District School Board of Seminole County 400 E. Lake Mary Blvd. Sanford, FL 32773-7127

Dear Chairman, School Board Members, and Citizens of Seminole County:

State law requires that all local governments publish, after the close of each fiscal year, a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP), and audited in accordance with auditing standards generally accepted in the United States of America. Pursuant to this requirement, we hereby issue the Comprehensive Annual Financial Report (CAFR) of the District School Board of Seminole County, Florida (District) for the fiscal year ended June 30, 2011.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management. we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Florida Auditor General has audited the District's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2011, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded that there was a reasonable basis for rendering an unqualified opinion that the District's

basic financial statements for the fiscal year ended June 30, 2011, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and the United States Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. Information related to this single audit, including the schedule of expenditures of federal awards, findings and questioned costs, summary of prior audit findings, and the independent auditor's reports on the system of internal control and on compliance with applicable requirements, are included in the single audit section.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the independent auditor's report.

This accompanying report includes all funds of the District, The Seminole School Board Leasing Corporation, Inc. (Leasing Corporation), The Foundation for Seminole County Public Schools, Inc. (Foundation), and Choices in Learning, Inc. (Charter School), which comprise the reporting entity. The Leasing Corporation was formed by the School Board to be the lessor in connection with financing the acquisition and/or construction of certain educational facilities. The Foundation is a separate not-for-profit corporation organized and operated as a direct-support organization. The Foundation's purpose is exclusively educational and charitable for the constituents of Seminole County. The Charter School is a public school operating under performance contract with the School Board. The Foundation and the Charter School are included as discretely presented component units.

Profile of the Government

The District and its governing board were created pursuant to Section 4, Article IX of the Constitution of the State of Florida. The District is an independent taxing and reporting entity managed, controlled, operated, administered, and supervised by District school officials in accordance with Chapter 1001, Florida Statutes. The Board consists of five elected officials responsible for the adoption of policies, which govern the operation of District public schools. The appointed Superintendent of Schools (Superintendent) is the executive officer of the Board and is responsible for the administration and management of the schools within the applicable parameters of Florida Statutes, State Board of Education Rules, and School Board policies. The Superintendent is also specifically delegated the responsibility of maintaining a uniform system of records and accounts in the District by Section 1010.01, Florida Statutes, as prescribed by the State Board of Education.

The geographic boundaries of the District are those of Seminole County. During the 2010-11 fiscal year, the District operated 61 K-12 schools, including 37 elementary schools, 12 middle schools, 9 high schools, and 3 speciality schools. In addition, the District sponsors a charter school that is a component unit, and a charter school that is not a component unit of the District.

The District receives the majority of its operating funds through a State funding formula that is intended to equalize funding received from the State and local property tax between districts within the State. Charter schools operating through a contract with the District are provided with their proportionate share of these funds, based upon the number of full-time equivalent students enrolled at the charter school. In the 2010-11 fiscal year, the District provided general, special, vocational, and other educational programs to 63,904 unweighted full-time equivalent students. The projected enrollment, for the 2011-12 fiscal year, is 63,388 unweighted full-time equivalent students. The average age of the schools within the District is approximately 12.3 years. The District has entered into a contract for an additional charter school for the 2011-12 fiscal year.

Economic Condition and Outlook

Seminole County is part of the Orlando Metropolitan Statistical Area (MSA) along with Orange, Osceola and Lake Counties. According to the 2010 Metro Orlando Economic Development Commission (the Commission), Metro Orlando currently has a population of 2.10 million people and is projected to be 2.25 million in 2015. The Commission also promotes Seminole County as being a hotbed for high tech and other "upscale" industry growth directly on the "I-4 corridor" (an area that roughly runs from St. Petersburg and Tampa to Lakeland and Orlando to Lake Mary, Sanford, and Daytona Beach).

The population of Seminole County has increased 27 percent (77,675) from 1990 to 2000 and is projected to reach 445,700 by 2015. The age distribution in the County differs significantly with the State. Florida, at 17.6 percent, has a larger proportion of persons 65 years and older than the nation. Although this age group has shown some proportional increase in the County, the 2000 U.S. Census places the 65 and older age group at 11.2 percent of the County's population.

With a business climate that has fostered quality development, the County has become home to a plethora of equally dynamic corporations. Industry growth in the County has taken several forms. Most notable is the establishment of corporate headquarters, such as the American Automobile Association (AAA), Mitsubishi Power Systems, Scholastic Book Fairs, and Sears Home Improvement Products, as well, as the emergence of many high tech companies, including Convergys, Faro Technologies, CuraScripts, Team Information System, and Kinetics. On-going expansion at the Orlando Sanford International Airport (OSIA), coupled with the State largest foreign trade zone designation, has helped OSIA become the third most active international airport in Florida and the 12th most active in the United States.

The District recognizes that the continued enhancement of the local economy is of mutual benefit to both the District and the County and that an excellent system of public education is a significant factor in attracting new business and industry to the County. The District remains Seminole County's largest employer, employing in the general fund 6,779 full and part-time employees, including 4,363 classroom teachers.

Long-Term Financial Planning

The District follows procedures established by Florida Statutes and the State Board of Education rules in establishing and adopting annual budgets for each of the governmental fund types. Budgets are prepared using the same modified accrual basis as is used to account for governmental funds. Appropriations are controlled at the object level (e.g. salaries, benefits, and purchased services) within each function activity (e.g. instruction, pupil personnel services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.

Unassigned fund balance in the general fund (7.1 percent of total general fund expenditures) exceeds the District policy of 4 percent of recurring expenditures. During the initial planning for the budget, the District each year sets aside 4 percent of its revenues in order to ensure compliance with this policy.

The District is currently in the final year of a ten year interlocal agreement with Seminole County Board of Commissioners (County) to share one quarter of a one cent voter approved sale tax. The County has decided not to seek voter approval to extend this sales tax. The District decided to seek voter approval in November 2010 for a half-cent sales tax for school construction, remodeling and renovation projects, effective January 1, 2012. The referendum was not approved by the citizens on the November 2nd ballot.

Major Initiatives

<u>Class Size Reduction Amendment.</u> In November 2002, the voters of Florida amended the State Constitution to limit class size. By the beginning of the 2010-11 fiscal year, the amendment established the maximum number of students in core-curricula courses assigned to a teacher in each of the following three grade groupings: (1) pre-kindergarten through grade 3, 18 students; (2) grades 4 through 8, 22 students; and (3) grades 9 through 12; 25 students.

For the 2010-11 fiscal year, the District continued its efforts to meet the constitutional maximums for the three grade groupings at classroom-level. Based on the annual review by the Florida Department of Education, the District complied with constitutional maximums at all schools and classrooms.

<u>Capital Outlay Program.</u> During the current fiscal year, the District completed several construction projects totaling \$10,722,491. These projects included a special need center and transportation garage.

Over the next fiscal year, the District expects to complete major construction and renovation projects at a high school.

Accomplishments

One of the ways to judge a school district is to compare the results of its students on national and statewide testing and the accomplishments of its staff. The District believes that its students and staff have performed remarkably well based on various tests and accomplishments as noted below.

Schools throughout Florida are held accountable and receive school grades based on the results of the Florida Comprehensive Assessment Test (FCAT). The 2010-11 fiscal year marks the 12th year of this accountability program and Seminole County Public Schools (SCPS) continued its tradition of excellence. SCPS is rated as an "A" district by the Florida Department of Education.

Over 70 percent of Seminole County's schools have historically received a grade of 'A'. Excluding the 3 speciality schools which do not receive a grade, this fiscal year 41 schools received a grade of 'A' (83.7 percent), 4 received a grade of 'B', and 4 received a grade of 'C'. Due to the change in the method of rating, none of the 9 high schools has been rated as of this date for 2010-11 fiscal year. For the 2009-10 fiscal year, 5 high schools received a grade of "A" and 4 received a grade of "B". SCPS continues to be near the top in the State in overall FCAT scores in reading (4th), writing (6th), mathematic (3rd) and science (6th) for the 2010-11 fiscal year.

All high schools are ranked in the top 3 percent of the nation by *Newsweek* magazine.

Nearly 47 percent of SCPS teachers have earned Master's degrees or higher.

Seminole County Public Schools have 266 teachers that have successfully completed the rigorous and time-intensive program of the National Board of Professional Teaching Standards. To achieve the highly esteemed National Certification, teachers are required to provide a portfolio of information regarding teaching styles, examples of work performed by students, and successfully pass an examination. Teachers who gain this certification are provided incentives including certification and mentoring bonuses.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting and the Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to the District for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2010. This was the 10th year the District has received these prestigious awards. In order to be awarded the Certificate of Achievement for Excellence in Financial Reporting and the Certificate of Excellence in Financial Reporting, the District must publish an easily readable and efficiently organized CAFR.

The Certificate of Achievement and Certificate of Excellence are valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement and the Certificate of Excellence program requirements and we are submitting it to the GFOA and ASBO to determine its eligibility for another certificate. This report also satisfied both GAAP and applicable legal requirements.

The preparation and completion of this Report on a timely basis was made possible by the dedicated service of the entire staff of the Finance department and in coordination with the audit staff of the Florida Auditor General. Each member of the department and the audit staff has our sincere appreciation for the contributions made in the preparation of this report.

In closing, we would like to thank the members of the School Board for their leadership and support in planning and conducting the financial operations of the District.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Seminole County District School Board, as of and for the fiscal year ended June 30, 2011, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of District management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the school internal funds, which represent 12 percent of the assets and 28 percent of the liabilities of the aggregate remaining fund information. In addition, we did not audit the financial statements of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as they relate to the amounts included for the school internal funds and the aggregate discretely presented component units, are based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information for the Seminole County District School Board as of June 30, 2011, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the general fund and

major special revenue fund for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report on our consideration of the Seminole County District School Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that MANAGEMENT'S DISCUSSION AND ANALYSIS AND SCHEDULE OF FUNDING PROGRESS - OTHER POSTEMPLOYMENT BENEFIT'S PLAN, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, the combining and individual fund financial statements and schedules, and the statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Also, the accompanying **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS** is presented for purposes of additional analysis as required by the United States Office of Management and Budget *Circular A-133*, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The combining and individual fund financial statements and

schedules and **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS** have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the reports of other auditors, the combining and individual fund financial statements and schedules, and **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The introductory section and the statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Respectfully submitted,

David W. Martin, CPA November 2, 2011

Audit Report No. 2012-025

Management's Discussion and Analysis

As management of the District School Board of Seminole County, Florida, (the District), we offer readers of the District's financial statements this Management's Discussion and Analysis (MD&A) of the financial activities of the District for the fiscal year ended June 30, 2011. We encourage readers to consider the information presented here in conjunction with our financial statements found on pages 43 to 97 and other exhibits and schedules on pages 99 to 163 with additional information that we have furnished in our letter of transmittal and other district information which can be found on pages 3 to 15 of this report.

Financial Highlights

Key financial highlights for the 2010-11 fiscal year are as follows:

- The assets of the District exceeded its liabilities at June 30, 2011 by \$609,218,724. Of this amount, \$20,262,750 may be used to meet the government's ongoing obligations to citizens and creditors.
- The District's total net assets increased by \$1,172,841, or 0.2 percent.
- ➤ Program revenues were \$104,414,455 or 18.3 percent, while general revenues, including transfers, accounted for \$466,691,633 or 81.7 percent of total revenues for the governmental activities.
- At June 30, 2011, the District's governmental funds reported combined fund balances of \$108,002,572, an increase of \$3,686,676 over the prior fiscal year.
- At June 30, 2011, the unassigned fund balance for the General Fund was \$29,989,612 or 7.1 percent of total General Fund expenditures. The unassigned fund balance is available for spending at the District's discretion.
- The District's total bonded debt (Bonds Payable and Certificates of Participation) decreased by \$13,315,000 or 5.5 percent during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the District's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities provides information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in the future fiscal periods (e.g., uncollected taxes and earned but unused vacation and sick leave).

Both of the government-wide financial statements distinguish activities of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the District include such functions as instruction, pupil personnel services, administration, pupil transportation, maintenance, and other items. The District's only business-type activity is the Extended Day Program.

The government-wide financial statements include not only the District (known as the primary government), but also a charter school and The Foundation for Seminole County Public Schools, Inc., for which the District is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government. The Seminole School Board Leasing Corporation, Inc., (Leasing Corporation), although legally separate, was formed to facilitate financing for the acquisition of facilities and equipment. Due to a substantive economic relationship between the District and Leasing Corporation, the Leasing Corporation has been included as an integral part of the primary government.

