District School Board of Seminole County 400 E. Lake Mary Blvd. Sanford, FL 32773-7127

Dear Chairman, School Board Members, and Citizens of Seminole County:

State law requires that all local governments publish, after the close of each fiscal year, a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP), and audited in accordance with governmental auditing standards generally accepted in the United States of America. Pursuant to this requirement, we hereby issue the Comprehensive Annual Financial Report (CAFR) of the District School Board of Seminole County, Florida (District) for the fiscal year ended June 30, 2016.

The accompanying report includes all funds of the District, The Seminole School Board Leasing Corporation, Inc. (Leasing Corporation), The Foundation for Seminole County Public Schools, Inc. (Foundation) and the District's four charter schools, Choices in Learning, Inc., Galileo School for Gifted Learning, UCP Seminole Charter School and Seminole Science Charter School (Charter Schools). The Leasing Corporation was formed by the School Board to be the lessor in connection with financing the acquisition and/or construction of certain educational facilities and is considered to be a blended component unit. The Foundation is a not-forprofit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to raise funds; receive, hold, invest, and administer property; and to make expenditures for the benefit of the District. The Charter Schools are separate not-forprofit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes. The Foundation and the Charter Schools are included in aggregate as discretely presented component units.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial

statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The accounting firm of Moore Stephens Lovelace, P.A. has audited the District's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2016, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion that the District's basic financial statements for the fiscal year ended June 30, 2016, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and the United States Office of Management and Budget Title 2 U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards, findings and questioned costs, summary of prior audit findings, and the independent auditor's reports on the system of internal control and on compliance with applicable requirements, are included in the single audit section.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the independent auditor's report.

#### **Profile of the District**

The District and its governing board were created pursuant to Article IX, Section 4, of the Constitution of the State of Florida. The District is an independent taxing and reporting entity managed, controlled, operated, administered, and supervised by District school officials in accordance with Chapter 1001, Florida Statutes. The Board consists of five elected officials responsible for the adoption of policies, which govern the operation of District public schools. The appointed Superintendent of Schools (Superintendent) is the executive officer of the Board and is responsible for the administration and management of the schools within the applicable parameters of Florida Statutes, State Board of Education Rules, and School Board policies. The Superintendent is also specifically delegated the responsibility of maintaining a uniform system of records and accounts in the District by State Board of Education Rule 6A-1.001, Florida Administrative Code.

The geographic boundaries of the District are those of Seminole County. During the 2015-16 fiscal year, the District operated 60 K-12 schools, including 36 elementary schools, 12 middle schools, 9 high schools, and 3 specialty schools. In addition, the District sponsors 4 charter schools that are component units of the District. In the 2015-16 fiscal year, the District provided general, special, vocational, and other educational programs to 66,307 unweighted full-time equivalent students. The projected enrollment for the 2016-17 fiscal year is 67,002 unweighted full-time equivalent students. Florida Inventory of School Houses (FISH) has the average age of the District's schools at 26 years old.

The District receives the majority of its operating funds through a State funding formula that is intended to equalize funding received from the State and local property tax between districts within the State. Charter schools operating through a contract with the District are provided with their proportionate share of these funds, based upon the number of full-time equivalent students enrolled at the charter school.

#### Economic Condition and Outlook

Seminole County is part of the Orlando Metropolitan Statistical Area (MSA) along with Orange, Osceola and Lake Counties. According to the Metro Orlando Economic Development Commission (the Commission), Metro Orlando currently has a population of 2.3 million people and is projected to be 2.6 million in 2020. The Commission also promotes Seminole County as being a hotbed for high tech and other "upscale" industry growth directly on the "I-4 corridor" (an area that roughly runs from St. Petersburg and Tampa through Lakeland, Orlando, Lake Mary, Sanford, and ends in Daytona Beach).

The population of Seminole County increased 15.8 percent (57,519) from 2000 to 2010 and is projected to reach 471,638 by 2020. The 2010 U.S. Census places the 65 and older age group of Seminole County's population at 13.1 percent which differs significantly from the State of Florida at 17.3 percent, and from the nation at 13.0 percent.

With a business climate that has fostered quality development, Seminole County is home to a plethora of equally dynamic corporations and headquarters such as American Automobile Association (AAA), Mitsubishi Hitachi Power Systems America, Scholastic Book Fairs and Sears Home Improvement Products, as well as the emergence of many high tech companies, including CuraScript, NCR, Faro Technologies, Deloitte Consulting and Convergys. Ongoing expansion at the Orlando Sanford International Airport (SFB), coupled with the state's largest foreign trade zone designation, has helped SFB become the third most active international airport in Florida and the 12th most active in the United States. Seminole County has prepared for growth with everything from a new expressway to pre-approved development sites, specialized job training and infrastructure incentives. The county's public-school system is rated among the highest in the state, and the median household effective buying income is the highest in the region.

The District recognizes that the continued enhancement of the local economy is of mutual benefit to both the District and the County and that an excellent system of public education is a significant factor in attracting new business and industry to the County. The District remains Seminole County's largest employer, employing 7,791 full time equivalent employees, which includes 4,476 full time equivalent classroom teachers.

#### Long-Term Financial Planning

The District follows procedures required by Florida Statutes and the State Board of Education rules in establishing and adopting annual budgets for each of the governmental fund types. Budgets are prepared using the same modified accrual basis as is used to account for governmental funds. Appropriations are controlled at the object level (e.g., salaries, benefits, and purchased services) within each function activity (e.g., instruction, student personnel services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.

At June 30, 2016, unassigned fund balance in the general fund totaled \$30,163,680 or 6.2 percent of total general fund expenditures. This exceeds the District policy of 4 percent of recurring expenditures. During the initial planning for the budget, the District each year sets aside 4 percent of its revenues in order to promote compliance with this policy.

On June 26, 2012, the Board approved a resolution providing for a referendum election to determine if the electors of the school district authorize the Board, as allowed under Section 1011.73, Florida Statutes, to annually levy up to one mill for not more than four years for essential operating expenses. This referendum was approved as part of the November 6, 2012 general election. This millage was first assessed for the fiscal year ended June 30, 2014.

On March 11, 2014, the District entered into an agreement with the Board of County Commissioners of Seminole County to share a proposed one percent local government infrastructure sales surtax as allowed under Section 212.055(2), Florida Statutes. The agreement provides the District with 25 percent of the proposed sales surtax subject to a countywide referendum election. This referendum was approved during the May 20, 2014 special election. The District is estimated to receive \$159 million over a ten-year period from the sales surtax interlocal agreement.

#### Major Initiatives

#### Class Size Reduction Amendment

In November 2002, the voters of Florida amended the State Constitution to limit class size. The amendment established the maximum number of students in core-curricula courses assigned to a teacher in each of the following three grade groupings: (1) pre-kindergarten through grade 3, 18 students; (2) grades 4 through 8, 22 students; and (3) grades 9 through 12, 25 students. Based on the annual review for the 2014-15 fiscal year conducted by the Florida Department of Education, the District complied with constitutional maximums at all schools and classrooms.

#### Capital Outlay Program

In recent years, the District has had a drastic reduction in the availability of funds for capital projects. The average funding for capital projects from sources other than sales tax for fiscal years 2007 through 2010 was \$66.8 million per year (sales tax was an average of \$15 million per year during this timeframe). The average funding for capital projects from sources other than sales tax for fiscal years 2011 through 2016 was \$45.5 million per year (sales tax was an average of \$5.4 million per year during this timeframe). The decrease of \$21.3 million per year on average for non-sales tax capital funding is due to a decrease in property values and a change in the maximum available millage for levy for capital needs allowable by State law.

#### **Relevant Financial Policies**

The District has adopted a comprehensive set of financial policies. During the current fiscal year, a new policy was added to the financial statements for pensions and net pension liability and is particularly relevant. In accordance with Government Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions*, the District now includes in the government-wide statements its proportionate share of the net pension liability of the cost-sharing pension plans in which it participates. This proportionate amount represents a share of the present value of projected benefit payments to be provided through the cost-sharing pension plan to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the cost-sharing pension plan's fiduciary net position. See the Note I.F.10. and Note II.E. to the financial statements for more information.

#### Accomplishments

One of the ways to judge a school district is to compare the results of its students on national and statewide testing and the accomplishments of its staff. The District believes that its students and staff have performed remarkably well based on various tests and accomplishments as noted below.

Student SAT scores are above the state and national averages for the 39th consecutive year.

SCPS is annually above the state and national average for graduation rate and is also one of the highest in the state and Central Florida.

Schools throughout Florida are held accountable and receive school grades based on the results of the Florida Comprehensive Assessment Test (FCAT). The 2015-16 fiscal year marked the 17th year of this accountability program. SCPS was rated a "B" district by the Florida Department of Education. SCPS has been rated an "A" district for 16 of the 17 years of the accountability program.

The graduating class of 2016 earned more than \$60 million in Scholarships and boasted 693 Florida Academic Scholars, 451 Florida Medallion Scholars, and 328 Gold Seal Scholars.

More than 46 percent of SCPS teachers have earned Master's degrees or higher.

#### Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting and the Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to the District for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2015. This was the 15th year the District has received these prestigious awards. In order to be awarded the Certificate of Achievement for Excellence in Financial Reporting and the Certificate of Excellence in Financial Reporting, the District must publish an easily readable and efficiently organized CAFR.

The Certificate of Achievement and Certificate of Excellence are valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement and the

Certificate of Excellence program requirements and we are submitting it to the GFOA and ASBO to determine its eligibility for another certificate. This report also satisfied both GAAP and applicable legal requirements.

The preparation and completion of this Report on a timely basis was made possible by the dedicated service of the entire staff of the Finance department. Each member of the department has our sincere appreciation for the contributions made in the preparation and completion of this Report.

In closing, we would like to thank the members of the School Board for their leadership and support in planning and conducting the financial operations of the District.

Respectfully submitted,

Walt Griffin, Ed.D. Superintendent

## FINANCIAL SECTION:

This section contains the following subsections:

- Independent Auditor's Report
- Management's Discussion and Analysis
- Basic Financial Statements
- Notes to the Financial Statements
- Required Supplementary Information Other Than Management's Discussion and Analysis
- Other Supplementary Information Combining and Individual Fund Statements and Schedules

#### **INDEPENDENT AUDITOR'S REPORT**

Chairman and Members of The District School Board of Seminole County, Florida

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District School Board of Seminole County, Florida (the "District") as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Charter Schools or Foundation for Seminole County Schools, Inc., which comprises 100 percent of the assets, net position, and revenues of the discretely presented component units of the District. Those financial statements were audited by other auditors, whose reports have been furnished to us and, our opinion, insofar as it relates to the amounts included for the discretely presented component units, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### INDEPENDENT AUDITOR'S REPORT (Continued)

#### Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to in the first paragraph present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District as of June 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof, and the budgetary comparison for the general fund for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Schedule of Funding Progress – Other Postemployment Benefits Plan, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements as a whole. The introductory section, combining and individual major and non-major fund financial statements and schedules, and statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual major and non-major fund financial statements and schedules, and statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual major and non-major fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual major and non-major fund financial statements and schedules are fairly stated, in all material respects, in relation to the financial statements as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Chairman and Members of The District School Board of Seminole County, Florida

#### INDEPENDENT AUDITOR'S REPORT (Concluded)

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 1, 2016, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the District School Board of Seminole County, Florida (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2016. The information contained in Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions and should be considered in conjunction with the District's financial statements and notes to financial statements found immediately following the MD&A.

#### FINANCIAL HIGHLIGHTS

Key financial highlights for the 2015-16 fiscal year are as follows:

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at June 30, 2016, by \$408,678,162 (net position). Of this amount, \$(147,993,292) represents a deficit unrestricted net position. This is the second consecutive year the District reported a deficit unrestricted net position. Both years' deficits resulted from the implementation of Government Accounting Standards Board (GASB) Statement No. 68. See Note I.F.10. and Note II.E. to the financial statements for more information.
- The District's total net position increased during the current fiscal year by \$23,935,119 (or 6.2 percent).
- General revenues totaled \$537,097,177, or 85.0 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions totaled \$94,835,913, or 15.0 percent of all revenues.
- At June 30, 2016, the fund balance for the General Fund totaled \$53,639,202. The amount represents an \$11,556,338 increase during the current fiscal year. At June 30, 2016, the unassigned fund balance for the General Fund totaled \$30,163,680, representing a \$3,812,463 increase during the current fiscal year. The total of the General Fund assigned and unassigned fund balances was \$46,861,948, or approximately 9.7 percent of General Fund expenditures.
- The District's total Bonds Payable and Certificates of Participation debt decreased by \$16,002,196 or 9.1 percent during the current fiscal year.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This Report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

#### **Government-wide Financial Statements**

The government-wide financial statements provide both short-term and long-term information about the District's overall financial condition in a manner similar to those of a private-sector business. The statements include a statement of net position and a statement of activities that are designed to provide consolidated financial information about the governmental and business-type activities of the District presented on the accrual basis of accounting.

The statement of net position provides information about the District's financial position, its assets, liabilities, and deferred inflows/outflows of resources, using an economic resources measurement focus. Assets plus deferred outflows of resources, less liabilities and deferred inflows of resources, equals net position, which is a measure of the District's financial health. The statement of activities presents information about the change in the District's net position, the results of operations, during the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating.

The government-wide statements present the District's activities in the following categories:

- Governmental activities This represents most of the District's services, including its educational programs: basic, vocational, and exceptional education. Support functions, such as transportation, food service, and administration, are also included. Local property taxes and the State's education finance program provide most of the resources that support these activities.
- Business-type activities The District charges fees to cover the cost of certain services it provides. The District's only business-type activity was from the Extended Day Program, which was moved to the general operating fund at the beginning of the fiscal year. The revenues and cost associated with this program are now included in Governmental Activities.
- Component units The District presents six separate legal entities in this Report. The District's four charter schools (Choices in Learning, Inc., Galileo School for Gifted Learning, UCP Seminole Charter School, and Seminole Science Charter School) and The Foundation for Seminole County Public Schools, Inc. are legally separate organizations and component units that are included in this Report because they meet the criteria for inclusion provided by generally accepted accounting principles. Financial information for these component units is reported separately from the financial information presented for the primary government. The Seminole School Board Leasing Corporation, Inc. (Leasing Corporation), although also a legally separate entity, was formed to facilitate financing for the acquisition of facilities and equipment for the District. Due to the substantive economic relationship between the District and the Leasing Corporation, the Leasing Corporation has been included as an integral part of the primary government.

#### Fund Financial Statements

Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the District's financial activities, focusing on its most significant or "major" funds rather than fund types. This is in contrast to the entity wide perspective contained in the government-wide statements. All of the District's funds may be classified within one of the broad categories discussed below.

#### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in assessing a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The governmental funds balance sheet and statement of revenues, expenditures, and changes in fund balances provide detailed information about the District's most significant funds. The District's major funds are the General Fund, Certificates of Participation Debt Service Fund, and Capital Projects - Other Capital Improvement Funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in this Report, immediately following the notes to the financial statements and required supplementary information.

The District annually adopts a budget for its governmental funds. Budgetary comparison statements have been provided as part of the basic financial statements for the General Fund to demonstrate compliance with the budget at the functional level. Budgetary comparison schedules for all the remaining funds are provided immediately following the notes to the financial statements and required supplementary information.

#### Proprietary Funds

Proprietary funds may be established to account for activities in which a fee is charged for services. Two types of proprietary funds are maintained:

- Enterprise funds are used to report the same functions as business-type activities in the government-wide financial statements. The District's only enterprise fund account was for the Extended Day Program that moved to the General Fund at the beginning of the fiscal year.
- Internal service funds are used to report activities that provide goods and services to support the District's other programs and functions through user charges. The District uses internal service funds to account for its self-insurance programs, print shop, and computer store. Since these services predominantly benefit governmental rather than business-type functions, the internal service funds have been included within the governmental activities in the government-wide financial statements. Individual fund data for each of these internal service funds is provided in the form of combining statements in this Report, immediately following the notes to the financial statements and required supplementary information.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail, for those enterprise funds determined to be major. The District's only enterprise fund, for the Extended Day Program, was presented as a separate major. Conversely, the internal service funds are combined into a single, aggregated column in the proprietary fund financial statements.

#### Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or fiduciary capacity for the benefit of external parties, such as student activity funds. Fiduciary funds are not reflected in the governmentwide statements because the resources are not available to support the District's own programs. In its fiduciary capacity, the District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes. The District uses agency funds to account for resources held for student activities and employee benefits programs.

#### Notes to the Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

#### **Required Supplementary Information Other than MD&A**

In addition to the basic financial statements and accompanying notes, this Report also presents required supplementary information (RSI) concerning the District's progress in funding its obligation to provide other postemployment benefits (OPEB) to its employees. RSI is also presented concerning the District's proportionate share of the net pension liability and required contributions for the cost-sharing defined-benefit pension plans in which it participates.

#### **Combining and Individual Fund Statements and Schedules**

The combining statements and additional budgetary comparison schedules referred to earlier in connection with non-major governmental funds and internal service funds are presented immediately following the Required Supplementary Information Other than MD&A.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The following is a summary of the District's net position as of June 30, 2016, compared to net position as of June 30, 2015:

#### District School Board of Seminole County, Florida's Net Position

Net position:							
Net investment in capital assets	523,354	516,451	-	-	523,354	516,451	
Restricted	27,821	40,220	-	-	27,821	40,220	
Unrestricted	(167,435)	(147,993)	1,003		(166,432)	(147,993)	
Total net position	\$ 383,740	\$ 408,678	\$ 1,003	\$-	\$ 384,743	\$ 408,678	

As of June 30, 2015, and 2016 amounts expressed in thousands)

The largest portion of the District's net position, \$516,450,933 (126.4 percent) is net investment in capital assets (e.g., land; construction in progress; buildings and fixed equipment; improvements

other than buildings; furniture, fixtures and equipment; motor vehicles; audio-visual materials; and computer software), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the net investment in capital assets is reported net of related debt, the resources used to repay the debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities.

The restricted portion of the District's net position, \$40,220,521 (9.8 percent), represents resources that are subject to external restrictions on how they may be used. The unrestricted net position, a deficit amount of \$(147,993,292) (negative 36.2 percent) is the result of having long-term obligations that are greater than currently available resources. The deficit net position for June 30, 2016, continues to be the result of implementing Government Accounting Standards Board (GASB) Statement No. 68, which was implemented in the 2015 fiscal year. See Note I.F.10. and Note II.E. to the financial statements for more information.

Overall, the current period results of operations increased the District's net position versus the prior fiscal year by \$23,935,119. This was composed of an increase in net position for governmental activities of \$24,938,461 and a decrease in business-type activities of \$1,003,342.

The key elements of the changes in the District's net position for the fiscal years ended June 30, 2015 and 2016, are as follows:

#### District School Board of Seminole County, Florida's Changes in Net Position

(\*) Adjustment to beginning net position in the fiscal year ended June 30, 2015 due to the implementation of GASB Statement No. 68.

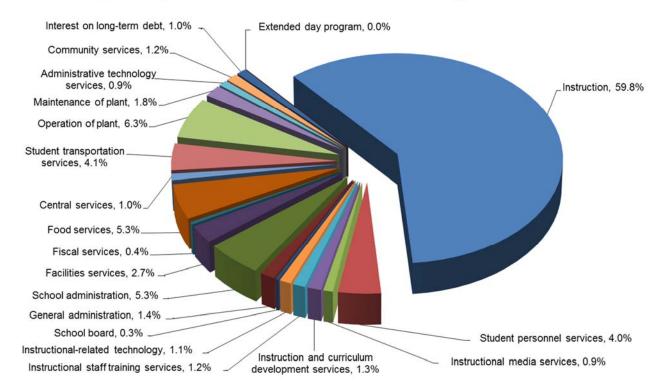

The largest revenue source for the District is from the State of Florida, Florida Education Finance Program (FEFP), which is presented as part of other unrestricted sources. FEFP revenue is based on a formula that utilizes student enrollment data, and is designed to maintain equity in funding across all Florida school districts, taking into consideration the District's funding ability based on the local property tax base. FEFP revenue increased by \$10,054,190 due to larger statewide annual appropriations for education, as well as increased enrollment.

The District's largest own-source revenue, property tax revenues, increased by \$10,003,414, or 4.6 percent versus the prior fiscal year, primarily due to an increase in taxable values. The increases resulted from taxes levied as part of the FEFP required local effort millage, district local capital improvement tax, and the additional voter approved 0.7 millage that was approved by voters in 2012 for four years pursuant to State Statutes. The rate levied for the additional voter-approved millage is variable, up to a maximum of one mill, subject to approval by the District Board. The current year levy of 0.7 mills was the same amount levied in the prior year. The additional funding from the voter approved millage was approximately \$1.0 million.

The District also receives one-quarter of a Seminole County, FL voter approved one-cent infrastructure surtax authorized under Section 212.005(2), Florida Statutes. The District receives their allocation of surtax revenues through an interlocal agreement on taxable sales generated in the County from January 1, 2015 to December 31, 2024. For the current year, sales tax revenues totaled \$17,114,690. This is the District's newest revenue source and it extends over a 10-year period.

#### Revenues by Source - Governmental and Business-type Activities

#### Expenses by Function - Governmental and Business-type Activities

Instruction expenses represent 59.8 percent of total governmental-wide expenses in the 2015-16 fiscal year. Instruction expenses increased by \$26,642,975, or 7.9 percent, from the previous fiscal year, primarily due to an increase in pension expense (approximately \$1.9 million), an increase in the compensated absences liability expense (approximately \$4.6 million), an increase in gain/loss on capital assets disposed expense (approximately \$6.7 million), and an increase in depreciation expense (approximately \$4.5 million). Other increases were related to salaries and benefits from a 2.25 percent average raise for teachers and other instructional personnel. Outside of instruction, other functions of the District also had various increases and decreases in expenses from the prior fiscal year.

The gain/loss on capital assets disposed expense was mainly attributable to furniture, fixtures, and equipment with a purchase price of less than \$1,000 that was included in the fixed asset inventory. The District changed the threshold for tracking these purchases from \$750 to \$1,000 dollars. The gain/loss on disposed equipment related to this valuation change was (approximately \$6.7 million).

#### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

#### **Governmental Funds**

The focus of the governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. Specifically, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as it represents the portion of fund balance that has not been limited to a particular purpose by an external party or the District.

The total fund balances of governmental funds increased during the current fiscal year by \$22,435,251 (29.2%). Of this amount, 51.5 percent was attributable to the General Fund, and 38.1 percent of the change was attributable to the Capital Outlay-Other Capital Improvement Fund. The total governmental fund balance at June 30, 2016, was \$99,278,253, of which 30.4 percent, or \$30,163,680, is unassigned and available for spending at the District's discretion. The remainder of the fund balance is nonspendable, restricted, or assigned to indicate that it is: 1) not in spendable form (\$2,413,325), 2) restricted for particular purposes (\$44,135,885), or 3) assigned for particular purposes (\$22,565,363).

#### Major Governmental Funds

The General Fund is the District's operating fund. At the end of the current fiscal year, unassigned fund balance is \$30,163,680, while the total fund balance is \$53,639,202. As a measure of the General Fund's liquidity, it may be useful to compare the total assigned and unassigned fund balances to General Fund total expenditures. The total assigned and unassigned General Fund balance is approximately 9.7 percent of the total General Fund expenditures, while total General Fund balance represents approximately 11.1 percent of total General Fund expenditures.

The total General Fund balance increased by \$11,556,338 during the current fiscal year. The primary factors impacting the change in fund balance are described below:

Florida Education Finance Program (FEFP) revenue increased by \$10,054,190 due to larger statewide annual appropriations for education, as well as increased enrollment; the FEFP is accounted for entirely in the General Fund.

Property tax revenues of the General Fund increased by \$7,841,227 versus the prior fiscal year, primarily due to an increase in voter-approved property taxes in the current fiscal year, as previously mentioned.

Total expenditures increased by \$6,932,062, or 1.5 percent, due to increased salaries and benefits resulting from a 2.25 percent average raise for District staff; increases in staffing levels; the addition of the Extended Day Program.

The Certificates of Participation Debt Service Fund had total fund balance of \$138,774 at June 30, 2016. These funds are restricted for future debt service. The fund balance decreased in the current fiscal year because of transfers for debt service were less than the amounts required for debt service payments.

Last year the District reported the §1011.71(2) Local Capital Improvement Tax Capital Projects Fund as a major fund. As of June 30, 2016, this fund did not meet the criteria to be considered as a District major fund and is now included in the nonmajor governmental funds category. The Other Capital Improvement Fund includes the following sources: Sales Tax Revenue 3<sup>rd</sup> Generation, County Impact Fee Revenues, and Local Capital Improvement activities. The Other Capital Improvement Fund reported a total fund balance of \$21,632,711 at June 30, 2016. These funds are both restricted and assigned for the acquisition, construction, and maintenance of capital assets. Of the total fund balance, \$4,314,337 has been encumbered for specific capital projects. The fund balance increased by \$8,551,012 in the current fiscal year to help meet planned future outlays of resources on pay-as-you-go projects and to make future debt service payments.

#### **Proprietary Funds**

The District's proprietary funds provide the same type of information reported in the governmentwide financial statements, but in more detail. The Extended Day Program Fund was moved to the General Fund at the beginning of the current fiscal year. The balance on June 30, 2015, of \$1,0003,342 was transferred to the General Fund at the beginning of the current fiscal year. There was no other activity for the current year in the Proprietary Funds.

#### **GENERAL FUND BUDGETARY HIGHLIGHTS**

During the 2015-16 fiscal year, the District amended its General Fund budget several times during the fiscal year to account for budget increases/decreases in revenue. This occurs primarily to account for changes in estimated State funding levels. Other revenue budget adjustments are made throughout the year when they are received, because of their unpredicted nature.

Final appropriations were greater than the original budgeted amounts by \$4,234,149, or 0.01 percent. The primary cause for the increase in appropriations for the current fiscal year was increases for facility services–noncapitalized purchases, the inclusion of the Extended Day Program to the General Fund, resulting in increases to community services, and other functional amendments included in the instructional category at the beginning of the year and later moved to the functional area where it was expended primarily by the schools. The remaining increase in budgeted expenditures were recorded at the same time as a corresponding increase in revenues related to unpredictable funding sources.

Actual revenues are approximately \$2.5 million in excess of budgeted revenues. The primary change is related to increases for: Changes from FEFP revenues of approximately \$0.9 million, increases in Medicaid funding that was not anticipated to be received by the end of the year of approximately \$1.1 million, increased collections from ad valorem property taxes by approximately \$0.6 million, and favorable increases to investment income by approximately \$0.6 million. These increases were offset by a reduction in charges for services related to the Extended Day Program of approximately \$0.8 million.

Actual expenditures are approximately \$25.6 million, or 5.3 percent, less than final budgeted amounts. The primary cause for unspent appropriations is related to schools and other programs carrying forward unspent appropriations that will be used in succeeding years. This accounts for approximately \$21.8 million (\$5.1 million for state required carryover programs, \$9.0 million for carryover programs, and \$7.7 million in purchase order obligations at year-end). The remaining amount appropriated in the next fiscal year to be used by schools and programs and utilizing those in the following year. Having the available resources to spend but not making the purchases at year-end. The balance of approximately \$3.8 million is due to savings in operations versus budgeted amounts, most notably in energy savings.

The actual ending fund balance exceeded the estimated fund balance contained in the final amended budget by approximately \$28.1 million, primarily attributable to \$25.6 in expenditures less than budget as explained above. The remaining \$2.5 million is attributable to revenues collected in excess of budgeted amounts, also explained above.

#### CAPITAL ASSETS AND LONG-TERM DEBT

#### **Capital Assets**

The District's capital assets for governmental activities as of June 30, 2016, totaled \$673,373,268 (net of accumulated depreciation and amortization). The capital assets include land; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures and equipment; motor vehicles; audio-visual materials; and computer software. The District's investment in capital assets (net of accumulated depreciation and amortization) for the current fiscal year decreased by \$24,541,233, or 3.5 percent. The change is attributable to additions to construction in progress (\$14,679,706), furniture, fixtures and equipment (\$5,156,009), motor vehicles (\$477,812) and software (\$90,817) offset by current year depreciation and amortization (\$37,696,303) and loss of disposal of non-fully depreciated assets (\$7,249,274).

There were four major projects in process at the end of the current fiscal year that are included as additions to construction in progress: Lake Howell High School Pool, Turf, and Track (\$1,793,568), Goldsboro Elementary Renovations and New Construction (\$6,945,658), Wekiva Elementary School Remodel and Renovation (\$649,036), and Hamilton Elementary School Campus-wide Remodel (\$581,230). There was also one major and two minor projects completed during the year that were added to construction in progress while being built. The major project was Jackson Heights Middle School Additions/Remodeling (\$4,080,301 completed in FY15-16, \$18,682,932 completed project amount) and the minor projects included Red Bug-Site Traffic Improvement (\$149,391 completed in FY15-16, \$221,222 completed project amount) and Lake Howell High School Fencing Improvement (\$79,335 completed in FY15-16, \$96,750 completed project amount).

