \$2,259

6. Urgent Care Center. If your medical need isn't life threatening and you can't get an appointment with your doctor, consider an urgent care center instead of the emergency room (ER). An urgent care center provides quality care like an ER, but can save you thousands of dollars.

Average urgent care center cost:* \$176
Average hospital ER cost:* \$2,259

7. Consider Independent Radiology Centers.
If you need a CT scan or MRI, you could save hundreds of dollars by going to an independent radiology center.

	CT	MRI
Average radiology center costs:*	\$501	\$810
Average outpatient hospital costs:*	\$1,460	\$1,770

8. Never go out of network. The Cigna network is large and nationwide. Our plans do not cover out of network care for non-life threatening conditions.

HEALTH SAVINGS ACCOUNT (HSA)

WHAT IS A HEALTH SAVINGS ACCOUNT?

A Health Savings Account (HSA) is an individual bank account established in your name in which you can deposit and spend pre-tax dollars for eligible health care expenses. The funds contributed to an account are not subject to federal income tax at the time of deposit. By IRS Regulation, you are eligible for an HSA if you elect the High Deductible Health Plan with SureFit* and you have no other non-qualified medical coverage.

ADDING FUNDS

Once your HSA is established, you may elect to deposit additional money into your HSA bank account. The IRS sets the annual dollar maximum that can be contributed to an HSA. People who are age 55 or older can make additional catch-up contributions, as defined below.

Once you turn age 65, you can no longer contribute funds into your HSA.

HSA Maximum 2024 Contribution Limits	
Retiree Only	\$4,150
Retiree + Dependents	\$8,300
55 + Catch-Up to age 65	\$1,000

CIGNA makes it easy for you to manage and access your HSA plan whenever you need. Simply log in online to www.myCigna.com or download the myCigna mobile app.

* **If you are currently enrolled in Medicare, Tricare, or any other non-qualified plan, you are NOT eligible for an HSA.**

USING HSA FUNDS

Once your HSA has been established, a new debit card will be mailed to your home address from HSA Bank. You can use this debit card to pay for health care expenses or you may pay out-of-pocket and reimburse yourself by transferring funds from your HSA to your

checking or savings account. If you use your HSA money for ineligible expenses, you will pay a 20% penalty plus income tax on the amount withdrawn. Once you turn age 65, you may use your HSA funds for any expense, medical or not, but you will pay income taxes on those non-medical expenses.

To view the full list of eligible expenses, visit www.irs.gov/publications Publication 502.

Note: It is your responsibility to familiarize yourself with IRS regulations on HSAs and maintain records of all transactions pertaining to your HSA for IRS audit purposes.

HEALTH SAVINGS ACCOUNT FEE

HSA Bank helps you understand all of the fees associated with your Health Savings Account. For details regarding these fees and the general terms and conditions that apply to your HSA, see the Deposit Account Agreement and Disclosures for Health Savings Accounts included in your Welcome Kit.

HSA INVESTMENT ACCOUNT

If you have a minimum balance of \$1,000, you have the option to invest in mutual funds. Your investment application can be completed through the online portal. Visit www.myCigna.com

HEALTH REIMBURSEMENT ARRANGEMENT (HRA)

The HRA is an employer only contribution account available to Retirees who are enrolled in the HDHP with HRA plan. This account is also setup for Retirees who are enrolled in the HDHP with SureFit HSA plan, and have other non-qualified medical coverage, such as Medicare, Tricare or a spouse's employer group health plan and meet the 5 wellness incentive activities under the SCPS Strive for 5 wellness program. Your Strive for 5 wellness incentive will be rewarded into your HRA. The funds in the account will roll over from plan year to plan year. However, if you have a separation of service, retire, or switch plans, the remaining funds in the HRA will be forfeited. You have 90 days to file a claim upon separation or change of medical plans.

Money from your HRA can be used to pay for eligible medical, pharmacy, dental and vision covered expenses until funds are exhausted. CIGNA makes it easy for you to manage and access your HRA plan. Simply log in online to www.myCigna.com or download the myCigna mobile app.