The government-wide financial statements can be found on pages 43 - 45 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be put into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and

changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains 12 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and each major fund. One special revenues fund, one debt service fund and one capital projects fund are considered to be major funds. Data from the other 8 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements on pages 106 – 111 of this report.

The District has adopted Governmental Accounting Standard Board (GASB) Statement 54, Fund Balance Reporting and Governmental Fund Type Definitions. This reporting standard establishes a hierarchy for fund balance classifications and the constraints imposed on the uses of those resources.

The District adopts annual budgets for its General Fund and Special Revenue Fund – Federal Economic Stimulus Program Fund. Budgetary comparison statements have been provided for the General Fund and Special Revenue Fund – Federal Economic Stimulus Program Fund on pages 54 - 57 to demonstrate compliance with these budgets.

The basic governmental fund financial statements can be found on pages 46 - 57 of this report.

Proprietary Funds. The District maintains two different types of proprietary funds. The enterprise fund is used to report the same functions as business-type activities in the government-wide financial statements. The District uses the enterprise fund to account for its Extended Day (before and after school child care) Program. Internal service funds are an accounting device used to accumulate and allocate cost internally among the District's various functions. The District uses internal service funds to account for its self-insurance programs, print shop, and computer store. Because these services predominantly benefit governmental rather than business-type functions, they have been included within the governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Extended Day Program. Comparative statements are on pages 152 – 154. Since the Extended Day Program is the only enterprise fund, it is considered to be a major fund of the District. Conversely, the four internal service funds are combined in a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements on pages 156 – 158 of this report. The basic proprietary fund financial statements can be found on pages 58 - 60 of this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. The District only has agency funds that are classified as fiduciary funds. Fiduciary funds are not reflected in the government-wide financial statements, because the resources of those funds are not available to support the

District's own programs.

The Statement of Fiduciary Assets and Liabilities can be found on page 61.

Notes to the Basic Financial Statements. The notes provide additional information that is essential to fully understand the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 63 - 97 of this report.

Other Required Supplementary Information. In addition to this management's discussion and analysis, this report also presents certain required supplementary information concerning the District's progress in funding its obligations to provide postemployment benefits other than pensions to its employees. The schedule of funding progress, other postemployment benefits plan, required supplementary information can be found on page 99 of this report.

Combining and Individual Fund Statements and Schedules. The combining statements referred to earlier in connection with non-major governmental funds and internal service funds are presented immediately following the Required Supplementary Information – Schedule of Funding Progress – Other Postemployment Benefits Plan. Combining and individual fund statements and other schedules can be found on pages 106 - 163 of this report.

Government-Wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the District, assets exceed liabilities by \$609,218,724 at June 30, 2011.

By far, the largest portion of the District's net assets, \$540,961,441 (88.8 percent) reflects its investment in capital assets (e.g., land; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures and equipment; motor vehicles; audio-visual materials; and computer software), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to house and educate the students of Seminole County, Florida; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net assets, \$47,994,533 (7.9 percent), represents resources that are subject to external restrictions on how they may be used. The remaining net assets, \$20,262,750 (3.3 percent), are unrestricted assets. Unrestricted net assets may be used to meet the District's ongoing obligations to citizens and creditors. At the end of the current fiscal year, the District reported positive balances in all categories of net assets, both for the District as a whole, as well as for its separate governmental and business-type activities.

There was an increase of \$5,382,218 in restricted net assets reported in connection with the District's government-wide financial activities. This increase was primarily the result of the receipt of construction funds over expenses, totaling \$6,427,273 that will be spent in future fiscal years by the District. In addition, the District's Food Service program provided an increase in net assets of \$2,287,690. These increases were offset by plan spend downs in the State Required Carryover Programs of \$3,080,533 (mainly in the purchase of textbooks) and a \$252,212 decrease in debt service reserves. The increase of \$9,753,308 in government-wide unrestricted net assets was due primarily to the use of \$13,328,674 Federal Education Jobs funds to pay for salary and benefits for employees normally paid from unrestricted assets. These funds will be used in the 2011-12 fiscal year to offset funding shortfalls from the State. The other major item affecting unrestricted net assets is the amortization of other post employment benefits resulting in a net reduction of unrestricted net assets of \$2,330,674. The remaining decrease of \$1,244,692 was due to expenses outpacing the revenues for the fiscal year. Further explanations are provided under governmental activities below.

The following is a summary of the District's net assets as of June 30, 2010, compared to net assets as of June 30, 2011:

District School Board of Seminole County, Florida's Net Assets
As of June 30, 2010 and June 30, 2011
(amounts expressed in thousands)

Total Net Assets	\$	607,659	\$	608,966	\$	387	\$	253	\$	608,046	\$	609,219

The government-wide net assets increased by \$1,172,841 during the current fiscal year. This increase is explained further under governmental and business activities below.

Governmental Activities. Governmental activities increased the District's net assets by \$1,307,419, thereby accounting for 111.5 percent of the total growth in the net assets of the District. Key elements of the growth are as follows:

- ➤ An increase of \$9,887,886 in unrestricted net assets was due partially:
 - to the use of \$13,328,674 Federal Education Jobs funds to pay for salary and benefits for employees normally paid from unrestricted net assets. This would increase unrestricted net assets. These funds will be used in the 2011-12 fiscal year to offset funding shortfalls from the State;
 - long-term liabilities increased by \$894,394 due to a decrease of \$933,916 in Compensated Absences, a decrease of \$502,364 in Estimated Insurance Claims Payable, and an increase in Other Postemployment Benefits Payable of \$2,330,674 resulting in a decrease in unrestricted net assets; and.
 - the remaining decrease in unrestricted net assets of \$2,546,394 was the result of normal operations.
- ➤ The capital projects (construction) revenues received during the current fiscal year are disbursed on construction projects and other capital assets that will be capitalized and expensed in future fiscal years through depreciation. If these funds are not disbursed at year-end, they are reported as current assets and restricted net assets. As a result, Investments in Capital Assets, Net of Related Debt, decreased by \$13,962,685 and Restricted Net Assets for Capital Projects increased by \$6,427,273 from the previous fiscal year.
- ➤ Restricted Net Assets for Food Service Programs increased by \$2,287,690, while other restricted programs decreased by \$3,332,745. These changes were due to normal operations.

Business-Type Activities. Business-type activities decreased the District's net assets by \$134,578, thereby accounting for a reduction of 11.5 percent of the total growth in the net assets of the District. Key elements of this decline are as follows.

Charges for services for business-type activities and other income decreased by 0.2 percent, while combined expenses and transfers out decreased by 0.3 percent. The key elements of the changes in the District's net assets for the fiscal years ended June 30, 2010, and June 30, 2011, are as follows:

District School Board of Seminole County, Florida's Operating Results and Changes in Net Assets For the Fiscal Year Ended June 30, 2010 and June 30, 2011 (amounts expressed in thousands)

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$108,002,572, an increase of \$3,686,676 in comparison with the prior fiscal year. The following schedule indicates the fund balances and the total changes in fund balances by major fund and other governmental (nonmajor) funds as reported in the basic financial statements for the fiscal years ended June 30, 2010 and June 30, 2011.

Fund Balance	2010	2011	(Increase Decrease)	Percentage Change
Major Governmental Funds:					
General Fund	\$ 56,612,695	\$ 62,868,304	\$	6,255,609	11.0%
Debt Service:					
Certificates of Participation Fund	488,258	270,897		(217,361)	-44.5%
Capital Projects:					
Section 1011.71(2), Florida Statutes					
Local Capital Improvement Fund	25,712,628	28,391,213		2,678,585	10.4%
Other Governmental Funds (nonmajor)	 21,502,315	16,472,158		(5,030,157)	-23.4%
Total Fund Balances	\$ 104,315,896	\$ 108,002,572	\$	3,686,676	3.5%

Note: Does not include Special Revenues - Federal Economic Stimulus Program Funds which report revenues to the extent of expenditures and does not maintain a fund balance.

General Fund. The General Fund is the chief operating fund of the District. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$29,989,612, while total fund balance reached \$62,868,304. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total expenditures. Unassigned fund balance represents 7.1 percent of total General Fund expenditures, while total fund balance represents 14.8 percent of that same amount.

During the current fiscal year, the total fund balance of the General Fund increased by \$6,255,609. In the previous fiscal year, the total fund balance increased by \$6,426,485. When comparing the previous fiscal year change to the current fiscal year, the net change decreased by \$170,876. Revenues and transfers totaling \$429,674,199, increased by \$1,296,111, while expenditures totaling \$423,418,590, increased by \$1,466,987.

The following schedule shows the changes in General Fund revenues and transfers in for the fiscal years ended June 30, 2010 and June 30, 2011.

General Fund Revenues and Transfers In	2010	2011		Increase (Decrease)	Percentage Change	
Federal Direct Sources:						
Reserve Officers Training Corps (ROTC)	\$ 460,845	\$ 507,134	\$	46,289	10.0%	
Federal through State Sources:						
Other Federal Through State Sources	1,782,280	1,573,169		(209,111)	-11.7%	
State Sources:						
Florida Education Finance Program (FEFP)	153,917,918	164,277,244		10,359,326	6.7%	
Other Restricted State Sources	71,773,969	74,037,232		2,263,263	3.2%	
Other State Sources	2,246,589	2,419,887		173,298	7.7%	
Local Sources:						
Ad Valorem Taxes	185,925,763	171,453,714		(14,472,049)	-7.8%	
Interest Income	1,555,931	720,247		(835,684)	-53.7%	
Other Local Sources	4,243,247	4,824,274		581,027	13.7%	
Transfers In	6,471,546	 9,861,298		3,389,752	52.4%	
Total General Fund Revenues and Transfers In	\$ 428,378,088	\$ 429,674,199	\$	1,296,111	0.3%	

During the 2010-11 fiscal year, revenues and transfers in increased by \$1,296,111 or 0.3 percent. The major impacts to funding were the reduction in the net taxable assessed value from \$30,657,197,298 to \$27,888,554,983. This reduction in the net assessed taxable value was the major cause in the reduction of \$14,472,049 in ad valorem taxes collections. These ad valorem taxes reductions were substantially offset by additional Florida Education Finance Program funds of \$10,359,326 and additional transfers of \$3,389,752 from the Capital Project funds used to cover maintenance and property insurance.

In the 2009-10 fiscal year, the State funded some of the other restricted state sources with Federal Program funds. These programs were funded in the General Fund during the 2010-11 fiscal year. Additional major items included the reductions in interest income and in Medicaid funding (Other Federal through State Sources).

The following schedule shows the changes in General Fund expenditures (by major object) for the fiscal years ended June 30, 2010 and June 30, 2011.

General Fund Expenditures (by major object)		2010		2011	(Increase Decrease)	Percentage Change
Salaries	\$	274,144,797	\$	270,865,246	\$	(3,279,551)	-1.2%

Debt Service:						
Interest and Fiscal Services		594,118	373,243		(220,875)	-37.2%
Total General Fund Expenditures	\$	421,951,603	\$ 423,418,590	\$	1,466,987	0.3%

General Fund expenditures increased by \$1,466,987 or 0.3 percent. The followings are some of the highlights:

➤ Due to the receipt of the Education Jobs Fund, \$13,328,674 of General Fund expenditures was moved to the Special Revenue Fund - Federal Economic Stimulus Program Fund. These expenditures were composed of \$10,276,055 in salaries and \$3,052,619 benefits (instruction related).

- ➤ The transfer of expenditures to the Federal Economic Stimulus Program funds was offset by a one-time salary bonus of \$4,990,534 to salaries and \$381,776 to employee benefits (mostly instruction related).
- The remaining differences in employee benefits were primarily due to increases in health insurance and retirement contributions (related to almost all functions).
- ➤ Increases in purchase services primarily involved \$979,843 in professional and technical services and \$447,959 in other purchased services (mostly related to instruction and operation of plant).
- ➤ Material and Supplies increase was the result of purchasing \$6,820,560 in textbooks which was \$815,571 more than the previous fiscal year (related to instruction).
- ➤ Capital outlay expenditures increased due to \$988,368 in the purchase and ongoing installation of a new student information system (related to other capital outlay capitalized).
- All remaining differences were operational in nature resulting in increases and decrease when comparisons are made from one year to the next (related to all functions).