The following is a summary of the District's capital assets as of June 30, 2015 and 2016:

#### District School Board of Seminole County, Florida's Capital Assets

(net of accumulated depreciation and amortization) As of June 30, 2015 and 2016

	 Governmental Activities			
	2015	2016		
Land	\$ 50,932,754	\$	50,931,157	
Construction in progress	15,685,038		11,363,840	
Buildings and fixed equipment	601,999,672		588,878,316	
Improvements other than buildings	2,026,129		1,964,915	
Furniture, fixtures, and equipment	15,361,776		10,257,452	
Motor vehicles	11,475,847		9,785,415	
Computer software	 433,285		192,173	
Total capital assets	\$ 697,914,501	\$	673,373,268	

Additional information on the District's capital assets can be found in Notes I.F.5. and II. D. to the financial statements.

#### **Debt Administration**

## The following is a summary of the District's long-term liabilities as of June 30, 2015 and 2016: **District School Board of Seminole County, Florida's**

Outstanding Long-Term Liabilities

	Governmental Activities		
	2015	2016	
Bonded debt:			
Certificates of participation	\$ 155,590,000	\$ 142,030,000

Total long-term liabilities	\$ 387,813,324	\$ 438,122,103	

As of June 30, 2015 and 2016

At June 30, 2016, the District has total long-term liabilities outstanding of \$438,122,103, net of premiums and discounts, including both bonded debt and other long-term liabilities. During the current fiscal year, principal debt payments, excluding refunding or amortization of premiums or discounts, totaled \$16,548,000.

On April 4, 2016, the District issued Certificates of Participation, Refunding Series 2016A, in the amount of \$31,415,000, which are secured via a Master Lease Agreement by approximately a quarter of the District's school buildings and other facilities. The proceeds of Refunding Series 2016A were used to refund the outstanding Certificates of Participation, Series 2006B.

On April 4, 2016, the District issued Certificates of Participation, Refunding Series 2016B, in the amount of \$14,000,000, which are secured via a Master Lease Agreement by approximately a quarter of the District's school buildings and other facilities. The proceeds of Refunding Series 2016B were used to partially refund the outstanding Certificates of Participation, Series 2009A.

Other Certificates of Participation series outstanding at June 30, 2016, are secured in a similar manner as the Certificates of Participation issued in the current fiscal year.

The State Board of Education (SBE) Bonds outstanding at June 30, 2016, are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax. The State's full faith and credit is also pledged as security for these bonds.

On July 15, 2014, the District received a rating of AA- on its Certificates of Participation from Fitch Ratings. Although the District does not have any outstanding general obligation bonds, the District's general obligation underlying rating continued to be AA from Fitch Ratings. No new debt rating has

been issued by Moody's or Standard and Poor's during the fiscal year. Moody's continues to rate the District at Aa2 for an underlying general obligation rating and Aa3 for the outstanding Certificates of Participation. Standard and Poor's continues to rate the District at AA for an underlying general obligation rating and AA- for the outstanding Certificates of Participation.

Additional information on the District's debt can be found in Note II. I. to the financial statements.

# **OTHER MATTERS OF SIGNIFICANCE**

In developing the fiscal year 2016-17 budget, the District considered many factors, including the following major:

- The latest enrollment projections for the District indicate an increase of approximately 696 students during the 2016-17 fiscal year.
- The Legislature provided the Board with an increase in formula funding of \$67.55 (or a positive 0.98 percent) in per student funding for the 2016-17 fiscal year.
- Employer contributions to the Florida Retirement System increased for regular employees from 7.26 to 7.52 percent of payroll for the 2016-17 fiscal year.
- Housing prices are expected to increase the taxable assessed value for the 2016-17 fiscal year.
- Contract settlements with all of the District's unions have been finalized for the 2016-17 fiscal year. The average salary increase of 2.75 percent was Board approved on May 27, 2016.
- The District anticipates a levy of 0.7 mills on the additional voted millage for the 2016-17 fiscal year, maintaining the same rate as the 2015-16 fiscal year.

# **REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in the MD&A or other required supplementary information, and financial statements and notes thereto, or requests for additional financial information should be addressed to the Director of Finance, Seminole County Public Schools, 400 East Lake Mary Boulevard, Sanford, Florida 32773-7127.

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position

June 30, 2016

Fund Balances - Total Governmental Funds		\$ 99,278,253
Amounts reported for governmental activities on the Statement of Net Position are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		
Nondepreciable capital assets Depreciable capital assets Less: Accumulated depreciation	\$ 62,294,997 1,126,102,659 (515,024,388)	673,373,268
Unavailable revenue for rebates and reimbursements in governmental funds is susceptible to full accrual on the entity-wide statements.		414,069
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.		
<ul> <li>Bonds payable</li> <li>Less: unamortized premiums on bonds payable</li> <li>Add: deferred charges on refunding</li> <li>Certificates of participation payable</li> <li>Less: unamortized premiums on certificates of participation payable</li> <li>Add: unamortized discounts on certificates of participation payable</li> <li>Add: deferred charges on refunding</li> <li>Less: deferred gains on refunding</li> <li>Accrued interest payable</li> <li>Compensated absences</li> </ul> On the governmental fund statements, a net pension liability is not recorded until an amount is due and payable and the pension plan's fiduciary net position is not sufficient for payment of those benefits (no such liability exists at the end of the current fiscal year). On the Statement of Net Position, the District's proportionate share of the net pension liability of the cost-sharing defined benefit pension plans in which the District participates is reported as a noncurrent liability. Additionally, deferred outflows and deferred inflows related to pensions are also reported in accordance with GASB Statement No. 68.	 (8,968,000) (216,243) 69,431 (142,030,000) (7,722,854) 24,604 3,057,529 (730,565) (214,272) (28,783,418)	(185,513,788)
Net pension liability Deferred outflows related to pensions Deferred inflows related to pensions	 (209,109,588) 55,856,439 (30,735,804)	(183,988,953)
The net other postemployment benefits obligation is not recorded as a liability on the governmental funds balance sheet.		(27,073,615)
Internal service funds are used by management to account for the cost of self-insurance, print shop, and the computer store. The assets and liabilities of the internal service funds are included in governmental activities on the Statement of Net Position.		32,188,928
Net Position of Governmental Activities		\$ 408,678,162

#### DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Fiscal Year Ended June 30, 2016

Net Change in Fund Balances - Total Governmental Funds		\$	22,435,251
Amounts reported for governmental activities on the Statement of Activities are different because:			
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of these assets is depreciated over their estimated useful lives and reported as depreciation expense.			
Expenditures for capital assets Less: Current year depreciation	\$ 20,404,343 (37,696,303)		(17,291,960)
In the Statement of Activities, only the loss on the sale/disposal of the capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the capital assets disposed.			(7,249,274)
Certain expenditures for software licenses paid in advance are recorded as expenditures in the period paid in the governmental funds. These expenditures are not recorded as expenditures until the period of benefit in the Statement of Activities.			(253,366)
Revenues for rebates and reimbursements in the Statement of Activities that do not provide current financial resources are not reported as revenues in the governmental funds.			(1,728,509)
The issuance of long-term debt (e.g., bonds, certificates of participation) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities.			
Debt issued or incurred:			
Certificates of participation Principal repayments:	(45,415,000)		
Bonds payable	998,000		
Certificates of participation	15,550,000		
Payment to escrow agent for refunding	 45,192,328		16,325,328
Some expenses in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.			
Change in long-term compensated absences	(2,771,882)		
Change in accrued interest payable	(43,280)		
Change in other postemployment benefits obligation	(1,866,250)		
Amortization of bonds payable premiums	38,720		
Amortization of certificate of participation premiums Amortization of certificate of participation discounts	900,577 (8,708)		
Amortization of deferred charges and gains on refunding, net	 (40,296)		(3,791,119)
Governmental funds report contributions to defined benefit pension plans as expenditures. However, in the Statement of Activities, the amount contributed to defined benefit pension plans			
reduces future net pension liability and is reported as part of deferred outflows of resourses.			23,657,689
In the Statement of Activities, pension expense is recorded for the District's proportionate share of collective pension expense of the cost-sharing defined benefit plans in which the District participates. Also included in pension expense are amounts required to be amortized in accordance with GASB Statement No. 68.			(15,993,103)
Internal service funds are used by management to account for the cost of self-insurance, print shop and the computer store. The net revenue and transfers in of certain activities of internal service funds are reported with governmental activities.			8,827,524
Change in Net Desition of Covernmental Activities		¢	24 020 404
Change in Net Position of Governmental Activities		\$	24,938,461

# NOTES TO THE FINANCIAL STATEMENTS

# I. Summary of Significant Accounting Policies

#### A. Reporting Entity

The District School Board of Seminole County, Florida (District), is a part of the public education system of the State of Florida, established pursuant to Article IX, Section 4, of the Constitution of the State of Florida. The District has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The governing body of the District is the School Board of Seminole County, Florida (Board), which is composed of five elected members. The appointed Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Seminole County.

The concept underlying the definition of the reporting entity is that elected officials are accountable to their constituents for their actions. The accompanying financial statements present the District and its component units, entities for which the District is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are included within the statements of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the District.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any entities for which the District is financially accountable and other organizations that the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading.

Based on the application of these criteria, the following component units are included within the District's reporting entity:

#### **Blended Component Unit**

The Seminole School Board Leasing Corporation, Inc. (Leasing Corporation) was formed to facilitate financing for the acquisition of facilities and equipment as further discussed in Note III. I. 1. The governing board of the Leasing Corporation is the same as the District School Board. Financial records for the Leasing Corporation are maintained by the District and District staff is responsible for the day-to-day operation of the Leasing Corporation. Due to the substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are blended in the financial statements. The Leasing Corporation does not issue separate financial statements.

# I. Summary of Significant Accounting Policies (continued)

# A. Reporting Entity (continued)

# Discretely Presented Component Units

The component units column in the basic financial statements includes the financial data of the District's other component units. The Foundation for Seminole County Public Schools, Inc. (Foundation) is a not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to raise funds; receive, hold, invest, and administer property; and to make expenditures for the benefit of the District. Section 1001.453, Florida Statutes, requires the Foundation to be authorized and approved by the District. Because of the nature and significance of its relationship with the District, the Foundation is considered a component unit. The Foundation has its own Board and does not provide services entirely or nearly entirely to the District, and therefore is discretely presented, rather than blended.

The District's charter schools, Choices in Learning, Inc., Galileo School for Gifted Learning, UCP Seminole Charter School, Seminole Science Charter School (Charter Schools) are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes. The Charter Schools operate under a charter approved by their sponsor, the District School Board of Seminole County. In accordance with a ruling by and requirement of the Florida Department of Education, the Charter Schools are included as component units of the District. According to the Florida Department of Education, the charter Schools are fiscally dependent on the District for their tax levy and the majority of their budget and create a financial burden on the District because the Charter Schools' full-time equivalent (FTE) student enrollment is the basis for the District to provide funding to the Charter Schools.

The amounts reported on the District's financial statements were derived from the Foundation's and Charter Schools' unaudited financial statements for the fiscal year ended June 30, 2016. The financial statements and reports for the audits conducted by independent certified public accountants are filed in the District's administrative office at 400 East Lake Mary Boulevard, Sanford, Florida. None of the component units are considered to be major funds in relation to the primary government. All financial statement notes for the Foundation and the Charter Schools are omitted from this Report since separate financial statements are available. The notes to the Foundation's and Charter Schools' statements should be used as an integral part to interpreting the financial statements of these component units.

# B. Basis of Presentation - Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees charged to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

#### I. Summary of Significant Accounting Policies (continued)

#### B. Basis of Presentation - Government-wide Financial Statements (continued)

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

The effects of interfund balances and activities have been eliminated from the government-wide financial statements, except for transfers between governmental activities and business-type activities.

The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities and for each segment of the business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation or amortized expenses are allocated to each function or program of the primary government.

#### C. Basis of Presentation - Fund Financial Statements

The fund financial statements provide information about the District's funds, including the fiduciary funds and blended component units. Separate statements for each fund category – governmental, proprietary and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements. Because the focus of governmental fund financial statements differs from the focus of government-wide financial statements, reconciliations are presented with each of the governmental fund financial statements.

The District reports the following major governmental funds:

The *General Fund* is the District's primary operating fund. It accounts for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.

The *Certificates of Participation Fund* is a debt service fund that accounts for the accumulation of resources for, and the payment of, debt principal, interest, and related costs on the long-term certificates of participation.

The *Capital Projects - Other Capital Improvement Fund* is funded by other sources. Other sources include revenue generated by the one-quarter of one-cent intergovernmental local sales tax, as approved by the voters pursuant to Section 212.055(2), F.S.; Impact fees revenues generated from the sale of new home construction; and other miscellaneous capital improvement revenue.

# I. Summary of Significant Accounting Policies (continued)

# C. Basis of Presentation - Fund Financial Statements (continued)

The District reported the following major enterprise fund in the previous fiscal year:

The *Extended Day Program Fund* was an enterprise fund in the prior fiscal year that accounted for the financial resources of the District's Extended Day Program. The program provided before and after school care to students. The fund was eliminated at the beginning of the 2016 fiscal year and the remaining balance was transferred to the general operating fund. Activities by the District's Extended Day Program in the 2016 fiscal year were reported in the general fund.

Additionally, the District reports the following fund types:

*Internal Service Funds* account for print shop, computer store, health insurance, and risk management services (including claims for workers' compensation, general liability, and property damage) provided to cost centers and schools of the District on a cost-reimbursement basis. The District has four internal service funds.

Agency Funds account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, and resources of the school internal funds, which are used to administer monies collected at schools in connection with student and club activities. The District has two agency funds, the *Student and Club Activities Fund* and *Employee Benefit Program Fund*.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding between funds at year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) were eliminated and transferred to the General Fund starting at the beginning of the current fiscal year.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

# I. Summary of Significant Accounting Policies (continued)

# D. Measurement Focus and Basis of Accounting

Accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured, such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been satisfied.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues, except for certain grant revenues, are recognized when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures are generally recognized when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, claims and judgments, other postemployment benefits, and compensated absences, are only recorded when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of long-term debt are reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

State revenues, property taxes, sales taxes, impact fees, Medicaid revenues, charges for services, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. All other revenue items are considered to be measurable and available only when cash is received by the District.

The proprietary funds are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. The agency funds have no measurement focus, but use the *accrual basis of accounting* for reporting assets and liabilities.

The UCP Seminole Charter School is accounted for under the not-for-profit basis of accounting and uses the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred.

The Foundation, Choices in Learning, Inc., Galileo School for Gifted Learning, and Seminole Science Charter School are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

# I. Summary of Significant Accounting Policies (continued)

# E. Budgetary Information

# **Budgetary Basis of Accounting**

The Board follows procedures established by State Statutes and State Board of Education rules in establishing budget balances for governmental funds, as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by law and State Board of Education rules.
- Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each functional activity (e.g., instruction, student personnel services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report. This object level is the legal level of budgetary control.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year-end and encumbrances outstanding are honored from the subsequent-year appropriations.