	Health Savings Account (HSA)	Health Reimbursement Arrangement (HRA)
Who owns the account?	SCPS Retiree	SCPS
Eligible individual?	SCPS Retirees covered by the HDHP with SureFit HSA. Individuals are not eligible if they can be claimed as a dependent on another person's tax return or if they are enrolled in Medicare.	SCPS Retirees enrolled in the HDHP with HRA.
Who may fund the account?	If a retiree meets the wellness program criteria, SCPS provides \$750 into the retiree's HSA account. The retiree may also contribute pre-tax dollars through payroll deductions.	If a retiree meets the wellness program criteria, SCPS provides \$750 into the retiree's HRA. Retirees cannot contribute to the HRA.

WELLNESS PROGRAM

THE 2024 WELLNESS INCENTIVE

As a retiree of SCPS, you are entitled to the same benefits as an active employee regarding incentive opportunities that promote wellness. Each year, the opportunity to earn incentives is based on activities that will help you stay engaged and promote health awareness.

You should have successfully completed the Strive for Five Wellness Incentives between August 1, 2022 and July 31, 2023. If you completed your gatekeeper goal and earned five wellness incentive points, you will receive an incentive that either:

1. Contributes up to \$750 into a Health Savings Account or Health Reimbursement Account if you are enrolled in one of the High Deductible Health Plans.

OR

2. Reduces the premiums in the Open Access and Local Plus Buy-Up Plans up to \$750 a year.

UNDERSTAND YOUR GATEKEEPER GOALS

1. Complete the lab work ordered through your Primary Care Physician at LabCorp or Quest.
2. Complete the Cigna Health Assessment found on **www.myCigna.com**.
3. The Gatekeeper Goals are a required step in order to earn the \$750 incentive. While you can complete the other activities before you do your Gatekeeper Goals, your earned points will not show up on the Cigna Portal. All earned points will be released to you once the Gatekeeper Goals are completed.

LOOKING AHEAD - WELLNESS ACTIVITIES FOR 2025

Now is the time to work on achieving your wellness activities for the next plan year (2025). The window to complete your 2024 Wellness Activities is August 1, 2023 through July 31, 2024. The activities are built to encourage you to engage in a healthy lifestyle throughout the year. Take time to read the activities that have been posted throughout the district and on the next page of your 2024 Benefits Guide. Start your wellness activities now!

Please make it a priority to schedule your annual physical with your Primary Care Physician and complete your annual lab work. Points toward your annual incentive goal WILL NOT be released until you complete this step AND you complete your health assessment on **myCigna.com**.

KNOW YOUR NUMBERS

Knowing your numbers for key biometric measurements is very important because the wellness activities are a combination of preventive care and an outcome-based points system.

Outcome-based programs have pre-established health values for important health activities that prevent health risks like: heart disease, stroke, diabetes, cancer and other health conditions. This is a great step toward making us accountable for our own health and health care decisions. It is intended to identify past, current and potential medical problems. Understanding your health values from the past few years of participating in the wellness program will make you aware of your health in order to take advantage of the resources to improve your numbers.

Note: Wellness Screening forms can be found on pages 25-30.

Reasonable Accommodation(s):

The School Board prohibits discrimination against any employee or applicant based upon his/her disability. As such, the Board will not engage in employment practices or adopt policies that discriminate on the basis of disability, or otherwise discriminate against qualified individuals with disabilities in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment.

Seminole County Public Schools Educational Equity - Notice of Nondiscrimination

Any form of discrimination or harassment can be devastating to an individual's academic progress, social relationship and/or personal sense of self-worth. As such, the School Board will not discriminate nor tolerate harassment in its educational programs or activities on the basis of race, color, national origin, sex (including sexual orientation, gender status, or gender identity), disability (including HIV, AIDS, or sickle cell trait), pregnancy, marital status, age (except as authorized by law), religion, military status, ancestry, or genetic information, which are classes protected by State and/or Federal law (collectively, "protected classes").

The Board also does not discriminate on the basis of protected classes in its employment policies and practices as they relate to students. Equal educational opportunities shall be available to all students, without regard to the protected classes, age (unless age is a factor necessary to the normal operation or the achievement of any legitimate objective of the program/activity), place of residence within the boundaries of the District, or social or economic background, to learn through the curriculum offered in this District. Educational programs shall be designed to meet the varying needs of all students.