Special Revenue Fund – Federal Economic Stimulus Program Fund. Special Revenue Fund – Federal Economic Stimulus Program Fund does not report fund balances because revenues are reported to the extent of expenditures. Revenues and expenditures increased by \$15,202,420 from the previous fiscal year. This increase was primarily due to new funds (Education Jobs Fund) becoming available from the Federal Government in an effort to stimulate the economy and to keep teachers employed.

Debt Service – Certificates of Participation Fund. The Debt Service – Certificates of Participation Fund has a fund balance of \$270,897, which is reserved for debt service. The decrease in fund balance during the current fiscal year was \$217,361. This decrease was the primarily the result of reductions in interest earnings and a planned spend down of fund balance.

Capital Projects – Section 1011.71(2), Florida Statutes, Local Capital Improvement Tax Fund. The fund balance, for the Capital Projects – Section 1011.71(2), Florida Statutes, Local Capital Improvement Tax Fund, increased by \$2,678,585 to \$28,391,213. This change was mainly due to timing differences between collecting funds for and expending these funds on construction projects.

Proprietary Funds. The District's business-type activities provide the same type of information found in the government-wide financial statements. The Extended Day Program's unrestricted net assets were \$252,467 at the end of the current fiscal year.

General Fund Budgetary Highlights

The following schedule shows the changes in General Fund revenues and transfers between the initial and final budgets for the fiscal year ended June 30, 2011.

General Fund Revenues and Transfers In	lı	nitial Budget	Fi	nal Budget	Increase (Decrease)	Percentage Change
Federal Direct Sources:						
Reserve Officers Training Corps (ROTC)	\$	452,661	\$	473,790	\$ 21,129	4.7%
Federal through State Sources:						
Other Federal Through State Sources		1,660,000		1,660,000	-	0.0%
State Sources:						
Florida Education Finance Program (FEFP)		162,554,778		163,039,396	484,618	0.3%
Other Restricted State Sources		72,753,869		73,705,342	951,473	1.3%
Other State Sources		1,461,898		2,196,316	734,418	50.2%
Local Sources:						
Ad Valorem Taxes		170,761,871		170,761,871	-	0.0%
Interest Income		1,000,000		1,000,000	-	0.0%
Other Local Sources		3,934,763		4,622,144	687,381	17.5%
Transfers In		9,774,100		9,861,298	 87,198	0.9%
Total General Fund Revenues and Transfers In	\$	424,353,940	\$	427,320,157	\$ 2,966,217	0.7%

Final budgeted revenues for the General Fund when compared to the initial budget were within 0.7 percent. Increases in the FEFP and other restricted state sources totaling \$1,436,091 were due to an increase in the number of full-time students. The remaining budgetary increases were operational in nature.

The following schedule shows the changes in General Fund revenues and transfers between the final budget and actual revenues for the fiscal year ended June 30, 2011.

			Variances		
General Fund Revenues and Transfers In	Final Budget	Actual Revenues	Dollars	Percentage	
Federal Direct Sources:					
Reserve Officers Training Corps (ROTC)	\$ 473,790	\$ 507,134	\$ 33,344	7.0%	
Federal through State Sources:					
Other Federal Through State Sources	1,660,000	1,573,169	(86,831)	-5.2%	
State Sources:					
Florida Education Finance Program (FEFP)	163,039,396	164,277,244	1,237,848	0.8%	
Other Restricted State Sources	73,705,342	74,037,232	331,890	0.5%	
Other State Sources	2,196,316	2,419,887	223,571	10.2%	
Local Sources:					
Ad Valorem Taxes	170,761,871	171,453,714	691,843	0.4%	
Interest Income	1,000,000	720,247	(279,753)	-28.0%	
Other Local Sources	4,622,144	4,824,274	202,130	4.4%	
Transfers In	9,861,298	9,861,298	<u> </u>	0.0%	
Total General Fund Revenues and Transfers In	\$ 427,320,157	\$ 429,674,199	\$ 2,354,042	0.6%	

Final budgeted revenues for the General Fund when compared to the actual revenues were within 0.6 percent. Increases in the FEFP and other restricted state sources funding from the State totaling \$1,569,738 were due to an increase in the actual number of full-time students over the projected number. Ad valorem taxes collections were higher by \$691,843 due to the State limits of 96 percent cap on the amount that is allowed for budgeting. Interest income projections were less by \$279,753 due to interest rates remaining lower than initially projected. The remaining items totaling \$372,214 were miscellaneous revenues over the amount budgeted.

The following schedule shows the changes in General Fund expenditures (by functions) between the initial and final budgets for the fiscal year ended June 30, 2011.

General Fund Expenditures (by			Increase	Percentage
function)	Initial Budget	Final Budget (1)	(Decrease)	Change
Current:				
Instruction	\$ 295,366,220	\$ 287,239,776	\$ (8,126,444)	-2.8%
Pupil Personnel Services	16,162,381	17,639,999	1,477,618	9.1%

Debt Service:				
Interest and Fiscal Services	372,665	373,243	578	0.2%
Total General Fund Expenditures	\$ 448,258,026	\$ 443,569,559	\$ (4,688,467)	-1.0%

⁽¹⁾ The final budget for comparison purposes does not reflect a budget transfer to report other capital outlay capitalized expenditures. These expenditures are initially budgeted as current expenditures and are transferred when capitalized expenditures are reported.

The final budgeted expenditures by functions were within 1.0 percent of the initial budget. One major difference was due to the receipt of the Education Jobs Fund, \$13,328,674 in the Special Revenue Fund – Federal Economic Stimulus Program Fund. A like amount of reductions were made in the General Fund to account for the 256 teaching positions transferred to the Special Revenue Fund – Federal Economic Stimulus Program Fund. Another major change between functions involved the budgeting of salaries and benefits using a lapse factor of 98.5 percent to account for vacant and unfilled positions throughout the year. By using a lapse factor on all functions, an adjustment is required to budgeted salaries and benefits at the end of each year. Worker's compensation was initially budgeted in operation of plant and then allocated to other functions based on actual results. This allocation moved \$3,310,420 from operation of plant to other functions.

The following schedule shows the changes in General Fund expenditures (by functions) between the final budget and actual for the fiscal year ended June 30, 2011.

General Fund Expenditures			Variar	nces
(by function)	Final Budget	Actual	Dollars	Percentage

Total General Fund Expenditures	\$ 443,569,559	\$ 423,418,590	\$ (20,150,969)	-4.5%

The final expenditures by functions were within 4.5 percent of the final budget. Overall the expenditures were under budget by \$20,150,969. Included in this balance were unexpended budgets for schools totaling \$2,738,043, earmarked projects of \$6,196,762 and encumbrances of \$2,341,461 that are carryover to the next fiscal year. The remaining balance of \$8,874,703 composed of unexpended budget amounts for utilities of \$1,525,421, savings in unemployment compensation of \$869,350, salaries and benefits savings of \$1,304,728, and other operational items totaling \$5,175,204.

Capital Assets and Debt Administration

Capital Assets. The District's investment in capital assets for the governmental activities as of June 30, 2011 amounts to \$770,843,078 (net of accumulated depreciation). This investment in capital assets includes land; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures and equipment; motor vehicles; audio-visual materials; and computer software. The total decrease in the District's investment in capital assets (net of accumulated depreciation) for the current fiscal year was \$17,787,920 or 2.3 percent.

Major capital asset events during the current fiscal year included the following:

- > The completion of a special education school.
- ➤ The completion of a transportation center.
- > The continuation of a fourth phase of additions at a high school.
- The purchase and ongoing installation of a new student information system.

The following is a summary of the District's capital assets as of June 30, 2010, and June 30, 2011:

District School Board of Seminole County, Florida Schedule of Capital Assets (net of accumulated depreciation)

	Governmental Activities				
	June 30, 2010	June 30, 2011			
Land	\$ 50,932,754	\$ 50,932,754			
Construction in Progress	14,254,425	15,339,406			
Improvements Other Than Buildings	2,457,572	2,519,660			
Buildings and Fixed Equipment	691,806,558	677,130,556			
Furniture, Fixtures, and Equipment	16,059,468	13,684,576			
Motor Vehicles	13,019,220	11,165,472			
Audio-Visual Materials	2,834	845			
Computer Software	98,167	69,809			
Total Capital Assets	\$ 788,630,998	\$ 770,843,078			

Additional information on the District's capital assets can be found in note III C on pages 78 – 79 of this report.

Long-Term Debt. The following is a summary of the District's long-term bonded debt as of June 30, 2010, and June 30, 2011:

District School Board of Seminole County, Florida Schedule of Outstanding Long-Term Bonded Debt

	Governmental Activities			
	June 30, 2010	June 30, 2011		
State School (SBE) Bonds Certificates of Participation	\$ 17,880,000 225,540,000	\$ 17,065,000 213,040,000		
Total Outstanding Long-Term Bonded Debt	\$ 243,420,000	\$ 230,105,000		

During the current fiscal year, the District received ratings of Aa-3 from Moody's and AA-on its Certificates of Participation from Standard & Poor's and Fitch. Although the District does not have any outstanding general obligation bonds, the District general obligation underlining ratings continued to be Aa-2 from Moody's and AA on its Certificates of Participation from Standard & Poor's and Fitch.

Additional information on the District's long-term debt can be found in notes III E – III H on pages 80 - 84 of this report.

Economic Factors and New Year's Budgets and Rates

During the current fiscal year, the fund balance in the General Fund increased by \$6,255,609 to \$62,868,304. Included in this total amount are \$1,299,578 in inventories reported as nonspendable, \$4,426,685 in State Required Carryover Programs funds reported as restricted, and \$2,341,461 in encumbrances reported as assigned. These items are re-appropriated in the budget for the 2011-12 fiscal year. In addition, the District has appropriated \$24,810,968 in unassigned fund balance for spending in the 2011-12 fiscal year. As a result, this amount was moved from unassigned to assigned fund balance at June 30, 2011. It is anticipated that this use of unassigned fund balance will be partially replenished at year-end through unspent appropriations and operating fund tax revenues in excess of the budgeted 96 percent of the taxable assessed valuation. It is anticipated that the fund balance at June 30, 2012, will be in excess of the Board required 4 percent (of the recurring expenditure budget).

The Legislature provided the Board with a decrease in formula funding of \$670 (or a negative 9.9% in per student funding) for the 2011-12 fiscal year.

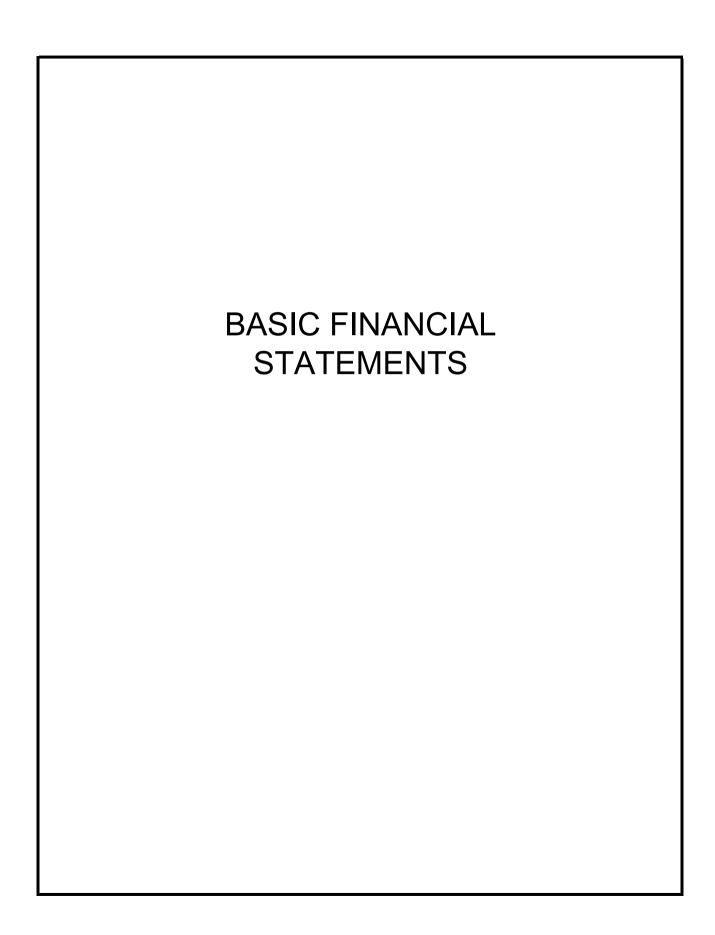

The revenue reductions, along with the necessity of covering unavoidable cost increases for items such as diesel fuel, health insurance and maintenance resulted in a budget deficit of \$19,943,350 for the 2011-12 fiscal year. This deficit was covered with new year budget reductions totaling \$3,000,344 and a portion of the carryover fund balance which was made available through the use of \$13,328,674 from the Education Jobs Fund and assigned fund balance in the amount of \$3,614,332.