# F. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance

# 1. Cash and cash equivalents

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes. For the enterprise and internal service funds, the statements of cash flows consider cash as those funds deposited in demand deposit accounts and cash equivalents as those amounts invested in money market funds.

# 2. Investments

Investments consist of amounts placed in the State Board of Administration (SBA) debt service accounts for investment of debt service funds, amounts placed with the SBA for participation in the Florida PRIME investment pool created by Section 218.405, Florida Statutes, and those made locally. These investment pools operate under investment guidelines established by Section 215.47, Florida Statutes.

# I. Summary of Significant Accounting Policies (continued)

# F. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

# 2. Investments (continued)

The District's investments in the SBA debt service accounts are administered by the State Board of Education (SBE) to provide for debt service payments on bonded debt issued by the SBE for the benefit of the District. Disclosures for the debt service accounts are included in the notes to the financial statements of the State of Florida's Comprehensive Annual Financial Report. The District relies on policies developed by the SBA for managing interest rate risk and credit risk for this account.

The District's investments in Florida PRIME, which the SBA indicates is a Securities and Exchange Commission Rule 2a7-like external investment pool, are similar to money market funds in which shares are owned in the fund rather than the underlying investments. These investments are reported at fair value, which is amortized cost. The District has local investments in the Florida Educational Investment Trust. The trust is also a Securities and Exchange Commission Rule 2a7-like external investment pool. These investments are reported at fair value, which is amortized cost. Other investments made locally consist of Money Market Mutual Funds, United States Treasury Securities, Obligations of United States Government Instrumentalities and Agencies, State and Local Debt, and Commercial Paper. These investments are reported at fair value.

The District categorizes its fair value measurements within the fair value hierarchy established in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Types and amounts of investments held at fiscal year-end are described in a subsequent note.

# 3. Inventories

Inventories consist of expendable supplies held for consumption in the course of District operations. The supply and transportation inventories are stated using a weighted average cost. The print shop and maintenance inventories are stated at last invoice price that approximates the first-in, first-out basis. Food service inventory is stated at cost on the first-in, first-out basis. United States Department of Agriculture donated foods are stated at fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Service, Bureau of Food Distribution. The costs of inventories are recorded as expenditures when used rather than purchased.

# 4. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods. In the government-wide and proprietary fund statements, these items are recorded as prepaid items and the cost of these items is recorded as an expense when consumed rather than when purchased. In the governmental fund statements, the purchases method is used, and costs applicable to future accounting periods are recorded as expenditures when paid.

# I. Summary of Significant Accounting Policies (continued)

# F. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

# 5. Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net position, but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those having an estimated useful life of more than one year and costing more than \$1,000 for furniture, fixtures and equipment; motor vehicles; audio-visual materials; and computer software; and \$50,000 for improvements other than buildings; buildings and fixed equipment; and construction in progress. Such assets are recorded at historical cost or estimated historical cost. Donated assets are recorded at fair value at the date of donation. All land purchases are included in capital assets regardless of cost.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized. Gains or losses on disposal of capital assets are included as income in the period of disposal.

Land and construction in progress are not depreciated. Capital assets are depreciated or amortized using the straight-line method over the following estimated useful lives:

Description	Estimated Lives
Improvements Other than Buildings	15 years
Buildings and Fixed Equipment	10 – 40 years
Furniture, Fixtures and Equipment	6 years
Motor Vehicles	10 years
Audio-Visual Materials and Computer Software	5 years

Current year information relative to changes in capital assets is described in a subsequent note.

# 6. Unearned Revenue

Unearned revenue presented on both the governmental and proprietary fund financial statements represents advance collection of funds for services to be provided in future reporting periods. Unearned revenue in the nonmajor governmental funds consists primarily of prepayments for school lunches and local/non-federal grant advances. Unearned revenue in the internal service funds consists primarily of benefits and payroll deductions applicable to future fiscal year health insurance coverage in the self-insurance funds. Unearned revenues on the government-wide financial statements are the same as those reported on the governmental and proprietary statements.

# I. Summary of Significant Accounting Policies (continued)

# F. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

# 7. Long-Term Liabilities

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. Debt premiums and discounts are amortized, using a straight-line method over the term of the related debt. Bonds and certificates of participation payable are reported net of applicable premiums and discounts.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until they become due. Governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued and premiums are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Changes in long-term liabilities for the current year are reported in a subsequent note.

# 8. Compensated Absences

In the government-wide financial statements, compensated absences are accrued as liabilities to the extent that it is probable that the benefits will result in a payment. A liability is reported for compensated absences in the governmental fund financial statements only if they have matured. The liability for compensated absences includes salary-related benefits, where applicable. For the calculation of sick leave termination liability, the District uses the termination payments method.

# 9. Deferred Outflows / Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for *deferred outflows of resources*. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and will not be recognized as an outflow of resources (expense/expenditure) until then.

The District has two items that qualify for reporting as deferred outflows of resources, the *deferred charge on refunding* and the *deferred outflows related to pensions*, both reported in the government-wide statement of net position. A deferred charge on refunding results from debt refinancing, whereby the reacquisition price of the refunding debt instruments exceed their net carrying amount. The deferred charge on refunding is amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows related to pensions are an aggregate of items related to pensions as calculated in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. The deferred outflows related to pension liability in future reporting years. Details on the composition of the deferred outflows related to pensions are further discussed in Note II. E.

# I. Summary of Significant Accounting Policies (continued)

# F. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

# 9. Deferred Outflows / Inflows of Resources (continued)

In addition to liabilities, the statement of financial position will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. The District has three items that qualify for reporting as deferred inflows of resources.

The first two items reported as deferred inflows of resources are the *deferred gain on refunding* and the *deferred inflows related to pensions*, both reported in the government-wide statement of net position. A deferred gain on refunding results from a debt refinancing whereby the net carrying amount of the debt instrument exceeds the reacquisition price of the refunding debt. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred inflows related to pensions are an aggregate of items related to pensions as calculated in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. The deferred inflows related to pensions will be recognized as a reduction to pension expense in future reporting years. Details on the composition of the deferred inflows related to pensions are further discussed in Note II. E.

The third and final deferred inflow of resources arises only under a modified accrual basis of accounting. The item, *unavailable revenue*, is reported only in the governmental funds balance sheet, which represents amounts receivable but not available for rebates and reimbursements. The unavailable revenue amounts are deferred as of the balance sheet date because they were not collected within 60 days of the fiscal year end. The deferred amounts will be recognized as an inflow of resources in the period that the amounts become available.

# 10. Pensions / Net Pension Liability

In the government-wide financial statements, net pension liability represents the District's proportionate share of the net pension liability of the cost-sharing pension plans in which it participates. This proportionate amount represents a share of the present value of projected benefit payments to be provided through the cost-sharing pension plan to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the cost-sharing pension plan's fiduciary net position.

The District participates in both the Florida Retirement System (FRS) defined benefit pension plan and the Health Insurance Subsidy Program (HIS) defined benefit plan administered by Florida Division of Retirement (collectively, FRS/HIS).

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the FRS/HIS and additions to/deductions from FRS/HIS's fiduciary net position have been determined on the same basis as they are reported by FRS/HIS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

# I. Summary of Significant Accounting Policies (continued)

# F. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

# 11. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes.

Nonspendable fund balance includes items that cannot be spent because they are not in spendable form, such as inventory. All other categories of fund balance, other than nonspendable, are collectively known as spendable fund balance.

Restricted fund balances encompass the portion of net fund resources subject to externally enforceable legal restrictions. This includes externally imposed restrictions by creditors (such as through debt covenants), grantors, contributors, laws or regulations of other governments, as well as restrictions imposed by law through constitutional provisions or enabling legislation. The categories of fund balance other than restricted and nonspendable are collectively known as unrestricted fund balance.

The District itself can establish limitations on the use of unrestricted resources through either a commitment (committed fund balance) or an assignment (assigned fund balance). The Board (the District's highest level of decision-making authority) has not established a policy to commit fund balance, therefore, no such balance is reported.

The District and the Board also have not established a policy to assign fund balance. However, certain actions taken by the District, as subsequently described, assign fund balance in accordance with GASB Statement No. 54. Included in assigned fund balance is an amount for purchase order obligations outstanding that have not been already included as restricted fund balance. In addition, an amount is included in assigned fund balance for certain program budgets carried over from year-to-year outside of those required by State Statute. Finally, part of the nonmajor capital projects fund balance represents a residual unspent balance of funds that are not restricted by external parties, but have been assigned by the Board for specific capital projects.

The residual fund balance remaining is reported as unassigned fund balance and is the excess of nonspendable, restricted, committed, and assigned fund balance. The general fund is the only fund that reports a positive unassigned fund balance amount.

# 12. Fund Balance Flow Assumption

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

# I. Summary of Significant Accounting Policies (continued)

# F. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

# 13. Minimum Fund Balance Policy

The Board has set a policy to provide for a 4 percent minimum unassigned fund balance for the General Fund, if feasible, based on the recurring expenditure budget; this amount is currently reported as unassigned fund balance and totals \$30,163,680 of the adopted 2016-17 fiscal year budget.

# 14. Net Position

The government-wide and business-type activities fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted. Net investment in capital assets groups all capital assets into one component of net position; accumulated depreciation and the outstanding balances of debt that are attributed to the acquisition, construction or improvement of these assets reduce the balance in this category. Restricted net position includes all net position with external restrictions imposed by creditors, grantors, or laws and regulations of other governments. Unrestricted net position is the residual amount of net position of the District that is not restricted for any particular purpose.

# 15. Net Position Flow Assumption

Sometimes the District will fund outlays for a particular purpose from both restricted (e.g., grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

# G. Revenues and Expenditures/Expenses

# 1. Program Revenues

Amounts reported as program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than program revenues. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

# I. Summary of Significant Accounting Policies (continued)

# G. Revenues and Expenditures/Expenses (continued)

# 2. District Property Taxes

The Board is authorized by State law to levy property taxes for District school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Seminole County Property Appraiser, and property taxes are collected by the Seminole County Tax Collector.

The Board adopted the 2015 tax levy on September 8, 2015. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become a lien on the property on January 1, and are delinquent on April 1, of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Seminole County Tax Collector at fiscal year-end but not yet remitted to the District.

Millage rates and taxes levied for the current year are presented in a subsequent note.

# 3. State Revenue Sources

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the Florida Department of Education (Department) under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the Department. The Department performs certain edit checks on the reported number of FTE and related data, and calculates the allocation of funds to the District. The District is permitted to amend its original reporting for a period of five months following the date of the original reporting. Such amendments may impact funding allocations for subsequent years. The Department may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the year when the adjustments are made.

# I. Summary of Significant Accounting Policies (continued)

# G. Revenues and Expenditures/Expenses (continued)

# 3. State Revenue Sources (continued)

The State provides financial assistance to administer certain educational programs. State Board of Education rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same educational programs. The Department generally requires that these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental fund financial statements for the balance of categorical and earmarked educational program resources.

A schedule of revenue from State sources for the current year is presented in a subsequent note.

# 4. Local Government Infrastructure Surtax (Local Sales Tax)

On May 20, 2014, the voters of Seminole County approved a one-cent infrastructure surtax authorized under Section 212.055(2), Florida Statutes on taxable sales in the County. Through an interlocal agreement, the District receives one-quarter of the surtax revenues over a 10-year period that started on January 1, 2015 and will go through December 31, 2024.

# 5. Educational Impact Fees

Seminole County imposes an educational impact fee based on an ordinance adopted by the County Commission in 1992. This ordinance was most recently amended in October 2007, when Ordinance 2007-41 established, in part, revised rates to be collected. The educational impact fee is collected by the County and each municipality within the County based on an interlocal agreement. The fees shall be used solely for the purpose of providing capital improvements to the public educational system necessitated by new residential development, and shall not be used for any expenditure that would be classified as a maintenance or repair. The authorized uses include, but are not limited to, land acquisition; facility design and construction costs; furniture and equipment; and payment of principal, interest, and related costs of indebtedness necessitated by new residential development.

# 6. Federal Revenues Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

# I. Summary of Significant Accounting Policies (continued)

# G. Revenues and Expenditures/Expenses (continued)

# 7. Proprietary Funds Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations. The principal operating revenues of the District's enterprise fund and internal service funds are charges for sales and services and premiums charged to the District and employees under various insurance programs. The principal operating expenses for the enterprise fund and the internal service funds include salary and benefits, cost of sales and services, claims, and premiums for excess coverage. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

# II. Detail Notes on All Activities and Funds

# A. Cash Deposits with Financial Institutions

**Custodial Credit Risk - Cash Deposits**. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. It is the policy of the District that all cash deposits are to be held in institutions which are qualified as public depositories under Florida law. The District is in compliance with this policy, and all bank balances of the District are fully insured or collateralized as required by Chapter 280, Florida Statutes.

Cash balances from all funds are combined and invested to the extent available. Earnings are allocated monthly to each fund based on average daily balances.

Remainder of this page was intentionally left blank.

# II. Detail Notes on All Activities and Funds (continued)

#### **B.** Investments

As of June 30, 2016, the District had the following investments:

#### **Primary Government**

	Credit	Rating	
Investments	Rating	Agent	Fair Value
State Board of Administration:			
Florida PRIME	AAAm	S&P	\$ 56,522,732
Debt service account	(1)	(1)	216,084
Intergovernmental investment pools:			
Florida Education Investment Trust	AAAm	S&P	10,195,779
Florida Education Investment Trust - Term	AAAf	S&P	5,003,616
Money market funds:

United States Treasury securities	AA+	S&P	21,926,404
Obligations of U.S. government agencies			
and U.S. government instrumentalities	AA+	S&P	35,489,228
Municipal Bonds	AA	S&P	751,717
Commercial paper	A-1	S&P	2,789,267
Total investments			\$157,356,017

(1) Investment managed by the Florida SBA, but is outside the scope of the District's investment policy, see Note I. F. 2.

(2) Investment not rated by rating agency, however meets all investment policy requirements.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most reliable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtaining quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable, and uses significant unobservable inputs that uses the best information available under the circumstances, which includes the District's own data in measuring unobservable inputs.

# II. Detail Notes on All Activities and Funds (continued)

# **B.** Investments (continued)

The District has the following recurring fair value measurements as of June 30, 2016:

#### **Primary Government**

	Total Fair Value	M	oted Prices n Active arkets for tical Assets	Significant Other Observable Inputs	Significant nobservable Inputs
Investments	6/30/2016	(	Level 1)	(Level 2)	(Level 3)

Obligations of U.S. government					
agencies and instrumentalities	35,489,228			35,489,228	
Municipal Bonds	751,717			751,717	
Commercial paper	 2,789,267				2,789,267
Total investments	\$ 157,356,017	\$	-	\$154,566,750	\$ 2,789,267

*Credit Risk.* Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. District policy limits the investments allowed to be purchased to the following:

- Florida State Board of Administration Funds (Florida PRIME)
- United States Government Securities
- Obligations of United States Government Agencies or Instrumentalities
- Repurchase Agreements collateralized by obligations of the United States Government, its Agencies or Instrumentalities
- Time Deposit or Savings Accounts
- Intergovernmental Investment Pools
- Money Market Funds that are registered under the Federal Investment Company Act of 1940 and operate in accordance with 17 Code of Federal Regulations, Section 270.2a-7, which stipulates that money market funds must have an average, weighted maturity of 90 days or less and where the share value of the money market funds is equal to one dollar
- Commercial Paper and Bankers Acceptances that are rated at least "P-1" by Moody's and "A-1" by Standard & Poor's (S&P)
- State and/or local government taxable and/or tax-exempt debt that are rated at least "Aa" by Moody's and "AA" by Standard & Poor's on long-term debt or "MIG-2" by Moody's and "SP-2" by Standard & Poor's on short-term debt

**Concentration of Credit Risk**. Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. Composition of investment portfolio, calculated based on the fair value, is limited by District policy.

# II. Detail Notes on All Activities and Funds (continued)

# B. Investments (continued)

District policy places the following limits on concentration of investments by type and issuer:

Type of Investment	Per Issuer Maximum	Percentage In Total
Florida State Board of Administration Funds (Florida PRIME)	*	50%
United States Government Securities	*	100%
Obligations of United States Government Agencies	40%	80%
Obligations of United States Government Instrumentalities	40%	80%
Repurchase Agreements collateralized by obligations of the United States Government, its Agencies and Instrumentalities	25%	50%
Time Deposit or Savings Accounts	15%	25%
Intergovernmental Investment Pools	*	25%
Money Market Funds	50%	75%
Commercial Paper	10%	35%
Bankers Acceptances	10%	35%
State and/or Local Government Taxable and/or Tax-Exempt Debt	*	20%

\* Per Issuer Maximum Not Applicable

### II. Detail Notes on All Activities and Funds (continued)

#### B. Investments (continued)

**Custodial Credit Risk - Investments**. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. District policy requires that all investments, other than investments in money market funds, Florida Education Investment Trust, and the State Board of Administration, be held in the District's name in custodial and/or trustee accounts by an independent custodial bank. All investments, except for investments in money market funds, Florida Education Investments in money market funds, rust, and the State Board of Administration, were held in custodial accounts in the District's name by an independent custodial bank.

**Interest Rate Risk**. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. District policy limits the length of investments to the type of investments ranging up to five years and to the extent possible investment of current operating funds to two years. All investments, during the fiscal year and at year-end, were authorized in District policy.

The following schedule summarizes the investments held as of June 30, 2016, by annual maturity for assessing interest rate risk:

Total depreciation and amortization expense	\$ 37,696,303

# E. Pension Obligations

# 1. General Information about the Florida Retirement System (FRS)

The Florida Retirement System (FRS) was created by Chapter 121, Florida Statutes. The FRS was created to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan to assist retired members of any state-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the stateadministered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature.

### II. Detail Notes on All Activities and Funds (continued)

### E. Pension Obligations (continued)

### 1. General Information about the Florida Retirement System (FRS) (continued)

The FRS is a cost-sharing, multiple-employer public-employee retirement system with two defined benefit plans and other nonintegrated programs administered by the Department of Management Services, Division of Retirement. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services, Division of Retirement. The comprehensive annual financial report of the FRS is available by mail at P.O. Box 9000, Tallahassee, Florida 32315-9000; by telephone toll free at (844) 377-1888 or (850) 907-6500; by e-mail at rep@dms.myflorida.com; or at the Division's Web site (http://www.dms.myflorida.com/workforce\_operations/retirement/publications).

The FRS Investment Plan is administered by the Florida State Board Administration (SBA), and is reported in an SBA annual financial statement and in the State of Florida Comprehensive Annual Financial Report. The State of Florida Comprehensive Annual Financial Report is available from the Florida Department of Financial Services, Bureau of Financial Reporting Statewide Financial Reporting Section by mail at 200 E. Gaines Street, Tallahassee, Florida 32399-0364; by telephone at (850) 413-5511; or at the Department's Web site (http://www.myfloridacfo.com/Division/AA/Reports/).

### 2. Defined Benefit Pension Plans

The District follows GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, for reporting the employers' proportionate share of the net pension liabilities for the FRS and HIS defined benefit pension plans.

# Florida Retirement System (FRS) Defined Benefit Pension Plan

*Plan Description.* The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- Regular Class Members of the FRS who do not qualify for membership in the other classes.
- Senior Management Service Class (SMSC) Members in senior management level positions.
- Elected Officers' Class (EOC) Elected School Board members.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Members of the Plan may include up to four years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

### II. Detail Notes on All Activities and Funds (continued)

### E. Pension Obligations (continued)

### 2. Defined Benefit Pension Plans (continued)

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

**Benefits Provided.** Benefits under the FRS Pension Plan are computed on the basis of age, average final compensation, creditable years of service, and accrual value by membership class. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. Pension benefits of retirees and annuitants are increased each July 1 by a cost-of-living adjustment. As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. FRS Pension Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement. Terms of the benefits provided by the Plan may be amended only by the State Legislature with a change in the Statutes governing the Plan.

**Contributions.** The State of Florida establishes contribution rates for participating employers and employees. The District's employer and employee contribution rates are established in Section 121.71, Florida Statutes. Employer contribution rates under the uniform rate structure (a blending of both the FRS Pension Plan and Investment Plan rates) are recommended by the Plan actuary but set by the Legislature. Statutes require any unfunded actuarial liability be amortized over 30 plan years. Contribution rates during the 2015-16 fiscal year were as follows:

	Percent of G	Fross Salary
Class	Employee	Employer (A)
Florida Retirement System, Regular	3.00	7.26
Florida Retirement System, Elected County Officers	3.00	42.27
Florida Retirement System, Senior Management Service	3.00	21.43
Deferred Retirement Option Program - Applicable to Members from All of the Above Classes	0.00	12.88
Florida Retirement System, Reemployed Retiree	(B)	(B)

(A) Employer rates include 1.66 percent for the retiree health insurance subsidy program. Also, employer rates, other than for DROP participants, include 0.04 percent for administrative costs of the Investment Plan.

(B) Contribution rates are dependent upon the retirement class in which the employee was reemployed.

The District's contributions to the FRS Pension Plan (not including the 1.66 percent HIS Program Contributions or employee contributions) totaled \$18,310,800 for the fiscal year ended June 30, 2016. Employee contributions totaled \$7,202,056 for the same period.

### II. Detail Notes on All Activities and Funds (continued)

### E. Pension Obligations (continued)

### 2. Defined Benefit Pension Plans (continued)

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.** At June 30, 2016, the District reported a liability of \$103,245,872 for its proportionate share of the FRS Pension Plan net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2015. The District's proportionate share of the net pension liability was based on accrued retirement contributions for employers that were members of the FRS Pension Plan during the fiscal year ended June 30, 2015. At June 30, 2015, the District's proportionate share of 0.0210 percent from its proportionate share of 0.8204 percent measured as of June 30, 2014.

For the year ended June 30, 2016, the District recognized pension expense of \$8,137,771 for the FRS Pension Plan. At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to pensions for the FRS Pension Plan from the following sources:

	Deferred Outflows of	Deferred Inflows of
	Resources	Resources
Differences between expected and actual experience	\$ 10,899,707	\$ 2,448,678
Changes in assumptions	6,852,775	-
Net difference between projected and actual earnings on pension plan investments	-	24,653,387
Changes in proportion and differences between District contributions and proportionate share of contributions	5,491,655	2,760,474
District contributions subsequent to the measurement date	18,310,800	
Total	\$ 41,554,937	\$ 29,862,539

The deferred outflows of resources related to pensions totaling \$18,310,800 resulting from District contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported for the FRS Pension Plan as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year	
Ending	Amount
June 30,	Recognized
2017	\$ (2,760,520)
2018	(2,760,520)
2019	(2,760,519)
2020	(2,760,518)
2021	3,402,828
Thereafter	1,020,847

### III. Detail Notes on All Activities and Funds (continued)

### E. Pension Obligations (continued)

### 2. Defined Benefit Pension Plans (continued)

**Actuarial Assumptions.** The total pension liability for the FRS Pension Plan was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions below.

Valuation date Measurement date	July 1, 2015 June 30, 2015
Discount rate	7.65%
Long-term expected rate of return, net of investment expense	7.65%
Municipal bond rate	N/A
Inflation	2.60%
Salary increase, including inflation	3.25%
Mortality	Generational RP-2000 with Projection Scale BB
Actuarial cost method	Entry Age Normal

The actuarial assumptions that determined the total pension liability of the FRS Pension Plan as of June 30, 2015, were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013.

Remainder of this page was intentionally left blank

# II. Detail Notes on All Activities and Funds (continued)

### E. Pension Obligations (continued)

### 2. Defined Benefit Pension Plans (continued)

**Discount Rate.** The discount rate used to measure the total pension liability for the FRS Pension Plan disclosed above is based on a projection of cash flows that assumed that employee contributions will be made at the current contribution rate and that contributions from participating members will be made at statutorily required rates, actuarially determined. Based on those assumptions, the FRS Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Long-Term Expected Rate of Return.** To develop an analytical basis for the selection of the long-term expected rate of return assumption for the FRS Pension Plan, the 2015 FRS Actuarial Assumptions conference reviews long-term assumptions developed by multiple contracted capital market assumptions teams. The table below shows resulting assumptions for each of the asset classes in which the plan was invested based on the long-term target asset allocation. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model. The expected real rate of return is presented in arithmetic means.

	_	Long-Term Arithmetic
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Cash	1.0%	3.2%
Fixed Income	18.0%	4.8%
Global Equity	53.0%	8.5%
Real Estate (Property)	10.0%	6.8%
Private Equity	6.0%	11.9%
Strategic Investments	12.0%	6.7%
Total	100.0%

### E. Pension Obligations (continued)

### 2. Defined Benefit Pension Plans (continued)

Sensitivity of the District's Proportionate Share of the Net Position Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability of the FRS Pension Plan calculated using the discount rate of 7.65 percent. Also presented is what the District's proportionate share of the FRS Pension Plan net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.65 percent) or 1-percentage-point higher (8.65 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	(6.65%)	(7.65%)	(8.65%)
District's proportionate share of the			
FRS Pension Plan net pension liability	\$267,533,404	\$103,245,872	\$(33,468,340)

**Pension Plan Fiduciary Net Position.** Detailed information about FRS Pension Plan's fiduciary net position is available in the separately issued FRS Comprehensive Annual Financial Report. The comprehensive annual financial report of the FRS is available by mail at P.O. Box 9000, Tallahassee, Florida 32315-9000; by telephone toll free at (844) 377-1888 or (850) 907-6500; by e-mail at rep@dms.myflorida.com; or at the Division's Web site (http://www.dms.myflorida.com/workforce\_operations/retirement/publications).

### Retiree Health Insurance Subsidy (HIS) Program Defined Benefit Pension Plan

**Plan Description.** The HIS Pension Plan is a cost-sharing multiple-employer defined benefit pension plan established to provide a monthly subsidy payment to retired members of any state-administered retirement system in order to assist such retired members in paying the costs of health insurance. Persons are eligible for health insurance subsidy payments who are retired under a state-administered retirement system, or a beneficiary who is a spouse or financial dependent entitled to receive benefits under a state-administered retirement system except those individuals who are pension recipients under Sections 121.40, 237.08(18)(a) and 250.22, Florida Statutes, or recipients of health insurance coverage under Section 110.1232, Florida Statutes or any other special pension or relief act are not eligible for such pension payments. A person is deemed retired from a state-administered retirement system when they terminate employment with all employers participating in the FRS and:

- For a member of the FRS investment plan, the participant meets the age or service requirements to qualify for normal retirement per Section 121.021(29), Florida Statutes, and meets the definition of retiree in Section 121.4501(2), Florida Statutes.
- For a member of the FRS defined benefit pension plan, or any employee who maintains creditable service under the pension plan and the investment plan, the member begins drawing retirement benefits from the pension plan.

# II. Detail Notes on All Activities and Funds (continued)

### E. Pension Obligations (continued)

### 2. Defined Benefit Pension Plans (continued)

Any person retiring on or after July 1, 2001, as a member of the FRS, including a member of the investment plan, must satisfy the vesting requirements for his or her membership class under the pension plan as administered under Chapter 121, Florida Statutes. Any person retiring due to disability must qualify for a regular or in-line-of-duty disability benefit per provisions under Chapter 112, Florida Statutes.

**Benefits Provided.** The benefit of the HIS Pension Plan is a monthly payment to assist retirees of state-administered retirement systems in paying their health insurance costs and is administered by the Department of Management Services, Division of Retirement. HIS benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

For the fiscal year ended June 30, 2016, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of creditable service completed at the time of retirement multiplied by \$5. The payments are at least \$30 but not more than \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which can include Medicare. Terms of the benefits provided by the Plan may be amended only by the State Legislature with a change in the Statutes governing the Plan.

**Contributions.** The HIS Pension Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2016, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. There are no employee contributions required for the HIS Pension Plan. HIS Pension Plan contributions are deposited in a separate trust fund from which HIS payments are authorized.

The District's contributions to the HIS Pension Plan totaled \$5,346,889 for the fiscal year ended June 30, 2016.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.** At June 30, 2016, the District reported a liability of \$105,863,716 for its proportionate share of the HIS Pension Plan net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014. The District's proportionate share of the net pension liability was based on accrued retirement contributions for employers that were members of the HIS Pension Plan during the fiscal year ended June 30, 2015. At June 30, 2015, the District's proportionate share of 1.0493 measured as of June 30, 2014.

### II. Detail Notes on All Activities and Funds (continued)

### E. Pension Obligations (continued)

### 2. Defined Benefit Pension Plans (continued)

For the year ended June 30, 2016, the District recognized pension expense of \$7,855,331 for the HIS Pension Plan. At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to pensions for the HIS Pension Plan from the following sources:

	Deferred Outflows of	Deferred Inflows of	
	Resources	Resources	
Changes in assumptions	\$ 8,328,711	\$-	
Net difference between projected and actual earnings on pension plan investments	57,307	-	
Changes in proportion and differences between District contributions and proportionate share of contributions	568,595	873,265	
District contributions subsequent to the measurement date	5,346,889		
Total	\$ 14,301,502	\$ 873,265	

The deferred outflows of resources related to pensions totaling \$5,346,889 resulting from District contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ending June 30, 2017. Other amounts reported for the HIS Pension Plan as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year	
Ending	Amount
June 30,	Recognized
2017	\$ 1,590,225
2018	1,590,225
2019	1,590,225
2020	1,590,224
2021	1,575,898
Thereafter	144,551

**Actuarial Assumptions.** The total pension liability for the HIS Pension Plan was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions below, and was then projected to the measurement date.