Requests for Information

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Director of Finance, Seminole County Public Schools, 400 East Lake Mary Boulevard, Sanford, Florida 32773-7127.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The District School Board has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The District School Board of Seminole County, Florida (District) is considered part of the Florida system of public education.

The governing body of the District is the School Board of Seminole County, Florida (Board) that is composed of five elected members. The appointed Superintendent of Schools (Superintendent) is the executive officer of the School Board. Geographic boundaries of the District correspond with those of Seminole County.

B. Component Units

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) Codification of Governmental Accounting and Financial Reporting Standards, Sections 2100 and 2600. The application of these criteria provides for identification of any entities for which the District School Board is financially accountable and other organizations that the nature and significance of their relationship with the School Board are such that exclusion would cause the District's basic financial statements to be misleading or incomplete.

Based on the application of these criteria, the following component units are included within the District School Board's reporting entity:

- ▶ Blended Component Unit. The Seminole School Board Leasing Corporation, Inc., (Leasing Corporation) was formed to facilitate financing for the acquisition of facilities and equipment as further discussed in Note III E on pages 80 to 82. The governing board of the Leasing Corporation is the District School Board. Due to the substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are included in the accompanying basic financial statements. Separate financial statements for the Leasing Corporation are not published.
- <u>Discretely Presented Component Units</u>. The component units' columns in the basic financial statements include the financial data of the District's other component units.

The Foundation for Seminole County Public Schools, Inc. (Foundation) is a not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to raise funds; receive, hold, invest, and administer property; and to make expenditures for the benefit of the District. Section 1001.453, Florida Statutes, requires the Foundation to be authorized and approved by the District. The stated mission of the Foundation is to enhance the quality of education in Seminole County Public Schools through raising and

distributing funds and in-kind contributions, fostering involvement in the public schools by business and the community, and by providing recognition and rewards for outstanding contributions to and performance within the public school system. The Foundation is considered to be a component unit of the District, because the District must approve all members of the Foundation Board and the District has the ability to impose its will on the Foundation. It is considered to be a discretely presented component, because the two boards are not the same and the Foundation does not provide services entirely or nearly entirely to the District.

Choices in Learning, Inc., (Charter School), is a separate not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes. This charter school operates under a charter approved by its sponsor, the Board. UCP Seminole Child Development Center Charter School is organized under an existing not-for-profit corporation and is considered to be a component unit of the not-for-profit corporation.

Audits of the Charter School's financial statements and the Foundation's financial statements, for the fiscal year ended June 30, 2011, are conducted by independent certified public accountants and are filed in the District's administrative office at 400 East Lake Mary Boulevard, Sanford, Florida.

C. <u>Basis of Presentation - Government-wide Financial Statements</u>

<u>Government-wide Financial Statements</u> - Government-wide financial statements, i.e., the statement of net assets and statement of activities, present information about the School District as a whole. These statements do not include the fiduciary financial activity of the District and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on charges for services.

Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The District does not have any major component units.

Government—wide financial statements are prepared using the economic resources measurement focus. The statement of activities presents a comparison between direct expense and program revenues for each function or program of the District's governmental activities and for each segment of the business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation or amortized expenses are allocated to functions/programs of the primary government. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues, with certain exceptions. The comparison of direct expenses with program revenues

identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

The effects of interfund balances and activities have been eliminated from the government-wide financial statements, except for transfers between governmental activities and business-type activities. The only interfund transactions, other than transfers between the governmental and business activities, were the transactions involving the internal service funds. These transactions were eliminated by allocating the change in net assets of internal service funds in direct proportion as they were charged as expenses to the various functions/programs.

D. <u>Basis of Presentation - Fund Financial Statements</u>

<u>Fund Financial Statements</u> - Fund financial statements report detailed information about the District in the governmental, proprietary, and fiduciary funds. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is reported in a separate column. Non-major funds are aggregated and reported in a single column. Because the focus of governmental fund financial statements differs from the focus of government-wide financial statements, reconciliations are presented with each of the governmental fund financial statements.

The District reports the following major governmental funds:

- General Fund to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes. The General Fund is the District's primary operating fund.
- Special Revenue Fund Federal Economic Stimulus Program Fund to account for proceeds received through the various State Fiscal Stabilization Funds, Targeted American Recovery and Reinvestment Act (ARRA) Stimulus (Title 1 and IDEA) Funds, ARRA Race to the Top, Other ARRA Stimulus Funds, and the Education Jobs Fund.
- Debt Service Fund Certificates of Participation Fund to account for the accumulation of resources for, and the payment of, debt principal, interest, and related costs on the long-term certificates of participation.
- Capital Projects Fund Section 1011.71(2), Florida Statutes, Local Capital Improvement Tax Fund to account for the funds generated by the local capital improvement tax levy to be used for educational capital outlay needs, including new construction, renovation and remodeling projects, and debt service payments on certificates of participation.

The District reports the following major proprietary fund:

➤ Enterprise Fund — Extended Day Program Fund - to account for the financial resources of the District's Extended Day Program. This program provides before and after school care to students.

Additionally, the District reports the following fund types:

- ➤ <u>Internal Service Funds</u> to account for the District's individual self-insurance programs, print shop, and computer store.
- Agency Funds to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, and resources of the school internal funds, which are used to administer moneys collected at schools in connection with student and club activities.

E. <u>Measurement Focus, Basis of Accounting, and Financial Statement Presentation</u>

Basis of accounting refers to when revenues and expenditures, or expenses, are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are prepared using the economic resource measurement focus and the accrual basis of accounting, as are the proprietary funds financial statements, which include enterprise and internal service funds. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year that they are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in that all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements, which include the general, special revenue, debt service, and capital projects funds, are prepared using the current financial resource measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred. The principal exceptions to this general rule are unmatured principal and interest on general long-term debt, accumulated sick and vacation pay, and other postemployment benefits which are recorded when payments are due. Allocations of cost, such as depreciation or amortization, are not recognized in governmental funds.

Revenues can be classified into two kinds of transactions: (a) exchange and exchange-like transactions, in which each party receives and gives up essentially equal value and (b) non-exchange transactions, in which a government gives (or receives) value without directly receiving (or giving) equal value in exchange. Revenue resulting from exchange transactions is recorded on the accrual basis when the exchange takes place.

Revenues resulting from non-exchange transactions are further classified into (a) derived tax revenues, (b) imposed non-exchange revenues, (c) government-mandated non-exchange transactions, and (d) voluntary non-exchange transactions. Derived tax revenues (e.g. sales taxes) are recorded when the exchange transaction occurs. Imposed non-exchange transactions (e.g. property taxes) are recorded when use of the resource is required or first permitted by time requirements (for example, for property taxes, the period for which they are

levied). Government-mandated and voluntary non-exchange transactions, (e.g. Federal mandates, grants, and donations) are recorded when all eligibility requirements have been met.

When applying the susceptible to accrual concept under the modified accrual basis, resources also should be available in order to be accrued. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers property and sales taxes to be available if they are collected within 60 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made.

Agency (fiduciary) Funds are purely custodial in nature (assets equal liabilities) and as such do not have a measurement focus. Agency Funds use the accrual basis of accounting to recognize receivables and payables.

Private-sector standards of accounting and financial reporting issued by the Financial Accounting Standards Board (FASB) prior to December 1, 1989, generally are followed in both the government-wide and proprietary funds financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board (GASB). In an effort to codify the FASB private-sector standards of accounting and financial reporting, GASB has issued Statement 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements (GASB 62). The requirements of GASB 62 are for financial statement period beginning after December 15, 2011. The District has elected to early implement GASB 62. This early implementation resulted in no reporting changes to the presentation of the current or prior fiscal year financial statements.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations. The principal operating revenues of the District's enterprise fund and internal service funds are charges for sales and services and premiums charged to the District and employees under various insurance programs. The principal operating expenses for the enterprise fund and the internal service funds include salary and benefits, cost of sales and services, claims, and premiums for excess coverage. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use in nongovernmental funds, it is the District's policy to use restricted resources first, and then unrestricted resources as they are needed. When restricted, assigned and unassigned resources in the governmental funds are available for use, it is the District's policy to use restricted resources first, assigned resources second, and then unassigned resources as they are needed.

The Foundation and the Charter School are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

F. Assets, Liabilities, and Fund Balances

• Deposits and Investments

All deposits are insured by federal depository insurance and/or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes. For the enterprise and internal service funds, the statements of cash flows consider cash as those funds deposited in demand deposit accounts and consider cash equivalents as those amounts invested in money market funds.

Investments consist of amounts placed with the State Board of Administration (SBA) in a debt service account and those made locally. Investments made locally consist of money market funds, commercial paper, Washington State bonds, United States Treasury securities and obligations of the United States Government Sponsored Agencies and are reported at fair value. Types and amounts of investments held at fiscal year-end are described in a subsequent note on investments.

• Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are reported as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statement as internal balances.

• Inventories

Inventories consist of expendable supplies held for consumption in the course of District operations. The supply and maintenance inventories are valued using a weighted average cost. The print shop inventory is valued at last invoice price that approximates the first-in, first-out basis. Transportation and food service inventories are stated at cost on the first-in, first-out basis. United States Department of Agriculture donated foods are stated at fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Service, Bureau of Food Distribution. The costs of inventories are recorded as expenditures when used rather than purchased.

• Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net assets, but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those having an estimated useful life of more than one year and

costing more than \$750 for furniture, fixtures and equipment; motor vehicles; audio-visual materials; and computer software; and \$25,000 for improvements other than buildings; buildings and fixed equipment; and construction in progress. Such assets are recorded at historical cost or estimated historical cost. Donated assets are recorded at fair value at the date of donation. All land purchases are included in capital assets regardless of cost.

The costs of normal maintenance and repairs that do not add to the values of the assets or materially extend assets lives are not capitalized. Interest costs incurred during construction of capital assets are not considered material and are not capitalized as part of the cost of construction.

Capital assets of the primary government, excluding land and construction in progress, are depreciated or amortized using the straight-line method over the following estimated useful lives:

<u>Description</u>	Estimated Lives
Improvements Other than Buildings	15 years
Buildings and Fixed Equipment	10 – 40 years
Furniture, Fixtures and Equipment	6 years
Motor Vehicles	10 years
Audio-Visual Materials and Computer Software	5 years

Current-year information relative to changes in capital assets is described in a subsequent note.

• Long-Term Liabilities

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized, using a straight-line method over the term of the related debt.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due. Governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued and premiums are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Changes in long-term debt for the current year are reported in a subsequent note.

• Compensated Absences

The criteria for determining compensated absences (i.e., paid absences for employee vacation and sick leave benefit) liability are derived from Board policy, negotiated agreements, and state law. Vacation benefits are accrued as a liability as the benefits are earned if the employee's right to receive compensation is attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vesting method. The liability is based on the sick leave accumulated at year-end by those employees who are currently eligible to receive termination payments and those employees for whom it is probable they will become eligible to receive termination benefits in the future. Compensated absences include applicable salary related payments for Social Security, Medicare, and retirement contributions.

In the government-wide financial statements, compensated absences are accrued as liabilities to the extent that it is probable that the benefits will result in termination payments. A liability is reported for compensated absences in the governmental fund financial statements only if they have matured (i.e., unused reimbursable leave still outstanding following an employee's resignation or retirement).

Changes in compensated absences for the current year are reported in a subsequent note.

• Governmental Funds - Fund Balances

Governmental Accounting Standards Board (GASB) has issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions (GASB 54) to provide a more structured classification of fund balance and to improve the usefulness of fund balance reporting to the users of the District's financial statements. The reporting standard establishes a hierarchy for fund balance classifications and the constraints imposed on the uses of those resources.

The District does not have a policy regarding the commitment or assignment of fund balances. As such, the District does not report any committed fund balance. In accordance with GASB 54, the District reports in the General Fund amounts for outstanding encumbrances and the amount of the fund balance needed to eliminate expected expenditures over expected revenues in the subsequent year budget as assigned fund balance of the General Fund.

A schedule showing the breakdown of the fund balance for the governmental funds is presented in a subsequent note.

G. Revenues

• State Revenue Sources

Revenues from State sources for current operations are primarily from the Florida Education Finance Program administered by the Florida Department of Education (Department) under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the Department. The Department performs certain edit checks on the reported number of FTE and related data, and calculates the allocation of funds to the District. The District is permitted to amend its original reporting for a period of five months following the date of the original reporting. Such amendments may impact funding allocations for subsequent years. The Department may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. State Board of Education rules require that revenue earmarked for certain programs be expended only for the program that the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same educational programs. The Department generally requires that educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental funds financial statements for the unspent balance of educational program resources.

The State allocates gross receipt taxes, generally known as Public Education Capital Outlay money, to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the Department.

A schedule of revenue from State sources for the current year is presented in a subsequent note.

• <u>District Property Taxes</u>

The Board is authorized by State law to levy property taxes for district school operations, capital improvements, and debt service. Property taxes consist of ad valorem taxes on real and personal property within the District. The Seminole County Property Appraiser determines the real and personal property values within the District. The Seminole County Tax Collector then collects the taxes and remits them to the District.

The Board adopted the 2010 tax levy on September 14, 2010. Taxes become an enforceable lien on property as of January 1; tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become delinquent on April 1 of the year following the year of assessment. State law provides for enforcement of collection of personal

property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when the District receives taxes, except the revenue that is accrued for taxes collected by the Seminole County Tax Collector at fiscal year-end but not yet remitted to the District. Because any delinquent taxes collected after June 30 would not be material, delinquent taxes receivable are not accrued and no delinquent tax revenue deferral is recorded.

Millages and taxes levied for the current year are presented in a subsequent note.

• Federal Revenues Sources

The District receives Federal awards for the enhancement of various educational programs, including American Recovery and Reinvestment Act (ARRA) funds. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards for which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. <u>BUDGETARY COMPLIANCE AND ACCOUNTABILITY</u>

• Budgetary Information

The Board follows procedures established by State statutes and State Board of Education rules in establishing budget balances for governmental funds as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by law and State Board of Education rules.
- Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each functional activity (e.g., instruction, pupil personnel services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report. This object level is the legal level of budgetary control.
- > Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year-end and encumbrances outstanding are honored from the subsequent year's appropriations.

III. DETAIL NOTES ON ALL FUNDS

A. <u>DEPOSITS AND INVESTMENTS</u>

All cash deposits, totaling \$21,402,451 at June 30, 2011, are held in banks that qualify as public depositories under Florida law. All deposits are insured by federal depository insurance and/or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

As of June 30, 2011, the District had the following investments and maturities:

						Investmen Are Les				
Investments		Fair Value		6 months		1 Year	55 11	2 Years	3 Years	
State Board of Administration:	_									
Debt Service Account	\$	466,858	\$	466,858	\$	-	\$	-	\$	-
Money Market Funds:										
Dreyfus Governmental		20,249,334		20,249,334		-		-		-
Fidelity Treasury Portfolio		500,739		500,739		-		-		-
Fidelity Prime Money Market Portfolio		68,385,367		68,385,367		-		-		-
Vanguard Prime		25,229,345		25,229,345		-		-		-
Commercial Paper		3,078,057		3,078,057		-		-		-
Washington State Bonds		1,915,105		-		-		-		1,915,105
Obligations of United States:										
Treasury		10,401,708		-		-		9,043,833		1,357,875
Government Agencies and										
Instrumentalities	_	38,082,021	_	-		4,671,401		11,198,398	_	22,212,222
Total Investments,										
Primary Government	\$	168,308,534	\$	117,909,700	\$	4,671,401	\$	20,242,231	\$	25,485,202

Section 218.415, Florida Statutes, limits the types of investments that a District can invest in unless specifically authorized in District policy. All investments, during the fiscal year and at year-end, were authorized in District policy.

Custodial Credit Risk

District policies requires that all investments, other than investments in money market funds and the State Board of Administration, be held in the District's name in custodial and/or trustee accounts by an independent custodial bank. All investments, except for investments in money market funds and the State Board of Administration, were held in custodial accounts in the District's name by an independent custodial bank.

• Interest Rate Risk

District policies limit the length of investments to the type of investments ranging up to five years and to the extent possible investment of current operating funds to two years.

The District has \$1,830,572 in an obligation of Federal Home Loan Mortgage Corporation (Freddie Mac) that includes embedded option consisting of the option at the discretion of the issuer to call their obligation or pay a stated increase in the interest rate. This security has a call date of July 11, 2011 and matures on July 12, 2013.

As of June 30, 2011, the District had the following investments by fund and interest rate risk:

Investment Meturities

				I	nvestment Ma		es		
					Are Less Th	ian			
Investments by Fund	Fair Value	6 months			1 Year	2 Years		3 Years	
Major Governmental Funds:

Primary Government	\$ 168,308,534	\$	117,909,700	\$	4,671,401	\$	20,242,231	\$	25,485,202

• Credit Risk

District policies allow for investments in:

- ➤ Negotiable direct obligations of the United States Government, Governmental Agencies, and/or Federal Instrumentalities, including repurchase agreements, with maturities less than five years. As of June 30, 2011, the District had investments in United States Treasury Bills and Notes with a fair value of \$10,401,708 and in Obligations of the United States Government Agencies and Instrumentalities with a fair value of \$38,082,021. Obligations of the United States Government Agencies and Instrumentalities were rated "AAA" by Standard and Poor's.
- Commercial Paper of any United States company that is rated, at the time of purchase, "Prime-1" by Moody's and "A-1" by Standard & Poor's. At June 30, 2011, the District had investment of \$3,078,057 in commercial paper rated "Prime 1" by Moody's and "A-1" by Standard and Poor's.
- State and/or local government taxable and/or tax-exempt debt that are rated at least "Aa" by Moody's and "AA" by Standard & Poor's on long-term debt or "MIG-2" by Moody's and "SP-2 by Standard & Poor's on short-term debt. At June 30, 2011, the District had an investment of \$1,915,105 in Washington State bonds were rated as Aa1 and AA+ by Moody's and Standard & Poor's, respectively.
- Mutual (or money market) funds that are registered under the Federal Investment Company Act of 1940 and operate in accordance with 17 Code of Federal Regulations, Section 270.2a-7, which stipulates that money market funds must have an average weighted maturity of 60 days or less. In addition, the share value of the money market funds must equal to one dollar. As of June 30, 2011, the District had investments in Dreyfus Government Prime Money Market Fund with a fair value of \$20,249,334, in Fidelity Treasury Portfolio Class I Money Market Fund with a fair value of \$500,739, in Fidelity Prime Money Market Fund with a fair value of \$68,385,367, and in Vanguard Prime Money Market Fund with a fair value of \$25,229,345. All of these funds were in accordance with this policy. All money market funds are rated "AAA" by Standard and Poor's, except for the Vanguard Prime Money Market Fund which is not rated.
- Investments in the State Board of Administration Debt Service Account totaling \$466,858 are administered by the State Board of Education to provide for debt service payments on bonded debt issued by the State Board of Administration for the benefit of the District. The District has no formal policy for managing interest rate risk or credit risk for this account, but relies on policies developed by the State Board of Administration. Disclosures for this debt service account are included in the notes to the basic financial statements of the State of Florida's Comprehensive Annual Financial Report.

B. <u>RECEIVABLES</u>

The majority of receivables are due from other agencies. These receivables and the remaining accounts receivable are considered to be fully collectible. As such, no allowance for uncollectible accounts receivable is accrued.

The following is a schedule of due from other agencies at June 30, 2011:

General:	
United States Department of Defense:	
Junior ROTC	\$ 48,125
Florida Agency for Health Care Administration:	
Medicaid Reimbursements	481,561
Seminole County Tax Collector:	
Unremitted Property Taxes	164,853
Seminole County Clerk of the Circuit Court:	
Dori Slosberg Funds	89,448
Miscellaneous State and Local Agencies:	95,410
Special Revenues - Federal Economic Stimulus	
Program Funds:	
Florida Department of Education:	
Federal Grant Reimbursements	168,936
Capital Project Funds:	
Section 1011.71(2), Florida Statutes,	
Local Capital Improvement Tax Fund:	
Seminole County Tax Collector:	
Unremitted Property Taxes	36,663
Nonmajor Governmental Funds:	
Special Revenues Funds:	
Food Service Fund:	
Florida Department of Education:	
Meal Reimbursements	278,784
Other Contractual Programs:	
United States Department of Education:	
Federal Grant Reimbursements	124,993
Florida Department of Education:	
Federal Grant Reimbursements	2,446,537
Capital Projects Fund:	
Local Sales Tax Fund:	
Seminole County Board of County Commissioners:	
Unremitted Sales Tax Collections	100,000
Other Capital Improvement Funds:	
Seminole County Board of County Commissioners:	
Unremitted Impact Fees Collections	550,996
·	 •
Total Due From Other Agencies - Governmental Activities	\$ 4,586,306

C. CHANGES IN CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2011, is as follows:

Primary Government

	Balance 7-1-10	Additions	Deletions	Balance 6-30-11
GOVERNMENTAL ACTIVITIES				
Capital Assets Not Being Depreciated:	\$ 50,932,754	\$ -	\$ -	\$ 50,932,754

D. <u>CHANGES IN SHORT-TERM DEBT</u>

The following is a schedule of changes in short-term debt:

	Balance 7-1-10	Additions Deletions		Balance 6-30-11	
GOVERNMENTAL ACTIVITIES					
Tax Anticipation Notes	\$ 18,000,000	\$ 15,000,000	\$	18,000,000	\$ 15,000,000
Total Governmental Activities	\$ 18,000,000	\$ 15,000,000	\$	18,000,000	\$ 15,000,000

The Tax Anticipation Notes, Series 2010 with an interest rate of 2.00 percent, were issued on September 29, 2010, for \$15,000,000 and mature on September 28, 2011. The proceeds were used for the payment of operating expenses incurred in operating the District's schools for the 2010-11 fiscal year.

E. CERTIFICATES OF PARTICIPATION

The District entered into a financing arrangement on April 1, 1994, that was characterized as a lease-purchase agreement, with the Seminole School Board Leasing Corporation, Inc., whereby the District secured financing of various educational facilities and equipment in the total amount of \$309,270,000. This financing was accomplished through the issuance of Certificates of Participation, Series 1994A for \$80,230,000; Series 1994B for \$33,165,000; Series 1998A for \$76,870,000; Series 2003B for \$36,015,000; Series 2004A for \$35,020,000; Series 2006A for \$27,295,000; and Series 2009A for \$20,675,000 to be repaid from the proceeds of rents paid by the District.

Certificates of Participation payable at June 30, 2011, are as follows:

		Amount Issued	Amount Outstanding		Remaining Interest Rates (Percent)	Annual Maturity To
Certificates of Participation						
Refunding Series 2005A	\$	26,840,000	\$	19,100,000	5.000	2021
Refunding Series 2006B		53,920,000		45,310,000	3.500 - 5.000	2023
Refunding Series 2007A		53,865,000		38,565,000	4.000 - 5.500	2019
Series 2003B		36,015,000		32,365,000	3.500 - 5.125	2024
Series 2004A		35,020,000		32,635,000	3.300 - 5.000	2029
Series 2006A		27,295,000		25,735,000	4.000 - 5.000	2031
Series 2009A	_	20,675,000	_	19,330,000	3.000 - 5.000	2029
Total Certificates of Participation	\$	253,630,000	\$	213,040,000		

Note: Certificates of Participation, Refunding Series 2005A, were used to refund Certificates of Participation, Refunding Series 1995A that were issued to refund Certificates of Participation, Series 1994B. Certificates of Participation, Refunding Series 2006B, were used to refund Certificates of Participation, Series 1998A. Certificates of Participation, Refunding Series 2007A, were used to refund Certificates of Participation, Refunding Series 1997A that were issued to refund Certificates of Participation, Series 1994A.

As a condition of the financing arrangement, the District has given ground leases on District property to the Seminole School Board Leasing Corporation, Inc., with rental fees of \$1 per year. The properties covered by the ground leases are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the lease and to provide for the rent payments through to term, the District may be required to surrender the sites included under the Ground Lease Agreement for the benefit of the securers of the certificates for a period of time as specified by the arrangements.