Remainder of this page was intentionally left blank.

### II. Detail Notes on All Activities and Funds (continued)

### E. Pension Obligations (continued)

### 2. Defined Benefit Pension Plans (continued)

Valuation date	July 1, 2014
Measurement date	June 30, 2015
Discount rate	3.80%
Long-term expected rate of return,	
net of investment expense	N/A
Municipal bond rate	3.80%
Inflation	2.60%
Salary increase, including inflation	3.25%
Mortality	Generational RP-2000
	with Projection Scale BB
Actuarial cost method	Entry Age Normal

The actuarial assumptions that determined the total pension liability of the HIS Pension Plan as of June 30, 2015, were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013.

**Discount Rate.** In general, the discount rate for calculating the total pension liability is equal to the single-rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS Pension Plan is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

**Long-Term Expected Rate of Return.** As stated above, the HIS Pension Plan is essentially funded on a pay-as-you-go basis. As such, there is no assumption for a long-term expected rate of return on a portfolio, no assumptions for cash flows into and out of the pension plan, or assumed asset allocation.

Sensitivity of the District's Proportionate Share of the Net Position Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability of the HIS Pension Plan calculated using the discount rate of 3.80 percent. Also presented is what the District's proportionate share of the HIS Pension Plan net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.80 percent) or 1-percentage-point higher (4.80 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	(2.80%)	(3.80%)	(4.80%)
District's proportionate share of the HIS Pension Plan net pension liability	\$120,626,776	\$105,863,716	\$ 93,553,539

### II. Detail Notes on All Activities and Funds (continued)

### E. Pension Obligations (continued)

### 2. Defined Benefit Pension Plans (continued)

**Pension Plan Fiduciary Net Position.** Detailed information about HIS Pension Plan's fiduciary net position is available in the separately issued FRS Comprehensive Annual Financial Report. The Comprehensive Annual Financial Report of the FRS is available by mail at P.O. Box 9000, Tallahassee, Florida 32315-9000; by telephone toll free at (844) 377-1888 or (850) 907-6500; by e-mail at rep@dms.myflorida.com; or at the Division's Web site (http://www.dms.myflorida.com/workforce\_operations/retirement/publications).

### 3. Defined Contribution Pension Plan

### Florida Retirement System (FRS) Investment Plan

The District contributes to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA, and is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report. As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined-benefit plan. District employees already participating in DROP are not eligible to participate in this program.

Service retirement benefits are based upon the value of the member's account upon retirement. Employer and employee contributions, including amounts contributed to individual member accounts, are defined by law, but the ultimate benefit depends, in part, on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined-benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Allocations to the investment member accounts during the 2015-16 fiscal year were as follows:

	Percent of G	Percent of Gross Salary		
Class	Employee	Employer (A)		
Florida Retirement System, Regular Florida Retirement System, Elected County Officers Florida Retirement System, Senior Management Service	3.00 3.00 3.00	3.30 8.34 4.67		

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 percent of payroll and by forfeited benefits of Investment Plan members. For the fiscal year ended June 30, 2016, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

### II. Detail Notes on All Activities and Funds (continued)

### E. Pension Obligations (continued)

### 3. Defined Contribution Pension Plan (continued)

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lumpsum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's FRS Investment Plan contributions and pension expense (not including the 1.66 percent HIS Program Contributions or employee contributions) totaled \$1,936,558 for the fiscal year ended June 30, 2016. Employee contributions totaled \$1,624,443 for the same period.

### 4. Payables to Pension Plan

Included in the amounts reported as Due to Other Governments is \$6,050,006 payable to the FRS. The amount is for required contributions based on June 2016 payroll not remitted to the plan until July 2016 and is reported in the General Fund, as well as in the Governmental Activities column on the Statement of Net Position. The amount included both employee contributions withheld in the month of June, as well as the required employer contributions on June payroll, for all FRS-related plans, as follows:

	Employee Withholding	Employer Benefit	Total Payable To
Payable to Pension Plan:	Contributions	Contributions	Pension
Defined Benefit Plans:			
FRS Pension Plan	\$ 1,239,622	\$ 3,151,075	\$ 4,390,697
HIS Pension Plan	-	946,695	946,695
Defined Contribution Plans:			
FRS Investment Plan	338,339	374,275	712,614
Total	\$ 1,577,961	\$ 4,472,045	\$ 6,050,006

### 5. Allocation of Pension-Related Amounts to Proprietary Funds

No pension-related amounts were allocated to the Extended Day Program Enterprise Fund because the fund was closed at the beginning of the fiscal year. The District does not expect the fund to repay any portion of the net pension liability as required by GASB *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 1500.102.

Management believes allocation of pension-related amounts to any internal service funds to be inappropriate, as these funds are not trying to allocate pension expense to the user funds. In addition, management believes the proportionate amounts that would be allocated based on FRS-eligible payroll to be immaterial to the internal service funds.

### II. Detail Notes on All Activities and Funds (continued)

#### F. Other Postemployment Benefits (OPEB) Obligations

**Plan Description**. The Other Postemployment Benefits Plan (OPEB Plan) is a singleemployer defined benefit plan administered by the District. Pursuant to the provisions of Section 112.0801, Florida Statutes, employees who retire from the District are eligible to participate in the District's health and hospitalization plan for medical, prescription drug, and life coverage. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB Plan on average than those of active employees. The District does not offer any explicit subsidies for retiree coverage. Retirees are assumed to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. The OPEB Plan does not issue a stand-alone report, and is not included in the report of a public employee retirement system or other entity.

*Funding Policy*. Plan contribution requirements of the District and OPEB Plan members are established and may be amended through recommendations of the Insurance Committee and action from the Board. The District has not advance-funded or established a funding methodology for the annual OPEB costs or the net OPEB obligation, and the OPEB Plan is financed on a pay-as-you-go basis. For the 2015-16 fiscal year, 2,064 retirees received other postemployment life insurance benefits and 460 received other postemployment health insurance benefits. The District provided required contributions of \$1,721,004 toward the annual OPEB cost, net of retiree contributions totaling \$5,055,385. The amount paid by the District represents 0.52 percent of covered payroll. The amount paid by retirees represents 1.53 percent of covered payroll.

Annual OPEB Cost and Net OPEB Obligations. The District's annual OPEB cost (expense) is calculated based on the annual required contributions (ARC), an amount actuarially determined in accordance with parameters of GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions. The ARC represents a level of funding that if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years. The following table shows the District's annual OPEB cost for the fiscal year, the amount actually contributed to the OPEB Plan, and changes in the District's net OPEB obligation:

Normal cost (service cost) Amortization of unfunded actuarial accrued liability Interest on normal cost and amortization Actuarially determined contribution (ARC)	\$ 2,235,926 2,158,824 87,896 4,482,646
Interest on net OPEB obligation Adjustment to actuarially determined contribution Annual OPEB cost	 504,147 (1,399,538) 3,587,255
Less: Contributions made Change in net OPEB obligation	 1,721,004 1,866,251
Net OPEB obligation, beginning Net OPEB obligation, ending	\$ 25,207,365 27,073,616

### II. Detail Notes on All Activities and Funds (continued)

### F. Other Postemployment Benefits (OPEB) Obligations (continued)

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the OPEB Plan, and the net OPEB obligation as of June 30, 2016, and the two preceding fiscal years, were as follows:

Fiscal Year Ended	Annual	Employer	Percent	Net OPEB
June 30,	OPEB Cost	Contributions	Contributed	Obligation
2016	\$ 3,587,255	\$ 1,721,004	47.98%	\$ 27,073,616
2015	3,825,549	2,089,960	54.63%	25,207,365
2014	5,781,907	1,887,279	32.64%	23,471,776

*Funded Status and Funding Progress*. The funded status of the plan as of July 1, 2015, the most recent valuation date, was as follows:

Actuarial accrued liability (AAL)	\$ 41,085,017
Actuarial value of plan assets	-
Unfunded actuarial accrued liability (UAAL)	\$ 41,085,017
Funded ratio (actuarial value of plan assets/AAL)	0.00%
Funded ratio (actuarial value of plan assets/AAL) Covered payroll (active plan members)	\$ 0.00% 329,856,974

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, future insurance election rates, mortality, and healthcare cost trends. Amounts determined regarding the funded status of the OPEB Plan and the annual required contributions of the employer are subject to continual revision, as actual results are compared with past expectations and new estimates are made about the future. The required schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of OPEB Plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

**Actuarial Methods and Assumptions**. Projections of benefits for financial reporting purposes are based on the substantive OPEB Plan provisions, as understood by the employer and participating members, and include the type of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effect of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

# II. Detail Notes on All Activities and Funds (continued)

# F. Other Postemployment Benefits (OPEB) Obligations (continued)

The ARC for the OPEB Plan was determined as part of the actuarial valuation using the following methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level dollar, closed
Amortization Period, Original	30 years
Amortization Period, Remaining	22 years
Asset Valuation Method	N/A

35-39	10.72%	60-64	2.81%		

# II. Detail Notes on All Activities and Funds (continued)

### G. Construction and Other Significant Commitments

**Encumbrances.** Appropriations in governmental funds are encumbered upon issuance of purchase orders for goods and services. Even though appropriations lapse at the end of the fiscal year, unfilled purchase orders of the current year are carried forward and the next year's appropriations are likewise encumbered.

The following is a schedule of encumbrances at year-end:

	Debt Service - Certificates of	Other Capital	Nonmajor	Total
General Fund	Participation Fund	Improvement Funds	Governmental Funds	Governmental Funds
\$ 9,060,959	\$ -	\$ 4,314,337	\$ 11,285,879	\$ 24,661,175

Remainder of this page was intentionally left blank.

Engineering and Technical Services	103,723	90,803	12,920
	\$ 32,259,557	\$ 20,520,633	\$ 11,738,924

### II. Detail Notes on All Activities and Funds (continued)

#### H. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Workers' compensation, automobile liability, professional liability, and general liability coverage are being provided on a self-insured basis up to specified limits. The District entered into agreements with various insurance companies to provide specific excess coverage of claims amounts above the stated amount on an individual claim basis and aggregate excess coverage when total claims minus specific excess coverage exceeds the loss fund established annually by the District. The District contracted with an insurance administrator to administer these self-insurance programs, including the processing, investigating, and payment of claims.

The District retains \$500,000 per occurrence for workers' compensation liability, \$100,000 per occurrence for errors and omissions exposure and \$200,000 per occurrence for automobile and general liability exposures. The District retains \$100,000 per occurrence for property damage other than named storms (hurricanes, etc.); for named storms the District's retention is 5 percent of the total insured value per building, with a per claim cap of \$15,000,000. Settled claims resulting from risks described in this section have not exceeded commercial insurance coverage for the past three fiscal years.

The District provides coverage for health and hospitalization through a self-insurance program administered by an outside provider. Coverage for prescription drugs is provided through a self-insurance program administered by an outside provider.

Both health and hospitalization claims and prescription drug claims are limited to a specified amount per person and/or per plan year, due to stop-loss insurance coverages being purchased from a commercial insurance provider. The first stop-loss insurance coverage is individual stop-loss coverage that reimburses claims in excess of \$350,000 per person per plan year, including prescription drug claims. No excess insurance coverage was purchased for the prescription drug self-insurance program prior to December 31, 2015.

The District reports the self-insurance programs in the Internal Service Funds. Amounts are transferred from the General Fund to the Internal Service Funds to provide sufficient resources to cover claims incurred, pay for the purchase of excess and/or stop-loss insurance, pay for risk management personnel expenses and pay the insurance service agent's administrative fee.

A liability in the amount of \$9,372,156 was actuarially determined to cover outstanding claims and estimated incurred, but not reported, insurance claims payable for the Self-Insurance -Casualty, Liability, and Workers' Compensation Fund, at June 30, 2016, and is net of \$124,180 of excess insurance recoverable on unpaid claims. A liability in the amount of \$4,870,833 was actuarially determined to cover outstanding claims and estimated incurred, but not reported, insurance claims payable at June 30, 2016, for the Self-Insurance - Health Fund. Because the District was previously self-insured only for prescription drugs, and is now self-insured for below health and hospitalization, as well as prescription drugs, (as previously described) this represents a significant change in the liability, as well as the claims incurred and claims payments.

### II. Detail Notes on All Activities and Funds (continued)

### H. Risk Management (continued)

The estimates of the insurance claims payable also include allocated loss adjustment expenses (incremental claims adjustment expenses). Allocated loss adjustment expense provides for all expenses associated with the handling and settling of claims that can be directly attributable to a particular claim. Such expenses typically include legal fees, investigatory expenses, expert witness fees, etc. No other costs associated with the District's insurance program have been considered in determining the insurance claims payable.

The following schedules represent the changes in claims liability for the past two fiscal years for the District's Self-Insurance Programs:

### Casualty, Liability, and Workers' Compensation Self-Insurance Fund:

				Current				
	E	Balance at	Ye	ear Claims	С	urrent Year	E	Balance at

Remainder of this page was intentionally left blank.

### II. Detail Notes on All Activities and Funds (continued)

### I. Long-Term Liabilities

### 1. Certificates of Participation

The District entered into a financing arrangement on April 1, 1994, characterized as a leasepurchase agreement, with the Seminole School Board Leasing Corporation, Inc., whereby the District secured financing of various educational facilities and equipment in the total amount of \$309,270,000. This financing was accomplished through the issuance of Certificates of Participation, Series 1994A for \$80,230,000; Series 1994B for \$33,165,000; Series 1998A for \$76,870,000; Series 2003B for \$36,015,000; Series 2004A for \$35,020,000; Series 2006A for \$27,295,000; and Series 2009A for \$20,675,000 to be repaid from the proceeds of rents paid by the District.

		Ground	Lease
Certificates of Participation	Refunded by	Commencement Date	Run Through (1)
Series 1994A	Series 2007A	April 1, 1994	June 30, 2024
Series 1994B	Series 2015A	November 1, 1994	June 30, 2026
Series 1998A	Series 2016A	February 1, 1998	June 30, 2028
Series 2003B	Series 2012A	November 1, 2003	June 30, 2029
Series 2004A	Series 2012B	August 25, 2004	June 30, 2034
Series 2006A	Series 2014A	April 1, 2006	June 30, 2036
Series 2009A	Series 2016B	May 1, 2009	June 30, 2034

The District has the following ground leases at June 30, 2016:

Note 1: Ground leases run until the Certificates are paid or the date shown, whichever is the earliest.