The District has the following ground leases at June 30, 2011:

		Ground	Lease
Certificates of			
Participation	Refunded by:	Commencement Date	Run Through (1)
Series 1994A	Series 2007A	April 1, 1994	June 30, 2024
Series 1994B	Series 2005A	November 1, 1994	June 30, 2026
Series 1998A	Series 2006B	February 1, 1998	June 30, 2028
Series 2003B		November 1, 2003	June 30, 2029
Series 2004A		August 25, 2004	June 30, 2034
Series 2006A		April 1, 2006	June 30, 2036
Series 2009A		May 1, 2009	June 30, 2034

Note 1: Ground leases run until the Certificates are paid or the date shown, whichever is the earliest.

The District properties included in the ground leases under this arrangement include:

Series 2003B Certificates

Hagerty High School Midway Elementary School

Refunding Series 2005A Certificates

Carillon Elementary School Highlands Elementary School Teague Middle School

Refunding Series 2006B Certificates

Lake Brantley High School Goldsboro Elementary School Millennium Middle School Woodlands Elementary School

Series 2009A Certificates

Endeavor Special Needs Center School Bus Parking Facility

Series 2004A Certificates

Tuskawilla Middle School Crystal Lake Elementary

Series 2006A Certificates

Oviedo High School Seminole High School (Buildings 14 & 16)

Refunding Series 2007A Certificates

Winter Springs High School Educational Services Center South Seminole Middle School Lake Howell High School Wicklow Elementary School Seminole High School (Health Academy)

The semi-annual lease payments are payable by the District on January 1 and July 1. The following is a schedule by years of future minimum lease payments under the lease agreements together with the present value of the minimum lease payments as of June 30, 2011:

Fiscal Year Ending June 30	Total	Principal		 Interest	
2012	\$ 22,800,165	\$	13,015,000	\$ 9,785,165	
2013	22,789,715		13,545,000	9,244,715	
2014	22,798,590		14,090,000	8,708,590	
2015	22,792,836		14,710,000	8,082,836	
2016	22,796,154		15,375,000	7,421,154	
2017-2021	104,655,193		78,100,000	26,555,193	
2022-2026	53,816,650		43,505,000	10,311,650	
2027-2031	 23,181,750		20,700,000	 2,481,750	
Total Minimum Lease Payments	\$ 295,631,053	\$	213,040,000	\$ 82,591,053	

F. BONDS PAYABLE

Bonds payable at June 30, 2011, are as follows:

Bond Type	 Amount Issued		Amount Outstanding	Remaining Interest Rates (Percent)	Annual Maturity To
State School Bonds:					
Series 2002-A	\$ 885,000	\$	665,000	4.100 - 5.000	2022
Series 2002-B	6,405,000		2,755,000	4.000 - 5.375	2015
Series 2003-A	1,700,000		1,315,000	3.000 - 4.250	2023
Series 2004-A	465,000		385,000	3.750 - 4.625	2024
Series 2005-A	1,120,000		900,000	4.000 - 5.000	2025
Series 2005-B	3,735,000		3,035,000	5.000	2020
Series 2008-A	6,875,000		6,405,000	3.500 - 5.000	2028
Series 2009-A	1,245,000		1,030,000	4.000 - 5.000	2019
Series 2010-A	 575,000	_	575,000	4.000 - 5.000	2022
Total Bonds Payable	\$ 23,005,000	\$	17,065,000		

The various bonds were issued to finance capital outlay projects of the District. The following is a description of the bonded debt issues:

State School Bonds

The State Board of Education issued the bonds on behalf of the District. The bonds mature serially, and are secured by a pledge of the District's portion of the State assessed motor vehicle license tax. The State's full faith and credit is also pledged as security for these bonds. The State Board of Education and the State Board of Administration are responsible for the administration of principal and interest payments, investment of Debt Service fund resources, and compliance with reserve requirements.

Annual requirements to amortize all bonded debt outstanding as of June 30, 2011, are as follows:

Fiscal Year Ending June 30	 Total	 Principal	_	Interest
State School Bonds				
2012	\$ 2,261,558	\$ 1,450,000	\$	811,558
2013	2,286,260	1,535,000		751,260
2014	2,302,611	1,625,000		677,611
2015	2,283,611	1,685,000		598,611
2016	1,578,499	1,065,000		513,499
2017-2021	6,780,325	5,005,000		1,775,325
2022-2026	4,174,969	3,410,000		764,969
2027-2028	1,381,300	1,290,000		91,300
Total Bonds Payable	\$ 23,049,133	\$ 17,065,000	\$	5,984,133

G. <u>CHANGES IN LONG-TERM LIABILITIES</u>

The following is a summary of changes in long-term liabilities:

Description	Balance 7-1-10		Additions		Deductions		Balance 6-30-11		Due in One Year	
GOVERNMENTAL ACTIVITIES										
Certificates of Participation Payable Unamortized Discounts Unamortized Premiums	\$	225,540,000 (167,846) 5,092,760	\$	- - -	\$	12,500,000 (8,834) 449,919	\$	213,040,000 (159,012) 4,642,841	\$	13,015,000 (8,834) 449,919
Certificates of Participation Payable, Net		230,464,914		-		12,941,085		217,523,829		13,456,085
Bonds Payable Compensated Absences		17,880,000		575,000		1,390,000		17,065,000		1,450,000
Payable Estimated Insurance		37,224,855		3,146,458		4,080,374		36,290,939		3,978,004
Claims Payable		10,699,320		10,521,075		11,023,439		10,196,956		2,240,873
Other Postemployment Benefits Payable		11,470,989		4,255,553		1,924,879		13,801,663	,	
Total Long-Term Liabilities	\$	307,740,078	\$	18,498,086	\$	31,359,777	\$	294,878,387	\$	21,124,962

For the governmental activities, compensated absences are generally liquidated with resources of the General Fund. The estimated insurance claims are generally liquidated with resources of the Internal Service Funds. Other postemployment benefits payable represents an implicit subsidy under GASB 45 and will be included in future health and life insurance premiums charged to all funds that have personnel costs. There are no long-term liabilities associated with the business-type activities.

H. <u>DEFEASED DEBT</u>

The Florida Department of Education issued State Board of Education (SBE), Capital Outlay Bonds, Series 2010A, on October 14, 2010 for \$53,405,000. A portion of these bonds, totaling \$22,955,000, was used to advance refund \$8,285,000 of the SBE, Capital Outlay Bonds, Series 2001A bonds and \$17,185,000 of the SBE, Capital Outlay Bonds, Series 2002A bonds. The District did not participate in the Series 2001A bonds.

The District's portion of Series 2010A bonds totaled \$575,000 and was used to advance refund \$630,000 of the District's portion of Series 2002A bonds. The District's pro rata share of the net proceeds of the Series 2010A bonds totaling \$670,843 (after deduction of \$5,486 by the Florida Department of Education for the District's pro rata share of underwriting fees, insurance, and other issuance cost) was placed in a trust account to refund the Series 2002A bonds, that matures on or after January 1, 2013 and scheduled to be called on January 1, 2012. The trust account is not considered to be risk-free in accordance with GASB Statement 7. As a result, the refunding of \$630,000 representing the District's portion of Series 2002A bonds is considered to be an economic defeasance and not a legal defeasance and the liability for these bonds has not been removed from the government-wide financial statements. When the Series 2002A bonds are called on January 1, 2012, they will be removed.

The Series 2010A bonds were issued to reduce the total debt service over the next 11 years by approximately \$2,189,980 and to obtain an economic gain (difference between the present value of the debt service payment on the old and new debt) of \$1,896,136. The District's portion resulted in a reduction in total debt service of \$75,316 over the next 11 years and \$65,124 in economic gain.

I. FUND BALANCE REPORTING

Governmental Accounting Standards Board (GASB) has issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions (GASB 54) to provide a more structured classification of fund balance and to improve the usefulness of fund balance reporting to the users of the District's financial statements. The reporting standard establishes a hierarchy for fund balance classifications and the constraints imposed on the uses of those resources.

GASB 54 provides for two major types of fund balances for governmental funds, which are nonspendable and spendable. Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund. The District reports its inventories as nonspendable and does not have any prepaid items or nonspendable funds related to endowments.

In addition to the nonspendable fund balance, GASB 54 has provided a hierarchy of spendable fund balances, based on spending constraints.

- > **Restricted** Fund balances that are constrained by external parties, constitutional provisions, or enabling legislation.
- Committed Fund balances that contain self imposed constraints of the government from its highest level of decision making authority.
- Assigned Fund balances that contain self imposed constraints of the government to be used for a particular purpose. This category includes any remaining positive amounts, for governmental funds other than the General Fund, not classified as nonspendable, restricted, or committed
- Unassigned Fund balance of the general fund that is not constrained for any particular purpose.

The District has classified its fund balances with the following hierarchy:

Nonspendable: The District has inventories totaling \$1,960,279 that are classified as nonspendable.

<u>Spendable</u>: The District has classified the spendable fund balances as *Restricted, Assigned and Unassigned* and considered each to have been spent when expenditures are incurred. The District does not have a policy regarding the commitment or assignment of fund balances. As such, the District does not report any Committed fund balance.

• Restricted for State Required Carryover Programs, Food Services, Debt Service and Capital Projects:

Federal Laws, Florida Statutes and local ordinances require that certain revenues be specifically designated for the purposes of State required carryover programs, food service, debt service, and capital projects. These funds have been included in the restricted category of fund balance. The restricted fund balances totaled \$47,492,603 and represented \$4,426,685 in State required carryover programs, \$5,598,774 in food service, \$737,755 in debt service, and \$36,729,389 in capital projects.

Assigned for School Operations and Capital Projects:

The District does not have a fund balance policy regarding the assignment of fund balance. In accordance with GASB 54, the District only reports outstanding encumbrances, totaling \$2,341,461, that have not been previously reported as restricted and \$24,810,968 in the current year General Fund unassigned fund balance needed to eliminate expected expenditures over expected revenues, in the subsequent year budget approved by the Board, as assigned fund balance of the General Fund. In addition, \$1,407,649 in positive fund balances of non-General Funds that have not been reported as nonspendable or restricted are reported as assigned fund balance.

• Unassigned:

The unassigned fund balance for the General Fund is \$29,989,612.

		Major Fund	s		
			Capital Projects -		
			Section 1011.71(2),		
		Debt Service -	Florida Statutes,		
		Certificates of	Local Capital	Other	Total
	General	Participation	Improvement	Governmental	Governmental
Description	Fund	Fund	Tax Fund	Funds	Funds
Fund Balances:					
Nonspendable:					
Inventories:					
General Fund	\$ 1,299,578	\$ -	\$ -	\$ -	\$ 1,299,578
Special Revenues -					
Food Service	-	-	-	660,701	660,701
Restricted:					
State Required					
Carryover Programs	4,426,685	-	-	-	4,426,685
Special Revenues -					
Food Service	-	-	-	5,598,774	5,598,774
Debt Service	-	270,897	-	466,858	737,755
Capital Projects	-	-	28,391,213	8,338,176	36,729,389
Assigned:					
School Operations:					
Encumbrances	2,341,461	-	-	-	2,341,461
Next Year Budget					
Deficit	24,810,968	-	-	-	24,810,968
Capital Projects	-	-	-	1,407,649	1,407,649
Unassigned:	29,989,612				29,989,612
Total Fund Balance	\$ 62,868,304	\$ 270,897	\$ 28,391,213	\$ 16,472,158	\$ 108,002,572

The District has not established a contingency reserve or "Rainy Day Fund." Instead the Board has established a policy (7.11) to set aside 4 percent of recurring budgeted expenditures at the beginning of each year to cover unforeseen events (e.g., revenue shortfalls, student enrollment under projections, etc.). At the end of the fiscal year, the unassigned general fund balance was \$29,989,612 or 7.1 percent of general fund total expenditures.

J. <u>INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS</u>

The following is a summary of interfund receivables and payables reported in the fund financial statements:

Funds	Interfund				
	R	teceivables	Payables		
Major Governmental Funds:					
General Fund	\$	1,300,149	\$	52,338	
Special Revenue Fund:					
Federal Economic Stimulus					
Program Fund		-		167,379	
Capital Projects Fund:					
Section 1011.71(2), Florida					
Statutes, Local Capital					
Improvement Tax Fund		-		210,107	
Nonmajor Governmental Funds		-		1,026,967	
Internal Service Funds		324,229		167,587	
Total	\$	1,624,378	\$	1,624,378	

The majority of the interfund receivables and payables represent the cash overdrafts for various funds that were covered by cash held by other funds and will be repaid within 12 months. The remaining interfund receivables and payable are operational in nature involving unreimbursed sales between funds and will be paid within 12 months.