The District properties included in the ground leases under this arrangement include:

#### Refunding Series 2007A Certificates

Winter Springs High School Educational Services Center South Seminole Middle School Lake Howell High School Additions Wicklow Elementary School Seminole High School (Health Academy)

#### Partially Refunded Series 2009A Certificates

Endeavor Special Needs Center School Bus Parking Facility District Alternative Discipline Program Center

### II. Detail Notes on All Activities and Funds (continued)

### I. Long-Term Liabilities (continued)

### 1. Certificates of Participation (continued)

As a condition of the financing arrangement, the District has given ground leases on District property to the Seminole School Board Leasing Corporation, Inc., with rental fees of \$1 per year. The properties covered by the ground leases are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the leases and to provide for the rent payments through to term, the District may be required to surrender the sites included under the Ground Lease Agreement for the benefit of the securers of the certificates for a period of time as specified by the arrangements.

Certificates of Participation at June 30, 2016, are as follows:

				Remaining	
				Interest	
	Amount		Amount	Rates	Annual
Series	lssued	(	Dutstanding	(Percent)	Maturity To
Refunding Series 2007A	\$ 53,865,000	\$	16,130,000	4.00 - 5.00	2019
Refunding Series 2012A	27,095,000		20,740,000	3.00 - 5.00	2024
Refunding Series 2012B	28,885,000		26,095,000	3.00 - 5.00	2029
Refunding Series 2014A	20,455,000		20,110,000	3.00 - 5.00	2031

Certificates of Participation, Refunding Series 2016B, were used to refund portions of the Certificates of Participation, Series 1998A. Certificates of Participation, Refunding Series 2016B, were used to refund portions of the Certificates of Participation, Series 2006B, which were used to refund Certificates of Participation, Series 1998A. Certificates of Participation, Refunding Series 2016B, were used to refund portions of the Certificates of Participation, Series 2009A.

### II. Detail Notes on All Activities and Funds (continued)

### I. Long-Term Liabilities (continued)

### 1. Certificates of Participation (continued)

The lease payments are payable by the District semiannually, on January 1 and July 1. The following is a schedule by years of future minimum lease payments under the lease agreements, together with the present value of the minimum lease payments as of June 30, 2016:

Fiscal Year Ending	 Ce	Certificates of Participation					
June 30,	Principal		Interest	Total			
2017	\$ 16,475,000	\$	5,184,008	\$	21,659,008		
2018	17,050,000		4,621,081		21,671,081		
2019	17,700,000		3,960,767		21,660,767		
2020	13,730,000		3,262,818		16,992,818		
2021	14,185,000		2,794,678		16,979,678		
2022-2026	42,980,000		7,536,075		50,516,075		
2027-2031	19,910,000		1,925,701		21,835,701		
Total minimum							
lease payments	\$ 142,030,000	\$	29,285,129	\$	171,315,129		

# 2. Bonds Payable

Bonds payable, consisting solely of State School Bonds, at June 30, 2016, are as follows:

Queine	Amount	C	Amount	Remaining Interest Rates	Annual Maturity Ta
Series	 lssued		outstanding	(Percent)	Maturity To
State school bonds:					
Refunding Series 2009-A	\$ 1,245,000	\$	440,000	5.00	2019
Refunding Series 2010-A	575,000		405,000	4.00 - 5.00	2022
Refunding Series 2011-A	3,030,000		850,000	3.00 - 5.00	2023
Refunding Series 2014-A	925,000		827,000	3.00 - 5.00	2025
Refunding Series 2014-B	1,466,000		1,046,000	2.00 - 5.00	2020
Series 2008-A	 6,875,000		5,400,000	4.25 - 5.00	2028
Total bonds payable	\$ 14,116,000	\$	8,968,000		

The various issues of State School Bonds were issued to finance capital outlay projects of the District or refund previously issued State School Bonds. These bonds are issued by the State Board of Education on behalf of the District. The bonds mature serially, and are secured by a pledge of the District's portion of the state-assessed motor vehicle license tax. The state's full faith and credit is also pledged as security for these bonds. Principal and interest payments, investment of Debt Service fund resources, and compliance with reserve requirements are administered by the State Board of Education and the State Board of Administration.

# II. Detail Notes on All Activities and Funds (continued)

### I. Long-Term Liabilities (continued)

### 3. Defeased Debt and Refunding

On April 4, 2016, the Board entered in an arrangement to forward refund all of the District's outstanding Certificates of Participation, Refunding Series 2006B. This refunding was accomplished through the issuance and direct placement of \$31,415,000 of Certificates of Participation, Refunding Series 2016A, all with an interest rate of 2.28 percent. At the time of closing, the District also contributed \$3,517,488 into escrow for the refunding arrangement. The principal and additional contribution were used to advance refund the \$34,045,000 principal amount of the District's Certificates of Participation, Refunding Series 2006B, that mature after July 1, 2016. The net proceeds and additional contribution of \$34,809,136 (after payment of \$123,351 in underwriting fees, and other issuance costs) were placed in an irrevocable trust to provide for the principal and interest payments on the Certificates of Participation, Refunding Series 2006B, maturing on July 1, 2016, and to call all outstanding Certificates of Participation, Refunding Series 2006B, maturing after July 1, 2016, on July 1, 2016. As a result, \$34,045,000 of the Certificates of Participation, Refunding Series 2006B, are considered to be in-substance defeased and the liability for these bonds has been removed from the government-wide financial statements.

On April 4, 2016, the Board entered in an arrangement to refund a portion of the District's Certificates of Participation, Series 2009A. The Certificates of Participation, Series 2009A, were partially refunded to reduce its total debt service payments over the next 13 years by an annual savings of \$1,328,386, for a net present value savings of approximately \$1,156,633 (present value to April 4, 2016 @ 2.24%). The refunding was accomplished through the issuance of \$14,000,000 of Certificates of Participation, Refunding Series 2016B, with an average effective interest rate of 2.24 percent. The principal was used to advance refund \$12,470,000 principal amount of the District's Certificates of Participation, Series 2009A, that mature after July 1, 2020. The net proceeds of \$14,056,936 (after payment of \$99,320 in underwriting fees, and other issuance costs) were placed in an irrevocable trust to provide for the principal and interest payments on the Certificates of Participation, Series 2009A, maturing on July 1, 2020. As a result, \$12,470,000 of the Certificates of Participation, Series 2009A, are considered to be in-substance defeased and the liability for these bonds has been removed from the government-wide financial statements.

payable	13,513,423	47,772,992	(47,043,426)	14,242,989	8,002,630		6,240,359
Net pension liability	148,166,311	60,943,277	-	209,109,588	205,224,084		3,885,504
Other postemployment benefits payable	25,207,365	3,587,255	(1,721,005)	27,073,615	27,073,615		-
Total long-term liabilities	\$ 387,813,324	\$ 179,258,636	\$ (128,949,857)	\$ 438,122,103	\$ 405,718,781	\$	32,403,323

Compensated absences, net pension liability and other postemployment benefits are generally liquidated with resources of the General Fund. The estimated insurance claims are generally liquidated with resources of the Internal Service Funds.

### J. Interfund Payables and Receivables

The following is a summary of interfund payables and receivables reported in the fund financial statements:

Funds	_	ue From ner Funds	Due To Other Funds		
Major:					
General Fund	\$	-	\$ 458,941		
Nonmajor governmental funds		4,789	18,525		
Internal service funds		472,677	-		
Total	\$	477,466	\$ 477,466		

The majority of the interfund payables and receivables represent the cash overdrafts for various funds that were covered by cash held by other funds and will be repaid within 12 months. The remaining interfund balances are operational in nature involving unreimbursed sales between funds and will be paid within 12 months.

### II. Detail Notes on All Activities and Funds (continued)

### K. Revenues

### Property Taxes

The following is a summary of millages and taxes levied on the 2015 tax roll for the 2015-16 fiscal year:

	Millages	Taxes Levied
General Fund		
Nonvoted school tax:		
Required local effort	4.901	\$ 146,183,363
Discretionary operating	0.748	22,310,785
Voted school tax:

### L. Interfund Transfers

The following is a summary of interfund transfers reported in the fund financial statements:

Funds		Transfers In	Transfers Out		
Major:					
General Fund	\$	11,582,411	\$	4,000,000	
Debt service fund:					
Certificates of Participation		21,930,000		-	
Capital projects fund:					
Other Capital Improvement Funds	-			2,707,035	
Enterprise fund:					
Extended Day Program		-		1,003,342	
Nonmajor governmental funds		-		29,554,000	
Internal service funds		4,000,000		248,034	
Total	\$	37,512,411	\$	37,512,411	

The majority of the transfers out of the capital project funds and nonmajor governmental funds were to provide debt service principal and interest payments and to assist in funding maintenance operations of the District. The remaining transfers between funds were operational in nature.

# III. Summary Disclosure of Significant Contingencies

# A. Litigation

The School Board is a defendant in various lawsuits at fiscal year-end. Although the outcome of these lawsuits cannot presently be determined, in the opinion of the District's legal counsel, the resolution of these matters will not have a material adverse effect on the financial position of the District.

### **B.** Other Loss Contingencies

The District received financial assistance from Federal and State agencies in the form of grants and appropriations. The disbursement of funds received under these programs generally requires compliance with specified terms and conditions and is subject to final determination by the applicable Federal and State agencies. Any disallowed claims should become a liability of the General Fund or other applicable funds. The amount of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although District management anticipates such amounts, if any, will be immaterial.

### DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA Notes to the Required Supplementary Information For the Year Ended June 30, 2016

### 1. Schedule of Funding Progress – Other Postemployment Benefits Plan

The July 1, 2015, actuarial accrued liability of \$41,085,017 was slightly higher than the July 1, 2014, liability of \$40,062,115 by \$1,022,902. Changes in actuarial assumptions are described below (all items explain changes from the July 1, 2014 to the July 1, 2015 valuation date):

- Starting July 1, 2015 forward, the actuary used the methodology of Entry Age Normal cost method for the evaluation. This method will be required to comply with GASB-75 by 2018. In previous years, the actuary used the Projected Unit Credit actuary cost method. The Entry Age Normal actuarial cost method spreads gains/losses over several years and thereby reduces year-to-year fluctuations in the results.
- The assumed healthcare cost trend rates were revised based on the District's recent average retiree medical rate increase effective July 1, 2016. The disclosed rates can be found in the notes to the financial statements II.F. Projections for short-term rates and updated trend outlooks are promulgated by the Society of Actuaries for long-term rates. The assumed short-term trend rates increased versus the prior actuarial valuation. The long-term rates were adjusted slightly up and down versus the prior year actuarial valuation.
- The assumed acceptance rate for post-retirement insurance remain the same versus the prior year actuarial valuation. The assumed acceptance rate is based on the District's actual experience over the most recent five years. The assumed acceptance rate for post-retirement insurance for pre-Medicare age retirees is 54.0% and the assumed acceptance rate Medicare age retirees is 12.5%. Both rates remained unchanged versus the prior year actuarial valuation.
- The assumed duration of post-retirement insurance is on a weighted average basis using a historical experience for Medicare age retirees. The assumed retirement age of 61 remained unchanged from the prior year actuarial valuation.
- The discount rate of 2% remained unchanged from the prior year actuarial valuation.
- The assumed non-retirement turnover ratio remained unchanged versus the prior year actuarial valuation. The rates can be found in the notes to the financial statements II.F. The rate is determined in five-year increment age bands and is in line with the District's historical experience.
- Mortality assumptions are used to project the expected number of employees who will be receiving benefits each year in the future. The actuary used the RP-2014 mortality table (combined healthy lives) with the projected mortality. This was the same mortality assumptions that were used in last year's analysis.
- Other changes in actuarial assumptions were also made in the current year that did not result in significant changes to the actuarially determined accrued liability, including a small change in rate of inflation. Inflation rate used for July 1, 2015 was 2.3 percent, as compared to the prior year of 2.2 percent. This was an increase of 0.1 percent.

This page was intentionally left blank.

# OTHER SUPPLEMENTARY INFORMATION – COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

# Other Supplementary Schedule General Fund

The General Fund budgetary comparison statement presented within the basic financial statements was presented at a summary level that is higher than which the District has budgetary control. Therefore, a more detailed budgetary comparison schedule is provided as part of the other supplementary schedules to demonstrate the District's compliance with its legal level of budgetary control (i.e., the object level within each function) for the General Fund.

The General Fund is the primary operating fund of the District. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in the General Fund. The General Fund is reported as a major governmental fund.

# Other Supplementary Schedules Governmental Funds other than General Fund

# **Combining Statements**

Included in the other supplementary schedules are combining statements for nonmajor governmental funds. These statements provide information on each individual nonmajor governmental fund that aggregates to the total presented as nonmajor governmental funds on the basic financial statements.

# Individual Budgetary Comparison Schedules

Also included in the other supplementary schedules are budgetary comparison schedules for all governmental funds.

For nonmajor special revenue funds, all debt service funds, and all capital projects funds, budgetary comparison statements were not presented as part of the basic financial statements. Budgetary comparison schedules are presented as part of the other supplementary schedule for each of these funds to demonstrate the District's compliance with its budget in each fund.

# Nonmajor Governmental Funds

# Special Revenue Funds

The Special Revenue Funds account for certain revenues derived from the State of Florida, the Federal Government and other local and private sources that are required to finance designated activities.

**Contract Programs Fund** – To account for and report on activities of various programs and grants received from various Federal, State and other funding sources according to the specifications and requirements of each funding source.

**Food Service Fund** – To account for and report on activities of the food service program in serving breakfast and lunch at the schools.

# **Debt Service Funds**

The Debt Service Funds are used to account for the payment of interest and principal of the current portion on long-term debt.

**State Board of Education (SBE) Bond Fund** – To account for and report on payment of principal, interest, and related costs on the state school bonds issued by the State Board of Education on behalf of the District. These bonds are payable from the District's portion of the state-assessed motor vehicle license tax.

# Capital Projects Funds

The Capital Projects Funds are used to account for the financing and acquisition or construction of major capital facilities, such as new school buildings or additions to existing buildings, or for major renovation projects.

**Capital Outlay & Debt Service Fund** – To account for and report on the dollars received through the State's Capital Outlay & Debt Service (CO&DS) program, used for construction and maintenance of schools.

**Public Education Capital Outlay Fund –** To account for and report on the dollars received through the State's Public Education Capital Outlay program, used for construction and maintenance of schools.

**Capital Projects - §1011.71(2) Local Capital Improvement Tax Fund –** To account for and report on the dollars that are levied by the District school board against the taxable value of property, used to finance projects that are advertised for expenditures pursuant to this authority.