The following is a summary of interfund transfers reported in the fund financial statements:

Funds		Interfund				
	1	ransfers In	T	ransfers Out		
Major Governmental Funds:						
General Fund	\$	9,861,298	\$	-		
Debt Service Funds:						
Certificates of Participation		22,585,000		-		
Capital Projects Funds:						
Section 1011.71(2), Florida						
Statutes, Local Capital						
Improvement Tax Fund		=		26,832,213		
Nonmajor Governmental Funds		-		3,930,985		
Enterprise Fund:						
Extended Day Program		=		1,683,100		
Internal Service Funds		25,000		25,000		
Total	\$	32,471,298	\$	32,471,298		

The majority of the transfers out of the capital project funds and nonmajor governmental funds were to provide debt service principal and interest payments

and to assist in funding maintenance operations of the District. The remaining transfers between funds were operational in nature.

K. SCHEDULE OF STATE REVENUE SOURCES

The following is a schedule of the District's State revenue for the 2010-11 fiscal year:

Amount
\$ 164,277,244
69,707,352
3,810,676
519,204
2,370,985
2,241,778
319
275,439
26,220
257,812
241,175
2,720,759
\$ 246,448,963
\$

Accounting policies relating to certain State revenue sources are described in note 1.

L. <u>DISTRICT PROPERTY TAXES</u>

The following is a summary of millages and taxes levied on the 2010 tax roll for the 2010-11 fiscal year:

	Millages	7	Taxes Levied
GENERAL FUND			
Nonvoted School Tax:			
Required Local Effort	5.355	\$	149,343,212
Discretionary Operating	0.748		20,860,639
Critical Operating Needs	0.250		6,972,139
CAPITAL PROJECTS FUNDS			
Nonvoted Tax:			
Local Capital Improvements	1.448		40,382,628
Total	7.801	\$	217,558,618

Accounting policies relating to District Property Taxes revenue recognition are described in note 1.

M. STATE RETIREMENT PROGRAM

<u>Florida Retirement System</u>. The Florida Retirement System covers all regular employees of the District. The Florida Retirement System offers employees a defined benefit retirement plan and a defined contribution program. The District is required to make contributions in accordance with rates established by the Florida Legislature. Essentially, all regular employees of participating employers are eligible and must enroll as members of the Florida Retirement System.

<u>Defined Benefit Plan</u>. Most employees working for the District are covered by a State-administered, cost-sharing, multiple-employer, defined benefit retirement plan (Plan) under the Florida Retirement System. Plan provisions are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code, wherein Plan eligibility, contributions, and benefits are defined and described in detail. Employees in the plan vest at six years service. All vested members are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, which may include up to 4 years of credit for military service. The Plan also includes an early retirement provision, but imposes a penalty for each year a member retires before the normal retirement date. The Plan provides retirement, disability, and death benefits, and annual cost-of-living adjustments.

A Deferred Retirement Option Program (DROP), subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with a Florida Retirement System employer. An employee may

participate in the DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the Florida Retirement System Trust Fund and accrue interest.

Funding Policy. The contribution rates for members are established, and may be amended, by the Florida Legislature. During the 2010-11 fiscal year, contribution rates were as follows:

Class	Percent of C	Gross Salary
	Employee	Employer
		(A)
Florida Patirament System, Degular	0.00	10.77
Florida Retirement System, Regular	0.00	10.77
Florida Retirement System, Elected County Officers	0.00	18.64
Florida Retirement System, Senior Management Service	0.00	14.57
Deferred Retirement Option Program - Applicable to Member	ers	
from All of the Above Classes	0.00	12.25
Florida Retirement System, Reemployed Retiree	(B)	(B)

- (A) Employer rates include 1.11 percent for the post-employment health insurance supplement. Also employer rates, other than DROP participants, include 0.03 percent for administrative costs of the PEORP.
- (B) Contribution rates are dependent upon the retirement class in which reemployed.

The District's liability for participation is limited to the payment of the required contribution at the rates and frequencies established by law on future payrolls of the District. The District's contributions for the fiscal years ending June 30, 2009, June 30, 2010, and June 30, 2011, totaled \$28,211,091, \$27,683,290, and \$30,071,524, respectively, which were equal to the required contributions for each fiscal year.

<u>Defined Contribution Plan.</u> Pursuant to Section 121.4501, Florida Statutes, the Florida Legislature created a defined contribution program called the Public Employee Optional Retirement Program (PEORP). Employees in PEORP vest after one year of service. District employees participating in DROP are not eligible to participate in PEORP. This program is administered by the Florida Retirement System as an option to the defined benefit plan, and is self-directed by the employee. The employees have the responsibility of selecting how their funds are invested within the approved set of investment choices and may take their funds when they leave the Florida Retirement System. Employer contributions are defined by law, but the ultimate benefit depends in part on the performance of investment funds. PEORP is funded by employer contributions that are based on salary and membership class (Regular Class, Senior Management Service, etc.). Required employer contributions made to the program for the fiscal years ending June 30, 2009, June 30, 2010, and June 30, 2011, totaled \$3,521,654, \$3,605,737, and \$4,398,376, respectively.

<u>Pension Reporting.</u> The financial statements and other supplementary information of the Florida Retirement System are included in the comprehensive annual financial report of the State of Florida, which may be obtained from the

Florida Department of Financial Services. Also, an annual report on the Florida Retirement System, which includes its financial statements, required supplementary information, actuarial report, and other relevant information may be obtained from the Florida Department of Management Services, Division of Retirement.

Effective July 1, 2011, all members of the Florida Retirement System, except for DROP participants and reemployed retirees who are not eligible for renewed membership, are required to contribute three percent of compensation to the Florida Retirement System.

N. OTHER POSTEMPLOYMENT BENEFITS

Plan Description. The Other Postemployment Benefits Plan (Plan) is a singleemployer defined benefit plan administered by the District. Pursuant to the provision of Section 112.0801, Florida Statutes, former employees who retired from the District, and eligible dependents, may continue to participate in the District's health and hospitalization plan for medical and prescriptions and life insurance coverage. The District subsidizes the premium rates paid by the pre-Medicare retirees for health and all retirees for life by allowing them to participate in the plan at the blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. Retirees are required to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. The rates paid by retirees eligible for Medicare are reduced by the Medicare premium and is adequate (no implicit subsidy) to cover, on an actuarial basis, the cost of providing the health insurance coverage.

The postemployment healthcare and life insurance plan does not issue a standalone report, and is not included in the report of a PERS or another entity. The actuarially determined liability for this other postemployment benefits plan was \$41,060,489 at June 30, 2011.

Funding Policy. Plan contribution requirements of the District and Plan members are established and may be amended through recommendations of the Insurance Committee and action from the Board. The District funds this postemployment benefit on a pay-as-you-go basis. During the 2010-11 fiscal year, 1,993 retirees received postemployment life and 415 pre-Medicare retirees received health care benefits. The cost of providing postemployment health for pre-Medicare retirees and life benefits for retirees was \$5,082,449, including a \$1,924,879 OPEB contribution provided by the District and \$3,157,570 charged to retirees. The amount paid by retirees represents .97 percent of covered payroll.

Annual OPEB Cost and Net OPEB Obligations. The District's annual OPEB costs (expense) is calculated based on the annual required contributions (ARC), an amount actuarially determined in accordance with parameters of the Government Accounting Standards Board Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions. The ARC represents a level of funding that if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years. The following table shows the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District's net OPEB obligation:

Description	 Amount
Normal Cost (service cost for one year) Amortization of Unfunded Actuarial	\$ 2,050,600
Accrued Liability	2,270,956
Interest on Normal Cost and Amortization	 162,059
Annual Required Contribution	4,483,615
Interest on Net OPEB Obligation	430,162
Adjustment to Annual Required Contribution	 (658,224)
Annual OPEB Cost (Expense)	4,255,553
Contribution Toward the OPEB Cost	 (1,924,879)
Increase in Net OPEB Obligation	2,330,674
Net OPEB Obligation, Beginning of Year	 11,470,989
Net OPEB Obligation, End of Year	\$ 13,801,663

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligations as of June 30, 2011, and the two preceding fiscal years, were as follows:

Fiscal	Annual		Percentage of	New OPEB		
Year		OPEB Cost	Annual	Obligation		
Ended			OPEB Cost			
			Contributed			
June 30, 2009	\$	7,624,123	17.0%	\$	8,894,684	
June 30, 2010		4,040,406	36.2%		11,470,989	
June 30, 2011	4,255,553		45.2%		13,801,663	

<u>Funded Status and Funding Progress</u>. The funded status of the plan as of June 30, 2011, was as follows:

Actuarial Accrued Liability (a)	\$ 41,060,489
Actuarial Value of Plan Assets (b)	 -
Unfunded Actuarial Accrued Liability (c)=(a-b)	\$ 41,060,489
Funded Ratio (b/a)	0.00%
Covered Payroll (Active Plan Members) (d)	\$ 326,501,528
UAAL as a Percentage of Covered Payroll (c/d)	12.6%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and the healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

<u>Actuarial Methods and Assumptions</u>. Projection of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the type of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effect of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The projected unit credit actuarial method was used to determine OPEB actuarial valuation. Because the OPEB liability is currently unfunded, the actuarial assumptions included a 3.75 percent discount rate. The actuarial assumptions also included an annual healthcare cost trend rate. The actuarial trend rates used in the June 30, 2011 projection ranged from 9.9 percent in 2011 to 4.2 percent in 2080. The short-term trend rates (4 years) were based on the District's recent rate increases, while the longer trend rates were developed using the rates developed by the Society of Actuaries Long-Run Medical Cost Trend Model. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payrolls on a closed basis. The remaining amortization period at June 30, 2011, is 26 years.

O. MAJOR CONSTRUCTION AND RENOVATION COMMITMENTS

The following is a summary of major construction and renovation commitments remaining at fiscal year-end:

Project	Contract Amount		Completed to Date		Balance Committed	
Lake Brantley High Reroof:						
Contractor	\$	471,425	\$	-	\$	471,425
Architect		33,385		27,756		5,629
Lake Howell High Culinary						
Arts Renovations:						
Contractor		779,209		-		779,209
Architect		61,000		51,000		10,000
Seminole High (Phase 4)						
Additions and Renovations:						
Contractor		15,302,538		14,169,454		1,133,084
Architect (Multiple Phases)		1,703,352		1,681,912		21,440
Spring Lake Elementary Renovations:						
Contractor		3,127,074		3,043,288		83,786
Architect		506,670		501,670		5,000
Total	\$	21,984,653	\$	19,475,080	\$	2,509,573

P. RISK MANAGEMENT PROGRAMS

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Workers' compensation, automobile liability, and general liability coverage are being provided on a self-insured basis up to specified limits. The District entered into agreements with various insurance companies to provide specific excess coverage of claim amounts above the stated amount on an individual claim basis and aggregate excess coverage when total claims minus specific excess coverage exceeds the loss fund established annually by the District. The District contracted with an insurance administrator to administer these self-insurance programs, including the processing, investigating, and payment of claims.

Health and hospitalization coverage are being provided through purchased commercial insurance with minimum deductibles for each line of coverage, except for prescriptions. Coverage for prescription drugs is provided through a self-insurance program administered by an outside provider.

The District reports the self-insurance programs in the Internal Service Funds. Amounts are transferred from the General Fund to the Internal Service Funds to provide sufficient resources to cover claims incurred, to pay for the purchase of excess insurance, and to pay the insurance service agent's administrative fee.

Settled claims resulting from risks described above have not exceeded commercial insurance coverage for the past three fiscal years. No excess insurance coverage has been purchased for the Self-Insurance - Prescriptions Program.

A liability in the amount of \$9,401,709 was actuarially determined to cover outstanding claims and estimated incurred, but not reported, insurance claims payable for the Self-Insurance - Casualty, Liability, and Workers' Compensation Fund, at June 30, 2011, and is net of \$146,389 of excess insurance recoverable on unpaid claims. A liability in the amount of \$795,247 was actuarially determined to cover outstanding claims and estimated incurred, but not reported, insurance claims payable for the Self-Insurance - Prescriptions Fund at June 30, 2011. The estimate of the insurance claims payable also includes an allocated loss adjustment expense (incremental claims adjustment expenses). Allocated loss adjustment expense provides for all expenses associated with the handling and settling of claims that can be directly attributable to a particular claim. Such expenses typically include legal fees, investigatory expenses, expert witness fees, etc. No other costs associated with the District's insurance program have been considered in determining the insurance claims payable.