# Internal Service Funds

Internal Service Funds are nonmajor proprietary funds and are reported as governmental activities. They are used to account for the financing of goods or services provided by one department to other departments within the school district on a cost-reimbursement basis. The following funds are included in the Internal Service Funds:

**Self-Insurance – Casualty, Liability, etc. –** To account for the financial activities of the District's self-insured property, casualty, liability, and workers' compensation program.

**Self-Insurance – Health –** To account for the financial activities of the District's self-insured employee prescription, health and hospitalization insurance program.

**Print Shop** – To account for the financial activities of the District's print center operations.

**Computer Store –** To account for the financial activities of the District's centralized computer purchase, preparation and software installation program.

# Fiduciary Funds - Agency Funds

Agency Funds are Fiduciary Funds and are used to account for resources held by the District in a trustee capacity or as an agent for individuals or private organizations. These resources include student and club activities funds that are held in trust for student, athletic, class, club activities, etc.; other resources held in trust for a voluntary employee benefits program.

# Nonmajor Discretely Presented Component Units

The component units columns in the basic financial statements include the financial data of the District's nonmajor discretely presented component units.

**Choices in Learning, Inc.**, **Galileo School for Gifted Learning, UCP Seminole Charter School**, and **Seminole Science Charter School** (Charter Schools) are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes. The Charter Schools operate under a charter approved by their sponsor, the District School Board of Seminole County. In accordance with a ruling by and requirement of the Florida Department of Education, the Charter Schools are included as component units of the District. According to the Florida Department of Education, the Charter Schools are fiscally dependent on the District for their tax levy and the majority of their budget and create a financial burden on the District because the Charter Schools' full-time equivalent (FTE) student enrollment is the basis for the District to provide funding to the Charter Schools.

**The Foundation for Seminole County Public Schools, Inc.** (Foundation) is a not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to raise funds; receive, hold, invest, and administer property; and to make expenditures for the benefit of the District. Section 1001.453, Florida Statutes, requires the Foundation to be authorized and approved by the District. Because of the nature and significance of its relationship with the District, the Foundation is considered a component unit. The Foundation has its own staff and does not provide services entirely or nearly entirely to the District and, therefore, is discretely presented, rather than blended.

# STATISTICAL SECTION (UNAUDITED):

Statistical schedules differ from financial statements because they usually cover more than one fiscal year and may present non-accounting data. These schedules reflect social data, economic data, and financial trends of the District School Board of Seminole County, Florida.

This page was intentionally left blank.

# **Statistical Schedules**

This part of the District School Board of Seminole County, Florida's Comprehensive Annual Financial Report presents detail information as a context for understanding what the information in the financial statements, notes disclosures and required supplementary information says about the School Board's overall financial health. Below is a summary of the components and purpose for the tables provided herein.

Contents	Pages
Financial Trend Information	144 – 163
These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	
Revenue Capacity Information	164 – 169
These schedules contain information to help the reader assess the District's most significant local revenue source, property taxes.	
Debt Capacity Information	170 – 175
These schedules present information to help the reader assess the affordability of the District's current level of outstanding debt and the District's ability to issue additional debt in the future.	
Demographic and Economic Information	176 – 177
These schedules contain demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	
Operating Information	178 – 185
These schedules contain service data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Source: District records

Notes:

- (1) During the fiscal year ending June 30, 2006, two new function/program expenditures classifications were established to report technology expenditures previously reported in central services.
- (2) In fiscal years ending prior to June 30, 2014, class size reduction funding was presented as an operating contribution to instruction. Pursuant to State Statute, this amount is not restricted to this function, and has been restated to be reported as other state sources general revenues for all periods presented.
- (3) In fiscal years ending prior to June 30, 2015, federal grant related revenues were presented as a general revenue to the District. It was previously determined that because federal revenues were not restricted to a certain function reported by the District that this was the correct manner to report federal grants. For the fiscal year ending June 30, 2015, all federal revenues have been reclassified to be operating grant program revenues to the functions that they relate to. Pursuant to GASB Implementation Guide Question 7.34.3, while federal grant revenues are not restricted by function, they are restricted to specific programs, and should still be reported as operating grants program revenues. All prior periods presented have also been restated to be report amounts of federal grant revenues as operating grant program revenues.
- (4) During the fiscal year ended June 30, 2015, GASB Statement No. 68 was implemented, resulting in adjustments to beginning net position. Periods previous to that fiscal year have not been adjusted for these changes.
- (5) During the fiscal year ended June 30, 2014, a restatement of net position for governmental activities was reported due to changes in accounting principles and prior period adjustments. Periods prior to June 30, 2014 have not been adjusted for these changes.
- (6) During the fiscal year ended June 30, 2013, GASB Statement Nos. 63 and 65 were implemented, resulting in adjustments to beginning net position. Periods previous to that fiscal year have not been adjusted for these changes.

Source: Seminole County Tax Collector

Notes:

- (1) Net of allowable discounts
- (2) Property Taxes become due and payable on November 1 of each year. A four percent discount is allowed if taxes are paid in November, with the discounts declining by one percent each month thereafter. Accordingly, taxes collected will never be one hundred percent of the tax levy. Taxes become delinquent on April 1 of each year and tax certificates for the full amount of any unpaid taxes and assessments must be sold not later than June 1 of each year. Accordingly, majority of taxes are collected in the fiscal year levied, as current year tax certificates are included in current tax collections.

Note:

<sup>(1)</sup> Overlapping debt is that of local governments and Seminole County which apply to property owners within the County. Not all overlapping debt applies to all county property owners. The municipality rates apply only to the property owners in each of the county's seven cities. This estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents of the county. This process recognizes that, when considering the county's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and therefore responsible for repaying the debt, of each overlapping government. The municipalities listed above are 100% within the boundary of the Seminole County and the School District.

## DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA Anticipated Capital Outlay Millage Levy Required to Cover Certificates of Participation Payments Last Ten Fiscal Years (Unaudited)

Fiscal Year	Taxable Assessed Value thousands)	Ar	nnual Lease Payment	Millage Levy to Provide 1.00x Coverage (1)

2006-07	29,848,521		24,324,556	0.858 Mills

Sources: Seminole County Tax Collector, District records

#### Notes:

- Millage rate calculated using ninety-five percent of the taxable assessed valuation prior to the 2010-11 fiscal year and ninety-six percent after the 2009-10 fiscal year.
- (2) Capital lease arrangements financed by Certificates of Participation are not considered general obligation debt, as no specific property tax levy has been pledged.

Sources:

(1) Population was obtained from the United States Department of Commerce, Bureau of Economic Analysis for the 2005-06 through 2012-13 fiscal years and from the United States Census Bureau for the 2013-14 and 2014-15 fiscal years. Personal Income and Per Capita Personal Income were obtained from the United States Department of Commerce, Bureau of Economic Analysis for the 2005-06 through 2013-14 fiscal years and was estimated for the 2014-15 and 2015-16 fiscal years based on the previous fiscal years respectively and the Statewide growth rate projected by the State of Florida Office of Economic & Demographic Research. Due to revision by the Bureau of Economic Analysis, Personal Income and Per Capita Personal Income has been restated for all prior fiscal years.

(2) Unemployment Rates are the average monthly rate for the fiscal year and were obtained from the Florida Research and Economic Information Database. Due to revision by the Florida Research and Economic Information Database, Unemployment Rates have been restated for all prior fiscal years.

(3) District records

Note:

(4) Calculated by dividing government-wide governmental activities expenses by student enrollment

Notes:

(1) Original date that the school was placed in service. This date does not reflect additions, renovations, or remodeling.

- (2) Square footage is current and includes portables.
- (3) The method of calculating Full-Time Equivalent (FTE) enrollment changed starting in the 2013-14 fiscal year to establish a maximum of one FTE and to prorate student enrollment in excess of one FTE between the school district, community college, and virtual school attendance.

Notes:

(1) For the 2009-10 and 2010-11 fiscal years, American Recovery and Reinvestment Act funds were included on this schedule; however, the funds were reported in a separate Special Revenue fund. These funds were used to replace State FEFP funds and other revenues from the State usually accounted for in the General Fund.

(2) The method of calculating Full-Time Equivalent (FTE) enrollment changed starting in the 2013-14 fiscal year to establish a maximum of one FTE and to prorate student enrollment in excess of one FTE between the school district, community college, and virtual school attendance.

## DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA Notes to the Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2016

## 1. Summary of Significant Accounting Policies

## **Basis of Presentation**

The Schedule of Expenditures of Federal Awards represents amounts expended from Federal programs during the 2015-16 fiscal year as determined based on the modified accrual basis of accounting. The amounts reported on the Schedule have been reconciled to and are in material agreement with amounts recorded in the District's accounting records from which the basic financial statements have been reported. The District did not elect to use the 10 percent de minimis cost rate as covered by 2 CFR 200.414.

## **Grant Contingency**

The grant revenue amounts received are subject to audit and adjustments. If any expenditures are disallowed by the grantor agencies as a result of such an audit, any claim for reimbursement to the grantor agencies would become a liability of the District. In the opinion of management, all grant expenditures are in compliance with the terms of the grant agreement and applicable federal and state laws and regulations.

## 2. Noncash Assistance - National School Lunch Program

Included in the amount reported for National School Lunch Program was \$2,079,645 of donated food received during the 2015-16 fiscal year. Donated food is valued at fair value as determined at the time of donation.

## 3. CFDA Totals

(a) Total expenditures for CFDA 84.027 were \$ 12,404,077.

## 4. Direct Award Grant Numbers

- (a) The DOD, NDEP, DOTC-STEM Education Outreach Implementation grant awarded directly from the United States Department of Defense is provided under agreement number N61340-16-2-0001.
- (b) The Magnet Schools Assistance grant awarded directly from the United States Department of Education is provided under agreement number U165A130023.
- (c) JAVITS Gifted & Talented Students Education grant awarded directly from the United States Department of Education is provided under agreement number S206A150014
- (d) The Retired and Senior Volunteer Program grants awarded directly from the Corporation for National and Community Service are provided under agreement 15SRSFL011.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Chairman and Members of The District School Board of Seminole County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District School Board of Seminole County, Florida (the "District") as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 1, 2016. Our report includes a reference to other auditors who audited the financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Chairman and Members of The District School Board of Seminole County, Florida

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pursuant to provisions of Chapter 10.800, *Rules of the Auditor General*, we reported certain matters to management of the District in a separate management letter and Independent Accountant's Report dated November 1, 2016.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Chairman and Members of The District School Board of Seminole County, Florida

## **Report on Compliance for Each Major Federal Program**

We have audited the compliance of the District School Board of Seminole County, Florida (the "District") with the types of compliance requirements described in the U.S. Office of Management and Budget *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2016. The District's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

## Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

## Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

### **Opinion on Each Major Federal Program**

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Chairman and Members of The District School Board of Seminole County, Florida

## **Report on Internal Control over Compliance**

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance with a type of compliance control over compliance with a type of compliance is a deficiency or compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the basic financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated November 1, 2016, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements included disclosures regarding our reference to the reports of other auditors. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis, as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Chairman and Members of The District School Board of Seminole County, Florida

## Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance (Cont.)

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This section contains the following subsections:

- Independent Accountant's Report
- Independent Auditor's Management Letter

## INDEPENDENT ACCOUNTANT'S REPORT

Chairman and Members of The District School Board of Seminole County, Florida

We have examined the District School Board of Seminole County, Florida's (the "District") compliance with the requirements of Section 218.415, Florida Statutes, during the fiscal year ended June 30, 2016. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the fiscal year ended June 30, 2016.

## INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Chairman and Members of The District School Board of Seminole County, Florida

## **Report on Financial Statements**

We have audited the financial statements of the District School Board of Seminole County, Florida (the "District") as of and for the year ended June 30, 2016, and have issued our report thereon dated November 1, 2016.

## Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"); and Chapter 10.800, Rules of the Auditor General.

### **Other Reporting Requirements**

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and On Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control over Compliance and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance, Schedule of Findings and Questioned Costs, and our Independent Accountant's Report in accordance with the provisions of Chapter 10.800, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated November 1, 2016, should be considered in conjunction with this management letter.

## **Prior Audit Findings**

Section 10.804(1)(f)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial report. In connection with our audit, there were no findings or recommendations.

## **Financial Condition**

Section 10.804(1)(f)2., *Rules of the Auditor General*, requires a statement be included as to whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Chairman and Members of The District School Board of Seminole County, Florida

## Financial Condition (Cont.)

Pursuant to Sections 10.804(1)(f)5a. and 10.805(7), *Rules of the Auditor General*, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based, in part, on representations made by management and the review of financial information provided by the same.

## Transparency

Section 10.804(1)(f)6., *Rules of the Auditor General*, requires the that we report the results of our determination as to whether the District maintains on its web site the information specified in Section 1011.035, Florida Statutes. In connection with our audit, we determined that the District maintained on its web site the information specified in Section 1011.035, Florida Statutes.

## **Other Matters**

Section 10.804(1)(f)3., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.804(1)(f)4., *Rules of the Auditor General*, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In conjunction with our audit, we did not have any such findings.

## **Purpose of this Letter**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the District School Board members, and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.

#### Seminole County Public Schools Educational Equity - Notice of Nondiscrimination

The Educational Equity Administrator for Seminole County Public Schools has the responsibility of assuring compliance with the educational equity requirements by providing technical expertise, monitoring activities or programs related to compliance, and responding to equity complaints. One of the responsibilities is to administer the Educational Equity Complaint/Grievance Procedures as adopted by the School Board.

It is the policy of the School Board of Seminole County, Florida, that no employee, student, or applicant shall - on the basis of race, color, national origin, sex, disability, marital status, age, religion, or any other basis prohibited by law - be excluded from participating in, be denied the benefits of, or be subjected to discrimination and harassmentunderany educational programs, activities, orinany employment conditions, policies, or practices conducted by the District. Additionally, the School board of Seminole County provides equal access to public school facilities for the Boy Scouts of America and other designated youth groups as required by 34 C.F.R. 108.6.

Every employee, student, or applicant for employment at Seminole County Public Schools has a solemn right to be treated fairly, equally, equitably, and with dignity. If for any reason you - the employee, student, or applicant for employment - find that you have been victimized by acts of discrimination and or harassment, whether intentional or unintentional, you are strongly encouraged to file an Educational Equity Complaint or Grievance with the Educational Equity Administrator, or any county or school-level administrator. All such complaints must be immediately forwarded to the Educational Equity Administrator for dissemination, action, and resolution. Forward to: SCPS Educational Equity Administrator, Seminole County Public Schools, Educational Support Center, 400 E. Lake Mary Blvd., Sanford, FL 32773-7127. **(407) 320-0198**.