The following schedules represent the changes in claims liability for the past two fiscal years for the District's Self-Insurance Programs:

Casualty, Liability, and Workers' Compensation Self-Insurance Fund:

	eginning-of- Fiscal-Year Liability	Current-Year Claims and Changes in Estimates		Claims Payments		Balance at Fiscal Year-End	
2009-10 2010-11	\$ 11,896,385 9,939,111	\$	465,546 2,113,635	\$	(2,422,820) (2,651,037)	\$	9,939,111 9,401,709

Prescriptions Self-Insurance Fund:

	Fi	Beginning-of- Fiscal-Year Liability		Current-Year Claims and Changes in Estimates		Claims Payments		Balance at Fiscal Year-End	
2009-10 2010-11	\$	831,262 760,209	\$	9,058,412 8,407,440	\$	(9,129,465) (8,372,402)	\$	760,209 795,247	

IV. OTHER INFORMATION

A. <u>LITIGATION</u>

The School Board is a defendant in various lawsuits as of June 30, 2011. It is the opinion of management, after giving consideration to the District's related insurance coverage, as well as the Florida Statutory limitations on governmental liabilities on uninsured risks, that the amount of loss resulting from litigation would not be material to the financial position of the District.

Nonmajor Governmental Funds

Special Revenue Funds

The Special Revenue Funds account for certain revenues derived from the State of Florida, the Federal Government and other local and private sources that are required to finance designated activities. Activities included within the funds are as follows:

Nonmajor Special Revenue Funds

Food Service Fund – To account for and report on activities of the food service program in serving breakfast and lunch at the schools.

Contracted Programs Fund – To account for and report on activities of various programs of different funding sources according to the specifications and requirements of each funding source.

Debt Service Funds

The Debt Service Funds are used to account for the payment of interest and principal of the current portion on long-term debt.

Nonmajor Debt Service Funds

State Board of Education (SBE) Bond Fund – To account for and report on payment of principal, interest, and related costs on the state school bonds issued by the State Board of Education on behalf of the District. These bonds are payable from the District's portion of the state-assessed motor vehicle license tax.

Nonmajor Governmental Funds (Continued)

Capital Projects Funds

The Capital Projects Funds are used to account for the financing and acquisition or construction of major capital facilities, such as new school buildings or additions to existing buildings, or for major renovation projects. Specific funding sources included herein are:

Nonmajor Capital Projects Funds

Capital Outlay & Debt Service Fund – To account for and report on the dollars received through the State's Capital Outlay & Debt Service (CO&DS) program, used for construction and maintenance of schools.

Public Education Capital Outlay Fund – To account for and report on funds received from the State for the construction and maintenance of schools.

Certificates of Participation Fund – To account for and report on funds received from the issuance of Certificates of Participation used for the acquisition and construction of schools and ancillary facilities.

Local Sales Tax Fund - To account for and report on funds collected through a voter approved sales tax used for the construction, remodeling and renovation, and expansion of schools and ancillary facilities.

Other Capital Improvement Fund – To account for and report on funds received from various sources designated for construction and maintenance of schools.

Special Revenue Funds

The Special Revenue Funds account for certain revenues derived from the State of Florida, the Federal Government and other local and private sources that are required to finance designated activities. Activities included within the funds are as follows:

Major Special Revenue Funds

Federal Economic Stimulus Program Fund - to account for proceeds received through the various State Fiscal Stabilization Funds, Targeted ARRA Stimulus (Title 1 and IDEA) Funds, ARRA - Race to the Top, Other ARRA Stimulus Funds, and Education Jobs Fund.

Nonmajor Special Revenue Funds

Food Service Fund – To account for and report on activities of the food service program in serving breakfast and lunch at the schools.

Contracted Programs Fund – To account for and report on activities of various programs of different funding sources according to the specifications and requirements of each funding source.

This page was intentionally left blank.

Debt Service Funds

The Debt Service Funds are used to account for the payment of interest and principal of the current portion on long-term debt.

Major Debt Service Fund

Certificates of Participation Fund - To account for and report on payments of principal, interest and related costs on obligations pertaining to lease payments required under the District's Certificates of Participation financing arrangements.

Nonmajor Debt Service Funds

State Board of Education (SBE) Bond Fund – To account for and report on payment of principal, interest, and related costs on the state school bonds issued by the State Board of Education on behalf of the District. These bonds are payable from the District's portion of the state-assessed motor vehicle license tax.

Capital Projects Funds

The Capital Projects Funds are used to account for the financing and acquisition or construction of major capital facilities, such as new school buildings or additions to existing buildings, or for major renovation projects. Specific funding sources included herein are:

Major Capital Projects Funds

Section 1011.71(2), Florida Statutes, Local Capital Improvement Tax Fund – To account for the financial resources generated by the local capital improvement tax levy to be used for educational capital outlay needs, including new construction, renovation and remodeling projects, and debt service payments on revenue anticipation notes and certificates of participation.

Nonmajor Capital Projects Funds

Capital Outlay & Debt Service Fund – To account for and report on the dollars received through the State's Capital Outlay & Debt Service (CO&DS) program, used for construction and maintenance of schools.

Public Education Capital Outlay Fund – To account for and report on funds received from the State for the construction and maintenance of schools.

Certificates of Participation Fund – To account for and report on funds received from the issuance of Certificates of Participation used for the acquisition and construction of schools and ancillary facilities.

Local Sales Tax Fund - To account for and report on funds collected through a voter approved sales tax used for the construction, remodeling and renovation, and expansion of schools and ancillary facilities.

Other Capital Improvement Fund – To account for and report on funds received from various sources designated for construction and maintenance of schools.

Enterprise Fund

The Extended Day Program Fund is the only enterprise fund of the District. It is considered to be a major proprietary fund and is the only fund reported as a Business-Type Activity. The fund is used to account for the resources of the District's Extended Day Program. This program provides before and after school care to students.

Internal Service Funds

Internal Service Funds are nonmajor proprietary funds and are reported as Governmental-Type activities. They are used to account for the financing of goods or services provided by one department to other departments within the school district on a cost reimbursement basis. The following funds are included in the Internal Service Funds:

Casualty, Liability, and Workers' Compensation – To account for and report on funds received for and used by the District's self-insured property, casualty, liability, and workers' compensation program.

Self-Insurance – Prescriptions – To account for and report on funds received for and used to pay for prescriptions issued under the District's Self-Insurance - Prescriptions Program.

Print Shop – To account for and report on funds received for and used by the District's Print Center operation.

Computer Store – To account for and report on sales and purchases made by the District's Computer Store.

Agency Funds

Agency Funds are Fiduciary Funds and are used to account for resources held by the District in a trustee capacity or as an agent for individuals, private organizations. These resources include student and club activities funds that are held in trust for student, athletic, class, club activities, etc.; other resources held in trust for the Foundation; and a voluntary employee benefits program.

Discretely Presented Component Units

The component units' columns in the basic financial statements, pages 43 through 45, include the financial data of the District's discretely presented component units.

Nonmajor Discretely Presented Component Units

The Foundation for Seminole County Public Schools, Inc. (Foundation), is a not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to raise funds, receive, hold, invest, and administer property and to make expenditures for the benefit of the District. Section 1001.453, Florida Statutes, requires the Foundation to be authorized and approved by the District. The stated mission of the Foundation is to enhance the quality of education in Seminole County Public Schools through raising and distributing funds and in-kind contributions, fostering involvement in the public schools by business and community, and by providing recognition and rewards for outstanding contributions to and performance within the public school system. The Foundation is considered to be a component unit of the District because the District must approve all members of the Foundation Board and the District has the ability to impose its will on the Foundation. It is considered to be a discretely presented component unit because the two boards are not the same and the Foundation does not provide services entirely or nearly entirely to District.

Choices in Learning, Inc., (Charter School) is a separate not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes. This charter school operates under a charter approved by their sponsor, the Board, and is considered to be component unit of the District since it is fiscally dependent on the District.

Note:

- (a) The District implemented GASB 54 for the fiscal year ended June 30, 2010. The fund balances from the prior fiscal years were restated for comparison purposes.
- (b) The District reported a negative unassigned fund balance for the All Other Governmental Funds for fiscal years ending June 30, 2002, and June 30, 2003. This was the result of inventories exceeding the ending fund balances in the Special Revenue Fund Food Service.

⁽a) The District paid off its general obligation bonds on August 1, 2005. Funds are collected in the previous fiscal year to pay these bonds. Since funds are not need to pay general obligation bonds, the fund balances after June 30, 2006 is less than in previous years.

⁽b) The amounts reported for Debt Service expenditures have decreased since the 2006-07 fiscal year due to the payoff of the general obligations bonds in the 2005-06 fiscal year.

⁽a) Sales tax collections started on January 1, 2002. Under the interlocal agreement, the District is to receive 25 percent of the collections over a 10 year period. For the first three years, the District received 45 percent, then 25 percent the next four years, and then 8 percent for the final three years.

⁽b) The debt service taxes were eliminated when the bonds were paid off on August 1, 2005.

(a) Net of allowable discounts

Note:

Property Taxes become due and payable on November 1st of each year. A four percent (4%) discount is allowed if taxes are paid in November, with the discounts declining by one percent (1%) each month thereafter. Accordingly, taxes collected will never be 100% of the tax levy. Taxes become delinquent on April 1st of each year and tax certificates for the full amount of any unpaid taxes and assessments must be sold not later than June 1st of each year. Accordingly, majority of taxes are collected in the fiscal year levied.

- Notes: 1 Basis of Presentation. The Schedule of Expenditures of Federal Awards represents amounts expended from Federal programs during the 2010-11 fiscal year as determined based on the modified accrual basis of accounting. The amounts reported on the Schedule have been reconciled to and are in material agreement with amounts recorded in the District's accounting records from which the basic financial statements have been prepared.
 - 2 Grant Contingency. The grant revenues amounts received are subject to audit and adjustments. If any expenditures are disallowed by the grantor agencies as a result of such an audit, any claim for reimbursement to the grantor agencies would become a liability of the District. In the opinion of Management, all grant expenditures are in compliance with the terms of the grant agreement and applicable federal and state laws and regulations.
 - Noncash Assistance.
 - (a) National School Lunch Program Represents the amount of donated food received during the 2010-11 fiscal year. Commodities are valued at fair value as determined at the time of donation.
 - (b) <u>Hazard Mitigation Grant</u> Represents noncash assistance provided for the acquisition and installation costs of a generator at a District elementary school designated as a special need shelter.

AUDITOR GENERAL

AUDITOR GENERAL STATE OF FLORIDA

THE OF FLORIDA

PHONE: 850-488-5534 FAX: 850-488-6975

G74 Claude Pepper Building 111 West Madison Street Tallahassee, Florida 32399-1450

The President of the Senate, the Speaker of the House of Representatives, and the Legislative Auditing Committee

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Seminole County District School Board as of and for the fiscal year ended June 30, 2011, which collectively comprise the District's basic financial statements, and have issued our report thereon under the heading **INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS**. Our report on the basic financial statements was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the school internal funds and the aggregate discretely presented component units, as described in our report on the Seminole County District School Board's financial statements. For the school internal funds and the aggregate discretely presented component units, this report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a

reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The results of our operational audit of the District for the fiscal year ended June 30, 2011, will be presented in a separate report.

Pursuant to Section 11.45(4), Florida Statutes, this report is a public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, Federal and other granting agencies, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

David W. Martin, CPA November 2, 2011

The President of the Senate, the Speaker of the House of Representatives, and the Legislative Auditing Committee

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Compliance

We have audited the Seminole County District School Board's compliance with the types of compliance requirements described in the United States Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on each of the District's major Federal programs for the fiscal year ended June 30, 2011. The District's major Federal programs are identified in the SUMMARY OF AUDITOR'S RESULTS section of the SCHEDULE OF FINDINGS AND QUESTIONED COSTS. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major Federal programs is the responsibility of District management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB *Circular A-133*, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB *Circular A-133* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the fiscal year ended June 30, 2011.

Internal Control Over Compliance

District management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to Federal programs. In planning and performing

our audit, we considered the District's internal control over compliance with the requirements that could have a direct and material effect on a major Federal program to determine auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB *Circular A-133*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above.

Pursuant to Section 11.45(4), Florida Statutes, this report is a public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, Federal and other granting agencies, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.
